## A BLAZE OF GLORY

### Man With a Cigar Starts the Celebration.

#### AMERICAN TARS TACKLE THE JAPS

General Weyler Sends 700 Sick and Wounded Soldiers Back to Spain From Cuba.

ANDERSON, Ind., July 5.—A stranger with a lighted cigar gave Madison county probably the most extensive 4th of July display in its history.

The Trenton Oil Company, drilling north of this city, had just opened a mammoth reservoir when he appeared with his lighted cigar. The gas ignited. The flames shot forty feet into the air and could be heard for miles. The derrick was burned down in a minute. There were no valves on the casings and there is no way to shut off the gas.

All methods known, except cannon snuffing, have been tried, but the pressure is too strong. The cannon will be used tomorrow. A ball will be fired across the casing. It will blow out instantly. This is only used in extreme cases. The outfit is gone and much adjacent property is damaged.

#### A BRUTAL OUTRAGE.

An American Lady at Honolulu Severely Beaten.

VANCOUVER, B. C., July 5.—Latest mail advices from Honolulu say that Miss Nellie West, an American lady, was severely beaten by two Japanese mariners from the Japanese warship Naniwa, one evening recently, while trying to assist her brother, who had been set upon by a number of men-of-war-men of the Japanese navy. She was confined to her bed next morning and unable to appear against her assailants in the police court, where they are charged with assault and battery.

Feeling has run high over the matter. A well-known business man knocked down three Naniwa sailors on the street the following morning in consequence, while American blue jackets went hunting for the ringleaders of the Japanese who made the assault. One who was pointed out to them as being guilty was so severely beaten by them that his life now depends on the result of a delicate operation.

#### Wounded Troops Sent Home.

NEW YORK, July 5.—A dispatch to the Journal and Advertiser from Havana says:

Seven hundred ill and wounded troops have embarked for home at General Weyler's request, to make room in the hospitals for the new fever and small-pox victims, who are stricken down from day to day.

Miss Wilberforce still hopes to persuade General Weyler to permit the reception at the hospitals and impartial treatment of wounded Cubans who are captured and held as prisoners of war awaiting court martial, sentences of death or deportation in chains.

A Jacaro Moron dispatch to El Diario de la Marino reports the defeat of a party of amazons near the central trocha and announces the capture of Senorita Florentina, their captain. The moment the news reached General Weyler at Manzanillo he telegraphed ordering her released.

#### ENDEAVOR WORK OF MRS. CLARK.

The Wife of the Leader Talks of Her Plans.

her husband at the Knutsford hotel yesterday morning full of plans for the forthcoming convention.

She will preside over two meetings for women only. One is intended to raise the spiritual standard of work of the feminine Endeavorers. The other address will be to mothers in relation to the religious care of their little ones.

"No, I have no idea of introducing a distinctive movement among women," said Mrs. Clark. "There are a few societies in the country that are made up wholly of mothers, but usually the work is for both heads of the family."

Mr. and Mrs. Clark will continue the trip to San Francisco today.

#### A RACING ACCIDENT.

David Beasley, of Astoria, Seriously Hurt at Seaside.

ASTORIA, Or., July 4.—David Beasley, an ex-policeman, and well-known citizen of Astoria, was perhaps fatally injured at Seaside today. He was watching a horse race, when one of the horses ran out of the track. Beasley endeavored to avoid the animal, but was unsuccessful, and the horse fell on him, striking him on the temple. He was rendered unconscious. Physicians state that the man is bleeding internally, and that his chances for recovery are small.

The horse threw its rider, who fell on the sand, and was not seriously injured. The animal has not yet been found.

Beasley was tonight placed in St. Mary's hospital, in this city, and is still unconscious.

Greeve, merchant of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by the use of two bottles. #### A Mysterious Case.

SAN LUIS OBISPO, Cal., July 5.—Reports reach here from Moro to the effect that Era B. Stocking, 70 years old, was found dead yesterday afternoon.

The circumstances surrounding the death are mysterious. About 4 o'clock Captain Young and Ham Burns, two residents of Moro, went to the home of Stocking to call. He was a wealthy widower, and lived by himself a short distance from Moro. At the house the visitors found no signs of life. Forcing an entrance they found Stocking's dead body just inside his door. Making an examination they found a contusion on the back of the head. There were no other signs of violence.

Deceased had large business interests, and it is feared that he was killed by some enemy.

#### IT WAS A HOT FOURTH.

One Hundred in the Shade the Record in the East.

CHICAGO, July 4.—The wave of torrid weather, under which the Central states sweltered last night, showed no abatement today. From Pittsburg to Kansas City and from Chicago south cloudless skies and a blazing sun left a record of prostrations and death which has seldom been equaled for the early days of July. Throughout the entire district the mercury registered close to 100 in the shade during the day, and the number of prostrations ran into the hundreds.

In Chicago the mercury registered close to 90 degrees the greater part of the day, and there was over a score of prostrations. At midnight a severe thunder storm swept over the city, sending the mercury down several points and bringing a welcome relief.

Two men were killed by the heat during the afternoon, Lambert Lundberg, a carpenter, and Henry Behlin, a teamster. Several other cases are critical. William Sullivan, a laborer, dropped dead in his home, in Lowe avenue, tonight, as the result of the extreme heat, making the third heat fatality today.

#### Thirteen Deaths in Cincinnati.

CINCINNATI, 4.—This has been the hottest day in the present torrid spell. The weather bureau record showed the mercury at 97 from 2 to 4 p. m. The sky was cloudless all day, and but few people ventured on the streets. Local thermometers showed from 102 to 106 in the shade during the afternoon.

While there were 50 cases of sunstroke that require removals to hospitals or their home, it is estimated that there were 50 lighter cases, the victims of which went home without assistance. Of the class requiring medical assistance ten cases are quite serious.

#### A Wedding Tour to Greenland.

NEW HAVEN, Conn., July 5.—On Tuesday next Hugo J. Lee and Miss Florence Leonard of Meriden will be united in marriage, and will immediately start on one of the most novel trips ever undertaken, the tour extending to the frozen regions of Greenland. Mr. Lee has for years been an intimate associate of Explorer Peary, and has accompanied him on his voyages to the frozen zone. This time his bride will accompany him, going with the Peary expedition, which leaves Boston about July 15th.

#### A Cincinnati Tragedy.

CINCINNATI, July 5.—Fred Neizer, a peddler 22 years old, was murdered last night by an unknown man, whose only known name is John. The men quarreled in a way rather mysterious to the police about a woman, and the unknown man cut Neizer's throat, severing the jugular vein. Neizer died in the patrol wagon a moment before he arrived at the city hospital and the body was taken to the morgue. The tragedy is more or less involved in mystery.

#### A Wealthy Man's Suicide.

SARATOGA, July 4.—Harry Parish, 60 years old, who arrived in town from New York last Thursday, was found dead in his room in a sanitarium this morning. He had committed suicide with a revolver. Parish suffered with insomnia, and yesterday remarked that he feared his affliction would dethrone his reason. He lived many years in Indianapolis, and is said to have been one of the wealthiest men of that city.

#### Will Try to Fight, Anyhow.

NEW YORK July 5.—The World says: John L. Sullivan and Bob Fitzsimmons will try to spar at Ambrose Park, South Brooklyn, this afternoon. Superintendent of Police McKelvy has not receded from the stand taken last week, and still declares that his representatives will be on hand to promptly stop the bout.

#### A Missing Aeronaut.

CHICAGO, July 5.—Evanston lifesavers are looking for a lost aeronaut. When they find him they will restore him to his balloon. The airship is riding on the surface of Lake Michigan, three miles off the Evanston station, but it is anchored and the aeronaut can have it on application.

#### Horses for the British Army.

NEW YORK, July 5.—A dispatch to the Herald from Buenos Ayres says the British military commission which came here to purchase horses for the use of the British troops at Cape Town has shipped 1400 animals.
