NO 169

ACHING FOR A FIGHT

The Japanese Diplomat, Has Been Talking at Paris.

FIGARO TAKES IT TO SERIOUSLY

Other European Comment Upon the Relations Between the United States and Japan.

New York, July 27.—A special to the Herald from Paris says:

The Figaro publishes an article bearing on the relations between the United States and Japan. Its importance is heightened by the manifest indications it bears of being "inspired," for only those in the inner circle of Japanese affairs could possibly have given the Figaro an idea of the object which has caused the Marquis Ito to come to Paris at this particular juncture. The article which is headed "The Voyage of Marquis Ito," is as follows:

"Marquis Ito has been in Paris since Sunday and is stopping at the Hotel Continental, where his apartments have been reserved by the Paris legation. This astute diplomatist is now busy dealing with the delicate situation created in Japan by the pretensions of the United States in the matter of the annexation of the Sandwich islands.

"It appears that he has come to Europe to protest most energetically in the name of his government against what he calls a usurpation to his friends that Japan, which had to struggle against great difficulties at the time of the war with China, will go on to the end with the United States. We must not, therefore, be surprised if one of these days we have to announce a rupture of the relations of the two countries in case of the annexation projects are maintained. This will not probably mean a declaration of war, but it would be the beginning of hostilities, more or less open, the result of which would be harmful and which might have in store surprises of all kinds, for 30,000 Japanese, almost all veteran soldiers, are already living in the Hawaiian islands, and the natives of the country hardly number as many.

"The object of the Marquis Ito's journey is to point out to Europe—rather to neglectful, according to him the peril of annexation to which the vigorous Japanese people, still under the spell of its victories, is opposing to the utmost. In any case, this journey and the complications foreseen by the Marquis Ito strangely confirm the fears already expressed in America by thoughtful men."

JAPAN MEANS BUSINESS.

St. James' Gazette Thinks She Will Fight If Necessary.

LONDON, July 27.—St. James' Gazette, commenting on Japan's protest in the Hawaiian matter, says:

"According to European usage it amounts to a threat to resist the transfer of the archipelago by force, and is equivalent to warning the United States that they must give up their views as to Hawaii or prepare for war. It does mean just so much in the mouth of Japan, though the Americans do not seem to think so. But they have such odd ideas of diplomatic language they are no great authority."

THE WAY POINTED OUT.

America Should Follow England's Plan in Dealing With Inferiors.

New York, July 27.—The Herald's European edition publishes the following editorial under the heading, "What's Japan Got to Say About It, Anyhow?"

"We publish a special dispatch confirming one printed in 'the Temps

ROYAL BAKING POWDER Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO. NEW YORK.

relative to the protest of Japan against the annexation of Hawaii by the United States. We do not think that the United States can even entertain the protest concerning its policy from any non-Anglo-Saxon race. England is an Anglo-Saxon race pure and simple, and has, for the last 200 years, governed the world by its common sense, force and civilizing institutions, and today \$3,000,000 of the Anglo-Saxon race across the water find themselves confronted with one of those Mongolian, Indian and Australian continents. We know what England would do under the circumstances, and we trust the Anglo-Saxon United States will do the same.

"P. S. A few American warships in Japanese waters would do no harm."

AN EXPEDITION FROM CHICAGO.

These Goldseekers Expect to Make Fast Time to the Clondyke.

CHICAGO, July 27.—A party of men who wish to try the Clondyke country, will leave Chicago on a special train next Saturday night en route for the newly discovered Alaskan gold fields. There will be 150 people in the party. The special train on which the party will travel will run directly through to San Francisco. There the miners will remain three days to purchase mining supplies. The party will then ship for St. Michael on a special steamer. The trip will occupy 14 days. Three steamer launches will be taken to transport the party up the Yukon to the mouth of the Clondyke river. This trip will require 14 days. Each tourist may take 500 pounds of baggage from San Francisco, but only a portion of this will be taken up the river with the party.

When the Clondyke is reached the steam launches will be moored in winter quarters. The tourists will live aboard them until the spring begins to break, next summer. The transportation company claims to have made plans for carrying enough provisions to supply all its travelers with plenty of food until next summer. It is the intention of the promoters of the excursion to make the shortest journey on record to the gold fields.

An effort will be made to complete the trip from Chicago to the Clondyke within 30 days. In addition to the crew, guides and officials, 200 men will leave San Francisco on the special steamer. Of these the larger portion will be from Chicago, but it is said there will be a scattering number from all parts of the country.

AN ARMY POST AT CIRCLE CITY.

Government to Establish One With California and Vancouver Troops.

SAN FRANCISCO, July 27.—In response to a telegraphic inquiry as to whether or not he could spare a full company of infantry for the establishment of a post at Circle City, Alaska, General Shaffer, commanding the department of California, has notified Secretary Alger that a company could be organized at 12 hours' notice for service in Alaska, and asked for full instructions.

General Shaffer expects to receive final instructions today and is prepared for an order to dispatch his company north immediately. He expressed the opinion that the company would leave here on a special train for Portland, Or., and that it will probably be joined there by a company from the department of the Columbia.

The officers to accompany the company will be a major, surgeon, captain and two lieutenants, all of whom have been selected from the volunteers. Until

final instructions arrive, General Shaffer declines to state what company of the First regiment has been chosen, or by whom it will be commanded.

NOW ITS A QUARTZ FIND.

Another Rich Strike Reported From the Clondyke.

SAN FRANCISCO, July 27.—The latest rumor from Alaska and the Clondyke is of the discovery of wonderful rich quartz in large quantities on the Stewart river. Particulars are vague, and beyond the fact that the ledge is a large one and that the rock assays \$300, nothing can be learned. The discovery was made some time ago, but nothing was said until the ledge had been prospected and an assay made.

This, if true, will mean much for the Clondyke region. The Stewart river runs into the Yukon not far from Dawson, and it is reasonable to suppose that the placer gold now being found in such quantities below may have its origin in the mountains at the head of the Stewart and neighboring rivers and creeks.

A Schooner Starts on a Long Voyage.

SHEBOYGAN, Wis., July 27.—The schooner Myrtle Camp started last night on her long sail to the Hawaiian islands, which is expected to occupy three months at least. The Myrtle Camp is of 48 tons register, is 67 feet long, breadth 18 feet, and a depth of nearly six feet. Oswald E. Stephens recently bought the boat from Escanaba parties for trading purposes among the small Hawaiian islands, having been engaged in the business many years ago.

Captain Gunderson, of this city, will sail the boat through the lakes and out the St. Lawrence to the ocean, where an ocean navigator will be engaged. The crew will consist of four men. The destination of the schooner is Honolulu, of which city Stephens is a native.

A number of the factories of this city will send specimens of their manufacture for exhibition at the Hawaiian capital.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These Pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. A. M. WILLIAMS & CO.

New York Weekly Tribune

FOR Farmers and Villagers.
FOR Fathers and Mothers.
FOR Sons and Daughters.
FOR All the Family.

With the close of the Presidential Campaign THE TRIBUNE recognizes the fact that the American people are now anxious to give their attention to home and business interests. To meet this condition, politics will have far less space and prominence, until another State or National occasion demands a renewal of the fight for the principles for which THE TRIBUNE has labored from its inception to the present day, and won its greatest victories.

Every possible effort will be put forth, and money freely spent, to make THE WEEKLY TRIBUNE pre-eminently a National Family Newspaper, interesting, instructive, entertaining and indispensable to each member of the family.

We furnish "The Chronicle" and N. Y. Weekly Tribune one year for only \$1.75.

Write your name and address on a postal card, send it to Geo. W. Best, Tribune Office, New York City, and a sample copy of The New York Weekly Tribune will be mailed to you.
