FUEL FAMINE IS ON

Effect of the Miners' Strike Apparent at Cleveland.

RAILWAYS CONFISCATE SUPPLIES

One Fueling Company Has Suspended, and Others Will Soon be Forced to Follow.

CLEVELAND, July 9.—The situation in this city over the coal strike is becoming desperate. The Cleveland railroads are confiscating coal from those who depend on the regular supply. The Inter-Ocean Company, one of the heaviest fueling firms on the Lakes, has only coal enough to last its customers a few days. Several other fueling firms have nearly exhausted their supply.

The Pennsylvania & Ohio Fueling company has suspended business altogether in Cleveland.

The great plant of the Cleveland Steel company closed this morning, owing to lack of fuel.

SITUATION IN ILLINOIS.

Three Thousand Miners in Wilmington District are Out.

SPRINGFIELD, Ill., July 9.—The miners' strike situation in Illinois is as follows:

All the miners in the Wilmington district, 3000 in number, are out; in Springfield district most of the miners are working; in Peoria district the miners are still working, but will meet today. The miners at Stanton and Mt. Olive have given out assurances that the Belleville miners would strike, but the Belleville men at their meeting decided to go to work.

At Carlinville there is no strike. Virden and Auburn miners struck a week ago. The miners at Assumption are out, but at Pana and Taylorville are working. At Westville, Vermilion county, the miners are out, but are at work at Danville.

None Returned to Work.

WHEELING, July 9.—It has been announced by the Wheeling & Lake Erie management that the Dillon mine would resume this morning, and that the miners would be protected by United States marshals. At the blowing of the whistles not a man entered the mine. The men decided that if it was necessary for them to be protected by United States marshals, they would not work.

Conference Was Postponed.

PITTSBURG, July 9.—The conference of labor leaders which was to be held this afternoon, adjourned until evening, owing to the nonarrival of President Batchford, who missed his train connection at Massillon, O.

An Advance Offered.

DANVILLE, July 9.—At a meeting of the Danville operators today the mine-owners agreed to offer the miners of Danville district an advance of 12 cents a ton if they would agree to remain at work.

M'KINLEY DETERMINED.

Currency Reform Message Will Be Sent to Congress.

WASHINGTON, July 9.—The main topic of discussion before the cabinet at the meeting today was the message on the subject of a currency commission which has been withheld for a few days in deference to the wishes of many prominent republicans. After considering all of the objections that had been made against the presentation of the message, the president and cabinet are still of the opinion that in order to follow the part

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Republicans in Conference.

CUBANS IN MATANZAS.

Long-Threatened Invasion of That Province Has Begun.

NEW YORK, July 9.—A Herald dispatch from Havana says:

The threatened invasion of Matanzas province by the insurgents has begun. Several large bodies of Cubans have crossed the line from Santa Clara and the strength of the force engaged in the westward movement is estimated from 4000 to 6000. La Crete and Herre, who recently crossed the Jucaro and Moron trocha and passed into Santa Clara from Camaguay, have united with other leaders, and there are now five or six chiefs, each with a considerable following, moving into Matanzas, where the insurgent forces were ordered to mobilize. Men have been summoned from the plantations around and ordered westward.

Whether the movement was ordered to embarrass General Weyler or to distract attention from General Gomez, who it supposed to be hemmed in by Spanish columns near Sancti Spiritus, is not yet clear. It may do both.

The purpose of the gathering in Matanzas is said to cover the landing of an expedition which is due in that province, and which will furnish the combined forces with some additional arms and cartridges and several rapid-fire field guns. After receiving this expedition the programme mapped out by General Gomez is for an advance across Matanzas province, and if all goes well a demonstration near the city of Havana itself.

Quintin Banderas, who recently came from the East with 1600 men, and who was in Melana del Sur two weeks ago, has gone to Matanzas. The entire force of rebels under Castillo in this province is ready to join with those in the eastern province. Duccasse and his force of 2500 to 3000 men may come from Pinar del Rio to take part in the movement.

General Calixto Garcia will remain in Santiago province, but practically all the other leaders of prominence of the insurgent side have been ordered to meet in Matanzas.

Just what opposition the Spanish troops will make to the movement is not certain. The sudden activity in the rebel ranks after the rainy season has well begun to show that they are able to move, despite the muddy condition of the roads, and frequent drenchings which they must receive. Any forced marches of large bodies of Spanish troops to head off the rebel movement must result in heavy losses from sickness, hardship and exposure.
