CLAIMS ALL TAKEN

Clondyke Crowded With Disappointed Gold Hunters.

STARVATION IN STORE FOR MANY

Not a Single Location Within 150 Miles of Dawson City Remains to Be Had.

SAN FRANCISCO, Aug. 6.—Speaking of the Clondyke output of gold, the chief clerk of the mint said:

"All the gold brought to this city from the Alaskan mines will not exceed \$800,000, and all that has been taken out this year and sent to the other mints of the country will not exceed \$2,000,000. The gold from that part of the country is generally from 700 to 800 fine and some of it rates 900, the average being worth from \$15.55 to \$17 an ounce."

J. C. Butler, of the Pullman Car Co., is in receipt of a letter from R. P. Taylor, a financial broker of Seattle. A few days ago Taylor received word from some men whom he sent to the Clondyke region last spring, in which they inform him that every claim within 150 miles of Dawson City has been taken up, and that men are rushing all over the country looking for locations. He says that starvation and hardship stares many of them in the face.

Captain Niebaum, of the Alaska Commercial Company, who has made a careful study of the situation, fears there will be a great deal of suffering in the mining regions this spring. He thinks the people going are far in excess of the supplies that have been forwarded.

A letter from Hart Humber, a prospector, dated Dawson City, June 18th, just received, shows that the gold seeker needs plenty of capital. After reaching Dawson and paying the heavy duty on his outfit, besides 30 cents a pound for getting it over Chilkoot pass, he will have to pay 25 cents a pound to get his stuff from Dawson to the diggings.

The rush to the Clondyke gold fields is affecting the mineowners of the mother lode in the vicinity of Sonora, Jackson and Sutter Creek, and if it continues will cause the closing down of the mines in Calaveras, Amador and Tuolumne counties, or their operation with depleted forces.

In the past week 200 men have left Amador county alone for the gold fields in the north and others are preparing to follow. Some of them were hired by mineowners in Alaska, but many of them went on their own resources. The other counties have also sent expert miners in large numbers.

An Expedition From Brooklyn.

NEW YORK, Aug. 6.—A half dozen ambitious Brooklynites are organizing an expedition to Alaska to search for some of the Clondyke gold. David P. Watson, of Brooklyn, clerk of the Republican general committee, is making up a party, of which he will be one, and which will leave early in February to seek fortunes in the gold fields of the north.

Tacoma Is Clondyke Mad.

TACOMA, Wash., Aug. 6.—Desire to rush off to the Alaska gold fields at once, without waiting till next spring, is increasing all the time. Fourteen steamers are scheduled to sail from this port between now and the 1st of September. Among those who start tomorrow is W. G. Seward, a relation of Hon. Wm. H. Seward, who effected the purchase of Alaska in 1867 for \$7,500,000.

SLOW PROGRESS AT PLUM CREEK.

Miners There Will Not Be Easily Brought Out.

PITTSBURG, Aug. 6.—Whether or not the strikers will be able to get the Plum Creek men to stop work is becoming a more serious question than the strike leaders first thought. Unlike other digging settlements about the Plum Creek miners live in company houses on company land. The workmen do not have to leave the De Armit property to get into the mines, and the strikers get no chance to stop them on the road.

The wives of 20 of the campers are in the field now. They have access to the workmen's houses, but deputies are stationed all along the property line with instructions not to allow a solitary man to enter house range.

Eugene V. Debs left today for Turtle Creek, where he speaks this evening. Before leaving the City Debs denounced Judge Jackson, of West Virginia, for issuing an injunction restraining him from interfering with the Monongah company or its employees. Debs said: "This injunction annihilates the right of peaceable assemblage and effectually suppresses free speech."

To Sell Whisky to the Venezuelans.

NEW YORK, Aug. 6.—The republic of Venezuela has granted a concession giving a substantial monopoly for the establishment of the distilling industry in the republic which was obtained in the interest of the American Spirits Manufacturing Company. Representatives of that company have paid a number of visits to Caracas in the last twelve months, and the company since the granting of its concession has sent one of its practical men to supervise the erection of a plant, all the parts of which have been assembled in this city ready for shipment.

The import duty is practically prohibitory, amounting to about 50 cents a pound equivalent to \$3.80 a gallon. The

concession which is for six years, gives the right to bring in all the necessary plant and raw material free.

It is said that the American Spirits Company is conducting similar negotiations elsewhere, which, if expectations are only partly realized, will result in a very large extension of the business of the company.

A Michigan Tragedy.

GRAND RAPIDS, Mich., Aug. 6.—Last April A. H. Dailey, of Jennison, sent a letter to Mayor Swift, saying he wanted a wife. The letter got into the newspapers, and as a result Dailey received 500 answers. From among the offers he selected Mrs. Hattie M. Newton, a Chicago widow, and they were married. They quarreled and finally separated. Dailey gave his wife three days to return. The time was up at midnight last night and she refused to return. Dailey forced his way into her bedchamber and shot her with a musket.

Dailey was arrested, and on his way to jail was allowed to go into a saloon to drink. He slipped strychnine into his beer and fell over dead in a few minutes. The woman will recover.

What use is there in eating when food does you no good—in fact, when it does you more harm than good, for such is the case if it is not digested?

If you have a loathing for food there is no use of forcing it down, for it will not be digested. You must restore the digestive organs to their natural strength and cause the food to be digested, when an appetite will come, and with it a relish for food.

The tired, languid feeling will give place to vigor and energy; then you will put flesh on your bones and become strong. The Shaker Digestive-Cordial as made by the Mount Lebanon Shakers contains food already digested and is a digester of foods as well. Its action is prompt and its effects permanent.

Doctors prescribe Laxol because it has all the virtues of Castor Oil and is palatable.

Buenos Aires Miners Out.

MONONGAHELA, Pa., Aug. 6.—Between 300 and 400 striking miners marched on the Buenos mine this morning, headed by the Grand Army of the Republic of this place. The Buenos miners were brought out, and the strikers established a camp to see that work is not resumed.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa.
