Mrs. Br-eze and daughter of Portland are visiting Mr. and Mrs. C. W. Dietzel. Mr. Spencer Penrose and Isaac Stern, both of Colorado Springs, are in the city.

Rev. L. Grey and wife and Mrs. H. Klindt returned yesterday from a trip to Mt. Hood. Miss Margaret Jenkins of Portland is in the city visiting her cousin, Miss Josie Jenkins.

Mrs. Helen Ewing, who has been visiting Miss Emma Roberts, left this morning for her home in Alto park. Mrs. Shelton and Miss Gertrude Reeder came over from Goldendale today, and are guests at the home of Mr. S. Bolton.

Mr. and Mrs. Leslie Butler will leave for Dyea next week. Mr. Butler has not caught the Klondike fever, but goes to Dyea to engage in business. Miss Minnie Devin of Los Angeles, who has been visiting her relatives, Col. Sinnott's family, left for her home this morning. Mrs. Fish accompanied her as far as the Cascades.

Mr. James Holman and wife, Edgar Holman, Miss Lydia Bessner, Miss Annie Duncan, Miss Mattie Holman, Mr. H. H. Fine, J. D. Dameron, all of Stockton, visited the city yesterday. Miss R. A. Hail, who is to teach in the Indian school at Simcoe, was in the city last night, and left this morning for Goldendale. She rode a bicycle over to our sister town, and has undoubtedly a much better understanding of the size of Eastern Washington hills by this time.

DEEP BODY OF FRESH WATER.

Lake Chelan Has Been Sounded to the Depth of 2565 Feet and No Bottom Reached.

Lake Chelan, in the Cascade mountains, is the third deepest body of water in the world outside of the ocean. It may take second place, as bottom has not yet been found. It is certainly the deepest body of water on the American continent.

These facts have been established by W. G. Steel, now of the United States geological survey and well known as a daring mountain climber and explorer and founder of the well known Alpine club, the Mazamas. Mr. Steel writes as follows:

Camp No. 8 on Lake Chelan, Aug. 24.—To the Editor of the Spokesman-Review: You will remember that in 1886 I broke the record for deep water on the American continent by sounding Crater Lake, in southern Oregon, for the government. You will remember also of having invited me to visit Lake Chelan a year later. I was very sorry indeed not to be able to do so, but am examining the Washington forest reserve for the government, and in that capacity attempted to sound the lake last Saturday. A steel line was sent me 2560 feet long, all of which was let out in the middle of the lake without finding bottom. Have just ordered more wire and everything necessary to do the work thoroughly, and shall find that bottom under any circumstances.

This makes Chelan the third deepest body of water in the world, outside of the ocean, the record standing: Lake Baikal in Siberia, 4000 feet; the Caspian sea, 3000 feet; Lake Chelan, 2560 plus—which means we are after second place, and have good hopes of beating the Caspian sea. Before Saturday last Crater Lake held the third place.

W. G. STEEL, U. S. Geological Survey, Lakeide, Wash.

Lake Chelan is in Okanogan county. It descends to within three miles of the Columbia river and discharges its volume of mountain waters through an outlet known as the Chelan river. The fall of the outlet is about 300 feet and creates a water power second only to the falls of the Spokane.

The lake extends for 68 miles back into the very heart of the Cascade mountains, and its wild precipitous shores, with cataracts leaping out of the dark forests and falling in foam and spray into the waters of the lake, present a scenic panorama which the world can scarce surpass. The lake's surface is about 900 feet above the level of the sea. Mr. Steel's soundings of 2560 feet therefore prove

"The Foot of a Fly"

says an eminent English doctor, "will carry enough poison to infect a household." In summer-time, more especially, disease germs fill the air, multitudes are infected, fall ill, die; multitudes escape. These messengers of mischief do not exist for millions. Why not? Because they are healthy and strong—protected as a crocodile is against gunshot. It is the weak, the wasted, the thin-blooded who fall; those who have no resistive power so that a sudden cough or cold develops into graver disease. We hear of catching disease! Why not catch health? We can do it by always maintaining our healthy weight.

Scott's Emulsion

of Cod-liver Oil, is condensed nourishment; food for the building up of the system to resist the attacks of disease. It should be taken in reasonable doses all summer long by all those whose weight is below the standard of health. If you are losing ground, try a bottle now.

The Mount Lebanon Shakers recently performed a great deed of charity, although it was not designed as a charity, being nothing more nor less than an advertising scheme. It however resulted in great good just the same. They gave away 1000 bottles of their Digestive Cordial to those suffering from stomach derangements.

It was so effective in curing those who used the remedy that they were loud in their praises of it and in consequence a large demand for the Cordial was at once created.

The druggists of this town have little books that tell all about it. Digestive Cordial creates an appetite, aids digestion and brings about a rapid increase in flesh and strength.

Laxol is the name of a palatable Castor Oil. Just the thing for children. Catarrh Cannot be Cured with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. Remarkable Cure of Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by Blakeley & Houghton.
