#### ARE WE UNGRATEFUL?

The pension list grows steadily, and the indications are that another class will be provided for at the coming session of congress that will add \$40,000,000 more to the amount of money the country must pay. THE CHRONICLE editor believes in the pension system, but not the one in vogue. We believe that every old soldier who lost limb or health in the service of the country should be cared for. We believe the pension list should be a roll of honor, and that it should be a source of pride to him who received a portion of a grateful people's bounty. The list is no longer such. Able-bodied men, with abundant property and a Klondike of good health are on the list. Men who pursue their occupations in competition with their fellowmen, who hold lucrative offices, and who are abundantly able to take care of themselves and their families, are on the list, and they should be there no longer.

We need pension legislation looking to its reduction rather than to its extension. There are men who were good soldiers and who are in need, who are not, but should be, on the pension list, but every able-bodied man should come off of it. Every man with a competence should come off of it. Every fraud, and there are thousands of them, should come off of it.

The human mind cannot grasp and measure a statement made in figures, for 140,000,000 rolls off the tongue just as quickly as 140,000. Let us put \$140,000,000, the amount paid yearly for pensions, into something tangible that the mind can grasp, and so measure the extent of the nation's gratitude. One hundred and forty million dollars, with wheat at 75 cents a bushel, would mean 186,666,667 bushels of wheat. One hundred bushels of wheat weigh three tons. Eighteen tons make an average carload, and eighteen tons are 600 bushels. The average car is forty feet long. Now if 186,000,000 bushels of wheat, representing the pension payments, were placed in freight cars, 600 bushels to the car, the cars forty feet in length, it would make a solid train 2357 miles long, enough to reach from Chicago to Portland and leave a few miles for good measure. With \$40,000,000 more added it would lengthen the train 500 miles. With beef cattle valued at \$25 each, and allowing ten feet for each one, it would make a drove of cattle, standing three abreast, that would reach from San Francisco to New York, or in single file would reach from San Francisco to Berlin. With \$40,000,000 more added, the herd would reach a trifle more than half way around the earth. With hay at \$7 per ton, and allowing 500 cubic feet to the ton, it would make a pyramid a mile square at its base and a mile high. With cordwood at \$2 per cord, \$140,000,000 would represent a small bit of wood-pile that piled four feet high, the wood being four feet long, would reach four times around the earth. With lumber at \$10 a thousand, it would make a board 2,657,515 miles long, or a board walk around the earth 100 feet wide. At \$20,000 a mile, it would build two railroads from New York to San Francisco. It would build seventy war vessels, costing \$2,000,000 each, and these big fellows placed in a line so they touched would reach nearly five miles. It

would construct the Nicaragua canal and would run a country newspaper 100,000 years.

#### INJUNCTION AGAIN.

The strike situation has assumed a serious phase, since the mine-owners have undertaken to try to restrain the miners from assembling near their properties by getting out injunctions. The strike has been a remarkable one in that it has been free from violence and bloodshed. The miners have kept within the law, and have used nothing stronger than argument to persuade their fellow-miners to join in the strike. Of this right the companies are now trying to deprive them. It should not succeed, and if the temporary injunction is made permanent there is going to be trouble.

The right of free speech, the right to assemble peaceably, the right to organize for mutual benefit and protection, rests upon the decision, and there are more than the coal-miners interested in it. The corporations and the trusts are getting too large for a republican form of government, and are seemingly determined to do away with the laws of the country and the rights and liberties of the people.

It will be a sorry day for them when they can get courts venal enough to carry out their behests, for the day they do a revolution will begin that will sweep them out of existence, and they will be fortunate indeed if their property is not confiscated and the lives of their officers declared forfeit. Gold-madness, as we see it illustrated in the rush to the Klondike, is as measles to smallpox compared to blood-madness, and from present indications, this country will be lucky if it escapes an attack of it before the century closes.

REMARKABLE CURE OF CHRONIC DIARRHOEA. In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by Blakeley & Houghton.

Chamberlain's Colic, Cholera and Diarrhoea Remedy always affords prompt relief. For sale by Blakeley & Houghton.
