PERSONAL MENTION

Kenneth McRae and William Farre, the stockmen, are in the city. Mrs. D. D. Clarke of Portland is visiting Mr. and Mrs. B. S. Huntington.

SMILES.

Young congressman—Well, my dear, what do you think? I had the honor of being interviewed this morning on the leading topics of the day.

Not His Only Fault.—Uncle Ezra—The paper says this candidate for the legislature has great personal magnetism.

Our janitor was sick all summer. "What was the matter?" "It prostrated him to see us getting all the hot air we wanted without appealing to him."

The Boy Got a Raise.—"See here, my boy, you musn't hum at your work." "Why, sir, you wouldn't check the hum of revived industry, would you?"

"Him! That's one of 'em."—Detroit News. Indigestion is often taken for consumption. The word consumption means wasting away, and dyspeptics often waste away as badly as consumptives.

The reason people waste away is because either they don't get enough to eat, or they don't digest what they do eat.

If the latter is your trouble, take Shaker Digestive Cordial. This will help you to digest your food and stop your loss of flesh.

Shaker Digestive Cordial is made from herbs, barks and the juices of fruit, by the well-known Shakers at Mount Lebanon. It possesses great tonic and digestive powers.

Shaker Digestive Cordial has cured many supposed consumptives (who were really dyspeptics), by simply helping their stomachs to digest their food, thus giving them nourishment and new strength.

Your Cough,

like a dog's bark, is a sign that there is something foreign around which shouldn't be there. You can quiet the noise, but the danger may be there just the same.

You know the old proverb of "the ounce of prevention?" Don't neglect your cough. A book which will tell you more on the subject sent free on request.

Your druggist keeps Scott's Emulsion of Cod-liver Oil. Put up in 50 cts. and \$1.00 sizes. SCOTT & BOWNE, New York.

PUNGENT PARAGRAPHS.

"Why is a strong man like you found begging?" "Ah, madame, it is the only profession in which a gentleman can address a beautiful lady without the formality of an introduction."

"Do you think your mother would let you have another piece of cake, Willie?" "Oh, yes, ma'am. She told me to be sure and get filled up while I had the chance."—Detroit Free Press.

"Isn't there any remedy for chronic drunkenness?" asked McGuzzle of a Dallas physician. "Certainly there is. Just you marry one of these strong-minded women. She'll sober you up."—Texas Sifter.

Old Gentleman to Railway Porter—"Porter, the rain is dripping in from the lamp-hole all over my trousers." Porter—"No, sir, it's quite water-tight, I assure you. It's only the oil leaking a bit."—Scranton Truth.

"I knows er heap er men," said Uncle Eben, "dat kain't re'lize dat it ain' no mo' wuk ter carry in wood or coal foh money dan it is ter carry er transparency in a percession foh nuffin."—Washington Star.

Unable to Compare.—He—"Miss Kitty, I've heard it said that a kiss without a mustache is like an egg without salt. Is that so?" She—"Well, really, I don't know—I can't tell—for in my life I never—" He—"Now, now, Miss Kitty!" She—"Never ate an egg without salt."—Woonsocket Reporter.

Insufficient Data.—"You are an expert, are you not?" said the caller. "Yes, sir." "Well, I wish you would take these two papers and tell me whether they were written by the same person." "Is it a matter of litigation?" "Very possibly." "Then it would be really impossible for me to comply with your request; not until I have learned upon which side I have been retained."—Washington Star.

When the Moon Looked Blue. "Once in a blue moon" is a saying which appears to be founded on fact. A Scandinavian captain named Salvesson, in Chinese waters, was fortunate enough to see a blue moon several years ago, about the time the atmosphere was supposed to be impregnated with the dust of the Krakatoa eruption. The color was like that of a hedge sparrow's egg—a pale, rather greenish blue.

The Value of Electrical Plants. Few persons realize the enormous amount of money which is invested in electrical plants of various sorts. Over \$100,000,000 are invested in electrical machinery used in mining. Electrical elevators employ about \$15,000,000 more. Electric railways represent about \$1,000,000,000. This does not include the money being used in the manufacture of electrical machinery.

"My boy came home from school one day with his hand badly lacerated and bleeding, and suffering great pain," says Mr. E. J. Schall, with Meyer Bros.' Drug Co., St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no other medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by Blakeley & Houghton.
