## TRIAL OF ANGIOLILLO

How Canovas' Slayer Was Sentenced to Death.

TRIAL MERELY A FORMAL AFFAIR

The Prisoner Quailed When the Sentence of Death by Strangulation Was Pronounced.

NEW YORK, Aug. 17.—A dispatch to the Herald from Veraga, Spain, gives the details of the trial of Angiolillo, the anarchist who shot Canovas and who was sentenced to die by the garrote this week in prison.

All the members of the court, according to custom, first heard mass in the church. Then they proceeded to the hall of justice. The courtroom was crowded, but was well lighted by several windows. At the upper end, with his back to the wall, sat in the center the president, the colonel of artillery, Elicequi, a severe-looking officer, having on his right and left six captains of infantry and artillery, while the prosecutor, captain-auditor, sat on the right of the judges. Counsel for the defense, Lieutenant of Artillery Gorria, sat on the left, looking grave under the difficult task assigned him by the authorities, because the prisoner refused to select counsel from a list of six officers proffered him.

When brought in Angiolillo gazed defiantly around, as if looking for somebody. The proceedings were conducted rapidly. The deposition of witnesses were read or rather mumbled quickly by the clerk. The public prosecutor finally asked the court to sentence the assassin to death by the garrote.

On hearing this the prisoner who expected to be shot like other anarchists, looked startled and horrified. The counsel for the defense read a brief argument attempting to show that his client was insane, and imploring indulgence of the judges, who sat with hard, unmoved faces.

The president then asked Angiolillo what he had to say. He stood up and began in a clear voice with resolute mien to show that he had not been an ordinary murderer, but a political agitator and avenger of his fellow anarchists, who were shot and tormented at Barcelona.

The guards then led him away to solitary confinement, from which he will issue only to be led to death behind the walls of Veraga prison. Angiolillo will hear nothing of the outer world or see anybody but the priests.

## MARTIAL LAW IS DECLARED.

Sheriff in Supreme Command in Pittsburgh District.

PITTSBURGH, Pa., Aug. 17.—Martial law to all intents and purposes has been declared in Plum, Patton and Wilkins townships by Sheriff Lowry. The three mines of the New York & Cleveland Gas Company, also, are in these townships, and all the roads leading to them will be patrolled by deputies. Persons who cannot give a satisfactory account of themselves will be ordered to leave the neighborhood, and upon refusal will be arrested. The sheriff will not attempt to break up the camp of the strikers until the court has passed on the question, but announced today that he is determined to stop the marching and trespassing on the companies property.

There are now nearly 800 men in camp at Plum creek. After the mutiny at Sandy creek yesterday the camp at that point was abandoned, and the men went to Plum creek. Last night it was decided to have the women march. Sheriff

## Garland's Happy Thought Salve.

We used your Salve on our little child, who had Scald Head. One jar cured her. We had been using an ointment that the doctor prescribed, but it did not heal it up; so we can say Garland's Happy Thought Salve is the best thing for us.

## ROYAL BAKING POWDER Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

Lowry said he would disperse the women as quickly as the men, as he interpreted the court's order to enjoin not only the men, but all who attempted a show of force or interference with the miners. The women did not march.

Passengers on the morning train from Pittsburg to Turtle creek say a man who gave his name as John Mohre said he was from the Osceola mine, and announced that he was going to kill Superintendent De Armit, is under arrest by the sheriff. Neither he nor the sheriff will say for what, but the strikers say it is too prevent his arrest by any constable.

At Turtle creek, 50 strikers marched from Camp Determination this morning on the Oakhill mines. This was done unexpectedly, and in violation of the restraining order temporarily continued by the court yesterday. Before reaching the mines Sheriff Lowry and a posse met the marchers and ordered them back to camp. The strikers reluctantly returned back.

The mine officials express themselves as well satisfied with the injunction proceedings.

"According to the court," said President Dolan, "the injunction only restrains from doing things we have not done and do not intend to do. The camps will continue and will be conducted as usual until further notice."

## Gains in West Virginia.

WHEELING, Aug. 17.—The strikers show material gains in all sections of West Virginia today. In the Wheeling district there is not a miner working, while on the Ohio side of the river the last man except those who are to furnish coal for the water and electric light plants will be out tonight. In the Fairmont district the strike leaders did not succeed in closing the Montana mine entirely, but they made decided gains.

## Aspires to Wear the Belt.

NEW YORK, Aug. 17.—Champion Bob Fitzsimmons has been challenged by Billy Madden in behalf of Billy's latest find, Gus Ruhlin, of Akron, O. The latter has done very little in the prize ring, and how he comes to make a challenge to Fitzsimmons is a mystery. The only engagement that Ruhlin has had of any prominence was his meeting with big Jeffries, of California, which was a draw.

Madden says he means to force Fitzsimmons into a match or claim the championship. To show that he means business, Madden has posted \$500. In the event of Fitzsimmons' refusal to notice Madden's challenge, Billy will claim the title of heavy-weight champion and will have a big belt made.

## UTICA MINE IS BURNING.

A Serious Conflagration at Angels Camp California.

ANGELS CAMP, Cal., Aug. 17.—The great Utica mine is on fire. Flames and smoke were discovered issuing from the 200-foot level at 4 o'clock this morning. It was with difficulty that the shift made their escape. The fire is supposed to have originated from spontaneous combustion, caused by lard and coal oil. It is impossible at present to estimate the extent of the loss that the fire will cause, but it is safe to say it will amount of hundreds of thousands.

Not only are the mineowners affected, but the whole town of Angels Camp, are almost entirely dependent upon the miners employed in the Utica group of mines. There are 100 men employed by the company, and should the fire prove as serious as reported these men will be left in destitute circumstances.

Every effort is being made to quench the fire, but gas and smoke is escaping from all the shafts, which are being rapidly bulkheaded. While stopping the Utica shaft several firemen were suffocated.

The mine is being rapidly flooded with water, and all the main pipes have been cut and about 3000 inches of water are pouring down the shafts. It will take at least four days to flood the mine and two months to pump out the water and fit the mine for regular operation.

The Utica mine is owned by the Hobart estate. It is estimated the net profits of the mine exceed \$1,500,000 per annum.

## EIGHTY-TWO DEGREES PASSED.

Message Receiver from Andree by Carrier Pigeon.

CHRISTIANIA, Aug. 17.—Information received here confirms the report published in a dispatch from Hammerfest, Norway, saying one of the searchers for Herr Andree met the sailing vessel Alken about July 22, and was informed by her captain that one of the crew had shot a carrier pigeon between North cape and Seven islands, on the north coast of the island, bearing a message from the explorer, addressed to the Aftonbladet, of Stockholm, which read as follows:

"Eighty-two degrees passed; good journey northward—Andree."

The date of the message was illegible. The pigeon also carried a letter also addressed to the Aftonbladet, but the captain of the vessel declined to surrender either. The captain is familiar with Andree's plan, and is greatly interested in them.

The news arrived here indirectly. The captain of the Alken communicated the information to the commander of the ship Injeperd, of Tromsø, the latter transmitting the news to the commander of the steamer Express, upon which the Lerner Polar expedition was coming home, and the express finally passed the news along to the steamer Lofoen which brought it here.

## Many Tires Were Punctured.

MILWAUKEE, Aug. 17.—About 200 bicycle riders who took a spin into the country for pleasure, had to walk back to the city, a distance of seven or eight miles, owing to punctures. Some one buried a plank filled with spikes in the bicycle path on the Cedarburg road, between Maquon and Thiensville, and succeeded in disabling 200 wheels before the cause of the disaster was discovered. This road is a favorite with the wheelmen of this city. Another plank was discovered buried on Ninth street near the city limits.

## Famous Collections of Antlers.

Of the famous collections of antlers formed in the seventeenth century only two or three have escaped the general fate of conflagrations, sieges and pillage. One of these is in Moritzburg, the king of Saxony's historic hunting castle, near Dresden; while in the celebrated gun gallery in Dresden itself are to be seen, in an unrivaled show, the wonderfully inlaid arms used by the elector. The great banquet hall of the castle of Moritzburg is one of the sights with which no doubt many a traveled reader has been charmed. It is a chamber of noble proportions—66 feet long by 34 feet wide and 38 feet high. On its otherwise unadorned white walls hang 71 pairs of magnificent antlers, which one may describe as the most famous of their kind in the world. Not a single one carries less than 24 tines or is less than 200 years old, while some are probably double that age.—W. A. Baillie-Grohman, in Century.
