Remarkable Cure of Chronic Diarrhoea.

In 1882, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by Blakeley & Houghton.

Chamberlain's Colic, Cholera and Diarrhoea Remedy always affords prompt relief. For sale by Blakeley & Houghton.

A BLACK CAT'S VISIT.

Fate of a Woman Who Believed It Brought Good Luck.

The black cat superstition certainly has a strong hold. A strange black cat came to the residence of a Troy family during the present year, and it was occasionally fed by the kind-hearted woman of the house. The cat kept coming, says the Troy Press, and insisted upon domesticating itself, and the woman laughingly remarked to her friends that it was a sign of good luck. But she had no children, and did not want to be troubled with a cat. She told her husband that he must get rid of it. They disliked to kill the cat, and finally decided to take it into the country and drop it.
 Late one afternoon they put the cat in a bag and drove about five miles, when they untied the bag and freed the cat, after which they returned rapidly. The woman died inside of half an hour after reaching home, an accident befalling her.
 If it be good luck for a black cat to come to one's house, it surely must signify poor luck to take or drive it away. The woman was familiar with the omen, as she had repeatedly referred to it, but probably never stopped to consider that such a sign would imply evil consequences if the harbinger of good was turned away. At all events, she took the black cat away, and was killed almost immediately thereafter. While we take no stock whatever in this popular superstition, we know the facts to be as stated.
 A few days after the funeral the cat came back.

HE WAS REAL NICE.

This Telegraph Clerk, and She Will Patronize Him Exclusively.

She sailed into the telegraph office and rapped on the receiving clerk's window. The receiving clerk remembered that she had been there about ten minutes before as he came forward to meet her. He wondered what she wanted this time, says the Cincinnati Enquirer.
 "Oh," she said, "let me have that telegram I wrote just now. I forgot something very important. I wanted to underscore the words 'perfectly lovely' in acknowledging the receipt of that bracelet. Will it cost anything extra?"
 "No, ma'am," said the clerk, as he handed her the message.
 The young lady drew two heavy lines beneath the words and said:
 "It's awfully good of you to let me do that. It will please Charles so much."
 "Don't mention it," said the clerk.
 "If you would like, I will put a few drops of nice violet extract on the telegram at the same rates."
 "Oh, thank you, sir. You don't know how much I would appreciate it. I'm going to send all my telegrams through this office, you are so obliging."
 And the smile she gave him would have done anyone good to have seen, with the possible exception of Charlie.

What use is there in eating when food does you no good—in fact, when it does you more harm than good, for such is the case if it is not digested?

If you have a loathing for food there is no use of forcing it down, for it will not be digested. You must restore the digestive organs to their natural strength and cause the food to be digested, when an appetite will come, and with it a relish for food.

The tired, languid feeling will give place to vigor and energy; then you will put flesh on your bones and become strong. The Shaker Digestive Cordial as made by the Mount Lebanon Shakers contains food already digested and is a digester of foods as well. Its action is prompt and its effects permanent.
