

THE CONFEREES AGREE

All the Tariff Differences Have Been Settled.

DEMOCRATS TO SEE BILL MONDAY

A New Sugar Schedule—Senator Aldrich Claims It Is Not a Complete Surrender.

WASHINGTON, July.—When the Republican conferees on the tariff adjourned at 6 p. m. today, the announcement was made, on behalf of each house, that they had agreed on all the items of the bill, and that the result of the partisan conference would be submitted to the Democratic members of the conference at a full meeting to be held Monday.

The announcement had been made informally to the Democratic members of the conference at noon, and had formed the subject of general speculation about the senate during the afternoon. It appeared, after the informal statement was made, that there was still much to be done in the way of putting the bill in shape, and the conferees spent six hours in close application to the work in hand. They were, for the most part, merely running over the bill, but there were still rates to be agreed upon which had been passed over until the sugar schedule should be finally disposed of. The revision was not even completed during the afternoon session, and some of the members returned to renew the work tonight.

"We cannot," said Senator Allison, "any just what the attendance of Democrats on Monday will be, for there is still much to be done to get the bill in readiness for them."

It is understood that some of the members will work tomorrow for the accomplishment of this purpose, and it is hoped to have the bill printed and prepared for the inspection of the Democrats by 10 o'clock Monday. The Republicans still further hope to secure the assent of the Democratic members in reporting the bill at one session, and they hope to be able to present it to congress at the beginning of the session Monday.

All such changes as these are accepted without question by the house conferees. They also accepted in most cases all these alterations made by the senate in order to secure the passage of the bill in that body. Senator Jones of Nevada, holding, as he did, the practical balance of power, both in the senate and in the conference, was enabled to secure many concessions for Western interests in the senate, and these he held for without exception in the conference. He even succeeded in securing a degree of protection for beet-sugar greater than was given either in the senate or house bill.

The bill, as agreed upon, will, when made public, present an entirely new sugar schedule, at least, in the main item of the duty on raw and refined sugar, the fourth presented since the bill emerged from the recesses of the ways and means committee.

When the announcement of an agreement was made, the indications were that the senate had surrendered everything in the sugar schedule in the house.

No one in possession of all the facts could see how it could be otherwise, when it was known that the house differential of one-eighth of a cent had been accepted, and the senate provision for throwing off one-tenth of a cent on low-grade sugars receded from.

"You will discover," said Senator Aldrich, in discussing the matter among

No Healing Preparation

Ever brought into use

Has so well proved its value

And made itself a necessity in the household

As Garland's

"Happy Thought" Salve.

50c per jar at M. Z. Donnell's.

ROYAL BAKING POWDER Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

his colleagues, "that the senate saves something after all, and that it is not a complete surrender on our part."

The wording of the sugar paragraph was as follows, and it shows that he was right:

"Sugars, not above the number 16, Dutch standard in color, tank bottoms, syrups of cane juice, melada, concentrated melada, concrete and concentrated molasses, testing by the polariscope not above 75 degrees, 95-100 of 1 cent per pound, and for every additional degree shown by the polariscope, 3/5 hundredths of 1 cent per pound additional and fractions of a degree in proportion; and on sugars above No. 16 Dutch standard, in color, and on all sugars which have gone through a process of refining, 135-cent per pound additional."

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at Blakeley & Houghton's Drug Store. (4)

Fourteen Days in a Tomb.

PHOENIX, Ariz., July 17.—James Stevens, the imprisoned miner, was rescued from the Mammoth mine this morning, after an imprisonment of 14 days. At 7 o'clock this morning the miners broke into the drift where Stevens had been confined.

Stevens is fearfully emaciated, and has lost fully 70 pounds during his confinement, but his mind is clear. He stated that he had thoughts of suicide toward the end of his fearful wait. He had eaten his lunch before the cave-in came, and has since had nothing to eat. Of water he had a gallon, which was consumed in three days. His candles lasted two days, during which he managed to open up a connection through the filled-in stope, thus securing purer air.

In the attempt to rescue him, a shaft was sunk 127 feet through solid granite in 13 days.

What use is there in eating when food does you no good—in fact, when it does you more harm than good, for such is the case if it is not digested?

If you have a loathing for food there is no use of forcing it down, for it will not be digested. You must restore the digestive organs to their natural strength and cause the food to be digested, when an appetite will come, and with it a relish for food.

The tired, languid feeling will give place to vigor and energy; then you will put flesh on your bones and become strong. The Shaker Digestive Cordial as made by the Mount Lebanon Shakers contains food already digested and is a digester of foods as well. Its action is prompt and its effects permanent.

Doctors prescribe Laxol because it has all the virtues of Castor Oil and is palatable.

Soap Foam excels all other washing compounds.

IN WEST VIRGINIA.

Indications Are that the Miners Will Join the Strike.

PITTSBURG, July 17.—District mining officials have come to a realization of the gravity of the coal miners' strike situation, as far as the shipments of coal from the district just east of Pittsburg and Clearfield and Cambria coal districts are concerned. They have come to a realization of the fact that the coal from these centers is playing havoc with the cutting off of supplies for the Pittsburg trade, thus militating against the success of the strike.

An important meeting of the executive board and the district officials was held this afternoon. Cameron Miller, the national organizer, was present, and the situation was discussed in detail. It is now proposed to send organizers into the districts, and induce the men to come out in sympathy. It is not expected to bring every miner in these sections out. Mines that furnish coal for the seaboard will not be molested. It is proposed to hold a number of mass meetings during the next week.

An important message from West Virginia was received at miners' headquarters today. It came from a state official and states that the situation has undergone a change, with indications strongly in favor of the miners coming out. The miners' officials believe that the West Virginia miners will be out Monday morning. One prominent operator was heard to say that if the West Virginia mine came out there would be great danger of a coal famine.

The ranks of the miners are holding firm, with no sign of a break at any point. A very large number of meetings will be held tomorrow to give encouragement to the men.

Arbitration Commissioner Schmidt, who is the only one of the commission in the city tonight, received a telegram from Commissioner of Labor Barton, of West Virginia, announcing that the situation in that state was entirely changed and that he expected the miners to strike.

Situation at Fairmount.

FAIRMOUNT, W. Va., July 17.—The failure of Eugene Debs to reach here at noon caused much disappointment among the miners, but may have prevented trouble, as it is said the operators intended to have him arrested.

This afternoon's meeting was addressed by W. D. Mabon, of Detroit, president of the National Association of Street Railway Employees.

A secret meeting has been arranged at Willow Tree mines for tomorrow. A motion will be made not to go to work on Monday, and it is expected to carry. Thirteen organizers are said to have got into the Monongah mines under the guise of applying for work. Three carloads of men came in this morning, and much excitement prevails.

STILL "GETTING ON."

Two Pretty Girls Find Themselves in an Awkward Predicament.

"Oh, look! Isn't that lovely?" suddenly exclaimed one of two pretty girls, according to the New York Journal.

"That" was one of the new open Broadway cable cars.

"It's simply grand," acquiesced the other, looking in the direction her friend had indicated. "I have always wished they had open cars on Broadway. Let's take a ride and get some fresh air."

The car was blocked and at a standstill for a few moments, so they had no trouble in boarding it. They did not know that otherwise it would not have stopped for them.

"We'll go clear to the end of the route. This air is positively delightful," said the first speaker, settling back in her seat.

"Perfect," assented her friend.

"But," looking around, "can't you smell something burning?"

"It seems to me I do," was the reply.

"And it's very disagreeable, too."

"Perhaps," suggested the other, "we are near the ruins of that awful horse exchange fire."

"No," said her friend, "we are miles away from it. Besides, it smells more like—"

"For goodness sake," screamed the other girl, with a wild look around.

"Everybody is smoking."

"Worse than that," said the first, faintly. "There isn't another woman on the car!"

The conductor gave a grin as he rung the bell after they had alighted.

"They'll all get on after awhile," he said.

By which it may be inferred that he meant they would not.

Fathers and Mothers,
—FOR—
Sons and Daughters,
—FOR—
All the Family.

With the close of the Presidential Campaign THE TRIBUNE recognizes the fact that the American people are now anxious to give their attention to home and business interests. To meet this condition, politics will have far less space and prominence, until another State or National occasion demands a renewal of the fight for the principles for which THE TRIBUNE has labored from its inception to the present day, and won its greatest victories.

Every possible effort will be put forth, and money freely spent, to make THE WEEKLY TRIBUNE pre-eminently a National Family Newspaper, interesting, instructive, entertaining and indispensable to each member of the family.

We furnish "The Chronicle" and N. Y. Weekly Tribune one year for only \$1.75.

Write your name and address on a postal card, send it to Geo. W. Best, Tribune Office, New York City, and a sample copy of The New York Weekly Tribune will be mailed to you.
