Thin Pale Children

Our satisfaction in giving Scott's Emulsion to children is that the latter have no aches or pains, and that they are well satisfied. One fact is, they are never seen to be in want of food. Another satisfaction is that the children grow in size as well as in strength.

In the course of several years, I can safely say that many of our children have increased in size, and that their appearance is such as to give us entire satisfaction.

GROWTH IN height and weight is due to the fact that the children are given Scott's Emulsion. We have taken great care to see that they are well supplied with food, and have tried to see that they are not allowed to lack it.

Scott's Emulsion is a valuable preparation which has been found to be of great benefit to children.

WOMEN AS A Handout.

The time of the year when we see the most women as handouts, is the time when the trees have shed their leaves

It is the time when the women are seen in their grandeur, and when the men have to be content with their sad state

It is the time when the women are the objects of our attention, and when the men are the objects of our contempt.

It is the time when the women are the objects of our desire, and when the men are the objects of our disgust.

The women are the objects of our admiration, and the men are the objects of our wonder.

The women are the objects of our envy, and the men are the objects of our pity.

The women are the objects of our love, and the men are the objects of our loathing.

The women are the objects of our respect, and the men are the objects of our ridicule.

The women are the objects of our honor, and the men are the objects of our scorn.

The women are the objects of our gratitude, and the men are the objects of our contempt.

The women are the objects of our respect, and the men are the objects of our contempt.

The women are the objects of our love, and the men are the objects of our loathing.

The women are the objects of our admiration, and the men are the objects of our wonder.

The women are the objects of our envy, and the men are the objects of our pity.

The women are the objects of our respect, and the men are the objects of our ridicule.

The women are the objects of our honor, and the men are the objects of our scorn.

The women are the objects of our gratitude, and the men are the objects of our contempt.
