Jackson Engine Co. met last night, and among other things voted \$50 for the tournament fund.

Large quantities of musk and water melons are being shipped from this point, the larger portion going to Portland.

The brewery hill grade has been put in good shape by Marshal Lauer, and work will be begun at once on Fulton street at Methodist hill.

The bids for building the schoolhouse here were opened Monday, but no contracts were let. It is probable nothing will be done in the matter for a week or two.

William Ferritt, the man who was shot through the stomach by Mrs. Berkey, in Spokane about six weeks ago, when the bullet punctured his intestines in five different places, was discharged from the hospital entirely well Saturday.

Two more days brings the teachers' institute to a close. It has been a very interesting and profitable meeting, and all who have attended are warm in their praises of Superintendent Gilbert and those who had charge of the work.

It is estimated that fully three-fourths of the wool in the warehouses here has passed out of first hands. The wool buyers claim that what is left is heavy, and as a general thing not of as good quality as that which has already been sold.

Fall grain is being threshed in different portions of Adams county, and the yield, as a general thing, is much heavier than was expected, says the Ritzville Times. C. G. Dowdy, living southwest of Ritzville, threshed thirty-eight bushels to the acre, and M. E.

Helme, of Rattlesnake flat, claims a yield of thirty-nine bushels per acre. Quite a considerable quantity of grain has been coming into Ritzville the past week. It is all of an excellent quality, and will command the best price going.

A freight train plunged through a burning trestle between Marion and Jefferson, on the Southern Pacific road, yesterday morning. Two men were slightly injured and five cars loaded with lumber and wooden ware caught fire and were burned.

The interest arising from the irreducible school fund, and amounting to \$135,154.24, was apportioned among the various counties Monday. Wasco county gets \$4,142.32, having 3,983 school children. The state has 129,956 children of school age, and the amount for each is \$1.04.

Hon. Wm. Biggs returned from Sherman county yesterday. Harvesting has commenced there, but the grain cut so far has been mostly volunteer. While there he saw a Booth harvester at work. Five men and thirty-two horses were required to operate it, and it cut and thrashed from forty to forty-five acres of grain a day.

Soon after the Umatilla House bowling alleys were opened, Joe Earhart made a score of 60, which remained the record until yesterday, when H. Maetz made 61. In making this score he got 1 in the first frame and in the other nine frames made seven strikes and three spares, the last frame being a spare followed by a strike.

Miss Ruth Cooper went to Portland this morning to attend the meeting of the Indian superintendents and teachers which began at that place yesterday. Miss Cooper is employed as teacher at the Indian school near Carson City, and will read a paper pertinent to the subject at the meeting tonight. At the close of the meeting she will probably return to Carson City.

Monday myriads of grasshoppers, coming apparently from the West, settled on the ranches across the river, and proceeded to take a feed. Fortunately they were going some place, and in a short time nearly all of them lit out for Clondyke, or some other place. At the same time there was quite a swarm of them on the ranches below town, but they left before much damage was done.

The supreme court Monday handed down a decision in the case of H. H. Northup, respondent, against Ralph W. Hoyt, treasurer of Multnomah county, it being a suit brought to test the law requiring county treasurers to pay over the state's portion of taxes out of the first money collected. The decision upholds the law and requires the payment to the state of her portion of the tax at the times stated in the law.

City Council Meeting.

The city council met last night in regular session, present Hon. M. T. Nolan, mayor; Councilmen Kuck, Stephens, Johnston, Champlin, Clough, and Recorder Sinnott.

The minutes were read and approved. Clough, of the fire committee, made verbal report that he had ordered five fire plugs.

Champlin, of the committee on streets and public property, reported that the marshal had been instructed to repair the brewery grade.

Marshal Lauer reported that there was a stagnant pool of water in the lot at Maetz & Pond's. The matter was on motion referred to committee on streets and public property.

Clough made verbal report that Rowe desired to put a cess pool at his place, there being no sewer within 300 feet.

Reports of officers were read and placed on file, and the bills as reported by the marshal were ordered paid.

Ordinance No. 293 in relation to fixing and establishing salaries of officers of Dalles City. The purpose is to increase the salary of city treasurer from \$20 to \$35 per month. On motion the ordinance was placed on final passage, the vote being as follows: Ayes—Kuck and Clough. Noes—Champlin and Johnston. Not voting—Stephens. So the ordinance failed to pass.

On motion the bills audited by the finance committee were allowed and warrants ordered drawn for the same.

On motion the bills of Drs. Logan and Doane and Mrs. Hitchcock were ordered paid.

On motion the bill of J. W. Lewis and others, clerks and judges of election, was referred to judiciary committee.

On motion a committee of three was appointed on street lights, as follows: Kuck, Johnston and Stephens.

On motion the committee on streets and public property was instructed to improve Fulton street at what is known as the Methodist hill.

On motion it was ordered that when council adjourn it be to August 17th, to consider sewer system.

On motion the marshal was instructed to cause all boxes on sidewalks to be removed.

Shot His Thumb Off.

Charles Sandoz met with an accident this morning from fooling with a shot-gun, unloaded, of course. His wife wanted a chicken for dinner, and Sandoz sent a man after his shot-gun. When it was handed over to him he asked if it was loaded, and was told that one barrel was. He evidently misunderstood the answer and playfully put the gun against his head, when his wife told him to be careful or he would shoot himself. Then he held his right thumb over the end of the barrel and pulled the trigger. The gun did not miss fire; guns seldom do that under such circumstances, and the result was the thumb was shattered back to the first joint.

Our reporter went up to Dr. Hollister's office to get the item, and found Sandoz in the chair, with the doctor cutting the broken pieces out. He at once began to tell us how the accident happened, seemingly unconscious of the fact that the doctor was whittling his thumb.

The Tournament.

The Jackson Engine Co., at its meeting last night, very generously donated \$50 of its funds towards assisting in preparing for the firemen's tournament this fall. We understand a committee will soon wait upon our business men for the purpose of soliciting funds for the tournament. To make the matter a success will require considerable money and donations should be liberal. The efficiency of the firemen is the only protection we have against fire and as their services are given free, the giving of money should be looked upon as a business transaction, for which every business man and property owner gets a valuable return.
