THE WHEAT TRADE.
 The past week has been a quiet one in wheat circles, compared with the excitement of the two preceding ones, yet under ordinary circumstances the volume of business which has been done throughout the Pacific Northwest would be considered very large for the time of year. Considerably more wheat has passed out of primary hands than for the same time in previous seasons. In many sections of the interior farmers have sold quite freely at current prices, and by so doing have placed themselves in good circumstances. In other localities a disposition to hold back supplies is noted, in anticipation of obtaining higher figures later on, owing to strong reports received from abroad.

On the whole, enough wheat has passed from first hands into those of exporters to meet the wants of early tonnage contracts, and present appearances warrant the belief that vessels from this port will receive prompt dispatch. In and around Walla Walla there has been keen competition on the part of buyers, and, in many instances, farmers have realized prices which were above the spot value here. Liberal purchases on the basis of \$1.45 per cental here have been made, and in a few cases \$1.50 was paid. In the Palouse country as high as 71 cents per bushel was paid, which is much above the export value at this port. In the Valley competition is particularly active, and wheat sold on the basis of \$1.50 per cental here. To warrant these prices foreign markets must go higher than present quotations.

Farmers are making heavy deliveries at shipping points, but to date wheat has not been received here in any large amount. The movements during September is expected to be very large, and the outlook for heavy receipts from the interior is very propitious. We quote: Walla Walla, 80@81c; bluestem and Valley, 83@84c per bushel.—Commercial Review.

A WORN-OUT BUGABOO.

The dispatches state that Japan is negotiating with the Greater Republic of Central America, with the view of obtaining control of the Nicaragua canal. That she will entirely ignore the rights of the United States in the matter, and all that sort of thing. The story is as gauzy as a Chilcooter's dream. Only a few weeks ago those who desired the annexation of Hawaii had Japan by the nape of the neck and were shaking her under Uncle Sam's nose, with the dire threat that she was going to gobble the islands in spite of anything. The ruse worked at least enough to cause the administration to get a move on.

The Nicaragua fellows, the men who own some forfeited franchises, which they are anxious for the government to take off their hands for a valuable consideration, encouraged by the results in Hawaii are now trying Japan as a bugaboo. The scheme is so diaphanous that like a lace veil, it serves to show more strongly the countenance beneath. These same fellows tried England as a scare-mouch for a while, but England has no terrors for Uncle Samuel, no more than a rag doll has for its infantile owner that pounds it around by one of its cotton legs. Japan will no longer serve the pur-

pose of a nurse's tale. It will require something bigger and more powerful than the gang of little yellow men on the other side of the Pacific to frighten this administration.

The Nicaragua canal should be built, and built by the United States; but the gang of franchise fiends who have nothing to sell should not be paid millions simply as a bonus for crying "Wolf! Wolf!" when there is no wolf.

The proposition made at the Grand Army encampment to observe the last Sunday in May as Memorial day, instead of the 30th of May, was no doubt intended to strip the celebration of its holiday and even sportive features which it is assuming more and more every year. By having Decoration day on Sunday, it was argued, the original intent of the day of solemn and semi-religious, as well as patriotic, observance would be maintained. But the probabilities are that it would have interfered with the usual Sunday observance, and converted the last Sunday of May into something of a secular holiday. The national encampment did wisely in rejecting the change.—La Grand Chronicle.

Remarkable Cure of Chronic Diarrhoea.
 In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by Blakeley & Houghton.

Chamberlain's Colic, Cholera and Diarrhoea Remedy always affords prompt relief. For sale by Blakeley & Houghton.

No mystery about it. When the Shakers offered some time ago to give away a bottle of their Digestive Cordial to any one who might call at their New York office, there was a great rush and a great many people thought they were crazy.

Subsequent events proved to have been a very clever advertising transaction, for although they gave away thousands of bottles, it was in the end profitable; nearly every one that took a free bottle came back for more and paid for it with pleasure, saying they had derived better results from its use than from any other medicine they had ever used.

There is nothing so uniformly successful in the treatment of stomach troubles as the Shaker Digestive Cordial, and what is better than all, it relieves at once.

Laxol, the new form of Castor Oil is so palatable that children lick the spoon clean.

To Butter Makers.
 I have one of the new improved Electric Churns and can do the churning in one to two minutes. I can recommend it to any one. The first day I got mine I sold three; next day six; one day eleven. Every churn sold sells another. I cleared \$182 in 36 days. To show it, is to make a sale. I advise any one wishing a churn or a good paying business of their own to write to the U. S. Novelty Mfg. Co., 1517 Olive Street, St. Louis, Mo. SUBSCRIBER.
