## DARK DAYS ARE PAST

Farmers of the Middle West  
Once More Prosperous.

Views of Secretary Wilson

Effects of Returned Prosperity Ap-  
parent Upon All Sides--The Sug-  
gar-Beet Industry.

CHICAGO, Sept. 1.—James Wilson, secretary of agriculture, has returned from a trip through the Western states, where he has been investigating conditions regarding irrigation and other matters which will tend to widen the scope of agricultural industries.

Mr. Wilson is enthusiastic concerning the agricultural future of the West, and is confident that the hard times have passed for the farmers west of the Mississippi river. During his trip through the Western states he examined into the conditions existing among the farmers. He found that the latter had felt the wave of prosperity, and that they were building new machinery, making numberless improvements, and are able to pay off their mortgages.

"I have been through the mountain states," said Mr. Wilson, "in order to learn what could be done regarding irrigation in the range lands of Western Nebraska, Colorado, Wyoming, Utah, parts of Idaho, Montana and North Dakota. The principal object of my trip was to ascertain to what extent the government could add to the annual production by further irrigation. During the course of my observation I have found that these states have already used up the waters in many districts without being able to irrigate the bottom lands. They are now agitating the theory of damming the waters in winter.

"I have an agent in Europe at the present time investigating the requirements for heavy draft and carriage horses and animals needed for army purposes. I have very little doubt that if the range horses in the Western states were properly cared for they would be able to compete with European horses. I hope to bring about such a competition and to make the market for American horses lively in European countries.

"During my trip I found a very extensive interest in growing sugar beets to make sugar. Grand Island, Neb., is on the edge of the dry belt. Sugar beets is one crop that grows independently of droughts. About 3000 to 4000 acres are necessary to cultivate a sufficient crop of beets to keep a factory in operation. The dry product, or the pulp, is not being used to the best advantage. At Grand Rapids and Lemhi, Utah, it is fed to range steers. The amount of it that would make two pounds of gain in a first-class steer worth 6 or 7 cents, would make a pound of butter, but such has not occurred to the sugar-beet growers."

### Progress of the Leutert Trial.

CHICAGO, Sept. 1.—Interest in the Leutert trial was unabated today. When court opened Attorney Vincent began the cross-examination of Biak. He testified that since May 16th he had been with Officer Klingner, living at his house and paying no board. Inspector Schaak had provided means for his wife to live and pay the rent.

Biak regarded the actions of his employer on the night of May 1st as suspicious because he turned steam into the basement at 9 o'clock. He said Leutert had barricaded the door leading directly from the boiler-room when he went to the basement, although there

were badly sunburned. I used Garland's Happy Thought Salve, and it cured them in short order."

EDWIN TERRELL, Sunnysdale, Wash.  
"It is a grand thing for sunburn and tan. I never used anything better."

Mrs. POTTS, Tacoma, Wash.  
"One jar of Garland's Happy Thought Salve cured me entirely of the severest case of sunburn I ever had. I have recommended it to my friends, who have all been benefited by it."

was another route by which he could have walked into the basement. He did not go in, he said, because Leutert had told him to go back to his fires after he had delivered the second bottle of medicine to him.

### Belle Carmen May Die.

CHICAGO, Sept. 1.—Mrs. George Middleton's furious assault on Miss Belle Carmen Monday night may result in the actress' death. The police have taken her ante-mortem statement. Her assailant's hearing is set for September 12th, and she is out on bonds. The friends of Miss Carmen think Mrs. Middleton has been treated too leniently, and have sworn out two new warrants.

Miss Carmen was removed from Dr. Campbell's office, where she had passed the night, to her hotel apartments. She was conscious, but extremely weak from the loss of blood. The dangerous wound is a deep stab in the left shoulder near the neck, which severed an artery. The physicians have not been able to stop the flow of blood. The other wounds, while painful, are not considered serious.

### Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

### Her Troubles Are Ended.

SAN FRANCISCO, Sept. 1.—Little Emma Davis, the English girl who was taken from her home by E. A. Tubbs and his wife and treated almost as a slave on their Fresno vineyard, has arrived here on her way to her parents across the Atlantic. The British consul-general will provide the funds. At Chicago she will be met by members of the Young Women's Christian Association, who will see her safely on her journey to New York. There she will be taken in charge by the Children's Society and safely housed up to the time the steamer sails. At Liverpool the English Children's Society will meet her and forward her to her home in Rock Ferry.

### Northern Pacific Officers.

ST. PAUL, Sept. 1.—Daniel S. Lamont, the new vice-president of the Northern Pacific, is in the city, and says he is awaiting the arrival of the new president, Mr. Mellen, before he will be prepared to state what his duties will be. With his family Mr. Lamont is for a few days the guest of President Hill, of the Great Northern. He said he expected to remain here but a short time.

President Winter's duties in an official character ended at midnight, but he will continue at the headquarters until President Mellen arrives next week.

Do you want your windows cleaned, carpets taken up, beaten and re-laid, or janitor work of any kind done by a first-class man? If so, telephone Henry Johnson at Parkins' barber shop, Phone 119.

### IN FUSION LIES THEIR HOPE.

Three Silver Parties of Nebraska to Pool Issues.

LINCOLN, Neb., Sept. 1.—It is safe to say harmonious fusion of the three silver parties is assured. Whatever doubt there may have been about co-operation was dispelled by good-will mass meetings held last night and this morning.

The sentiment on every tongue is to fuse regardless of which party furnishes the nominee for supreme judge. The Democrats, who favor W. H. Thompson, express great confidence in their victory, but say they want fusion above all things.

The silver Democratic state central committee met and agreed to recommend A. A. Shellenberger, of Alma, to their convention as temporary chairman.

Attorney-General Smythe, of Omaha, will be recommended for permanent chairman.

The silver republican state central committee met this morning and agreed to recommend F. F. Loomis, of Edham, for temporary chairman, and to leave the nomination of permanent chairman to the choice of the convention.

The Populists have agreed to wait until their convention opens before appointing a temporary chairman.

Since early morning the corridors of the hotels have been thronged, and trains have augmented the crowds until the number of delegates is estimated at 2800.

### Remarkable Cure of Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by Blakeley & Houghton.

### Schlatter In Trouble.

CHICAGO, Sept. 1.—The man calling himself Francis Schlatter, who has been conducting a "divine-healing" camp at Manhattan beach, has been served with a summons to answer the charge of practicing medicine without a license. He will be prosecuted by the state board of health of Illinois, and if convicted is liable to a fine of \$100 for the first offense and \$200 in addition if his patients care to trouble him further.

Dr. J. A. Egan, secretary of the board, instituted the legal proceedings.

### To Butter Makers.

I have one of the new improved Electric Churns and can do the churning in one to two minutes. I can recommend it to any one. The first day I got mine I sold three; next day six; one day eleven. Every churn sold sells another. I cleared \$182 in 35 days. To show it, is to make a sale. I advise any one wishing a churn or a good paying business of their own to write to the U. S. Novelty Mfg. Co., 1517 Olive Street, St. Louis, Mo.

### Bartlett Tells It All.

SAN FRANCISCO, Sept. 1.—Charles M. Bartlett, the self-confessed perjurer in the Angus-Craven case, with astonishing effrontery, yesterday admitted on cross-examination that he had been led to believe there was at stake \$5000 if he changed his testimony, and that he found out when too late that he would not get it.

Hundreds of thousands have been induced to try Chamberlain's Cough Remedy by reading what it has done for others, and having tested its merits for themselves are today its warmest friends. For sale by Blakeley & Houghton.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F.
