## DEPUTIES DEFEATED

### Serious Clash at Orangeville, in Pittsburg District.

#### EFFORT TO EVICT STRIKERS FAILS

##### Morning Battle in Which the Deputies Are Badly Worst and Compelled to Leave for Washington.

PITTSBURG, Sept. 7.—Efforts to evict the striking miners of the Pittsburg & Chicago Coal Company, at Orangeville, one and a half miles from Gastonville, resulted in a riot of no mean proportions, and the utter failure of the company to accomplish its object.

About 9 o'clock last night twenty deputies from Washington, Pa., in charge of Chief Deputy Wetherill, reached Finleyville, where they were met by a large crowd of strikers. Each deputy was armed with Winchester and revolver, but in spite of this the strikers, headed by 100 Polish women closed in on them and they were forced back and finally retreated to Gastonville, followed by about 200 men and women.

At Gastonville the deputies took refuge in the office of the company, where they were kept all night, during which time the building was bombarded with stones and bricks and an occasional shot was fired.

At 7 o'clock this morning the trouble of the night reached a climax, when the deputies sallied out from their besieged quarters and started to march to Orangeville. Headed by women, the strikers rushed on the deputies with stones and clubs and pick handles and the blows fell thick and fast. One big woman wrested a rifle from a deputy's hands and struck him on the head with it, inflicting a serious injury. By this time 1000 men, women and children had joined the crowd. They came from Venetia, Snowden, Calamity and Finleyville.

The deputies made their way to Orangeville and took refuge in a vacant house, closely followed by the mob, which surrounded the building and threatened to burn it. One of the strikers approached the house with a flag of truce and a conference was held. The deputies were ordered to leave town. After a short parley it was decided to do so. They emerged from the house a badly scared lot of men and walking between the opened ranks of the strikers, started for Gastonville. Almost every man in the posse was cut and bleeding and several were badly hurt.

As the defeated deputies ran the gauntlet, they were greeted with hisses, curses and ridicule. The strikers then closed behind them and marched them to the station, where they took the train for Washington. After their departure the mob dispersed and everything is quiet now.

#### FAMINE MENACES THEM.

##### Condition of the Irish People Becoming Desperate.

NEW YORK, Sept. 7.—A dispatch to the World from London says:

The World's special inquiries throughout Ireland fully corroborate the alarming predictions cabled Saturday of the failure of the harvest and a consequent impending famine. Crises of warning to the government are rising in a crescendo scale from all parts of Ireland. They are not confined, as in former years of distress, to the congested districts on the western seaboard.

From Mullinger, one of the most prosperous parts of the midlands, a correspondent telegraphs:

"The crops are now irretrievably destroyed. It will be impossible for the

were badly sunburned. I used Garland's Happy Thought Salve, and it cured them in short order."

EDWIN TERRELL, Sunnydale, Wash.

"It is a grand thing for sunburn and tan. I never used anything better."

MRS. POTTS, Tacoma, Wash.

"One jar of Garland's Happy Thought Salve cured me entirely of the severest case of sunburn I ever had. I have recommended it to my friends, who have all been benefited by it."

farmers to make anything of their cereals this year, as they are quickly rotting. In the churches a prayer for fine weather was recited, and if a change does not come immediately, the crop might as well be left to manure the ground."

From country Wexford, noted as one of the richest in the country, the tidings are: "The green crop may be described as a gigantic failure in county Wexford this year. The greater part of the potato crop is only fit for cattle feeding."

From Fermanagh, a correspondent telegraphs: "At a meeting held here to ask for a reduction in rents, the parish priest presiding declared that not since Black 1847 has the prospect for farmers in this district been so bad. In several places the potatoes have been a failure. Hundreds of tons of hay have been ruined by the heavy rains and floods."

From Carlow, known as "the model county," comes the following dispatch:

There is before our farmers an outlook as disastrous as it is possible to conceive, owing to the frightful weather. A great deal of corn cut early remains in the stacks injured beyond repair. In many districts the farmers have been unable to cut their crops, which present the saddening spectacle of being leveled to the earth by the persistent rains. Apprehensions concerning potatoes also have been dimly realized.

These evidences of the widespread character of the ruin wrought by the inclement season are merely samples from numerous reports received. The Irish government has adopted no measure as yet to cope with the threatened famine.

#### AUSTRALIAN CABLE NOW ASSURED

##### Its American Terminal Will Be at Vancouver, B. C.

VANCOUVER, B. C., Sept. 7.—The following-named telegraph magnates held a closed meeting in Vancouver in connection with the proposed cable line from Vancouver to Australia:

George G. Ward, vice-president and general manager of the Commercial Cable Company; S. S. Dickenson, superintendent of the company at Canoe, Nova Scotia, where the Canadian Pacific line connects with the Atlantic cable; R. V. Day, secretary to President John W. Mackay; J. Wilson, Pacific coast superintendent of Canadian Pacific telegraphs; L. W. Storrer, superintendent Pacific Postal Telegraph Company.

After the meeting no news of a direct nature could be obtained regarding the business transacted, but statements were made that inside information obtained warranted the announcement that a Canadian Pacific cable from Vancouver to Australia would be an assured fact at a comparatively early date, and that the present meeting had to do with some very important preliminary arrangements in which Millionaire John W. Mackay is to take a very prominent part.

Mr. Storrer stated that his company would of course handle the Pacific cable work at this end, and that he, with others, would inspect the proposed landing stages in British Columbia at once. The entire party will leave Victoria today.

Andrew Keller has just received a shipment of fresh oysters, which he will serve in any style to his customers. From now on oysters can be had at his bakery and cafe.

#### LIBERALS COME INTO POWER.

##### Report That Sagasta Will be Premier of Spain.

NEW YORK, Sept. 7.—A Herald special from Barcelona says that it is stated on the highest diplomatic authority that the present Spanish government will go out within a fortnight, and that the liberals will come in. The Herald's correspondent in Washington, commenting on the above, says:

The officials of the state department have not received any information of a change in the Spanish ministry, but they have believed ever since the death of Canovas that it is quite probable the conservative ministry would be succeeded by one headed by Sagasta.

Such a change has been hoped for by the administration, for the reason that it is believed that the liberals would pursue a course in regard to Cuba very different from that followed by the conservatives, both before and since the death of Canovas, and that if Senor Sagasta should come into power he would receive with favor the new offers of the United States, to bring about an end of the insurrection, which Minister Woodford is to make.

#### From Chicago to the Yukon.

CHICAGO, Sept. 7.—"Klondike or sink" is the motto of the members of an expedition which purposes to navigate from Chicago to the mouth of the Yukon river in the schooner George Sturges. The Sturges will sail from Chicago in about a month, manned and provisioned for a trip of six months' duration. At the end of that time, if all goes well, the craft will be among the icebergs in Behring sea and the doughty mariners will be getting ready to ascend the Yukon in the spring.

The George Sturges has been purchased by a party of men headed by Adolph Freitech, captain of the little yacht Nina, which crossed the Atlantic. The vessel will sail down the great lakes and the St. Lawrence river to the Atlantic and thence south, rounding Cape Horn and up the Pacific coast to the Yukon.

At the mouth of the river the Sturges will be left while the crew starts for the gold fields, and when the crew cares to return she will serve as a treasure-ship to bring back the nuggets.

#### A Fine School.

St. Mary's academy for ladies, located in this city and under the direction of the Sisters, is one of the best educational institutions on the coast. The building is of brick, large and well ventilated. Besides the regular studies, especial effort is made to instill into the minds of the pupils a desire to form their hearts to virtue, and to fit them to be true and noble women. Gratuitous lessons are given in all kinds of plain and fancy needle work, knitting, embroidery, etc. Pupils will receive the same watchful care that would be given them by conscientious parents. It is in fact an ideal school and a pleasant home. Those who have girls to send to school should write to St. Mary's academy for terms. ti.

#### Cooper's Chicago Record.

SAN FRANCISCO, Sept. 7.—Chief of Police Lees has received further information regarding the Chicago record of "Sir Harry" Westwood Cooper. He secured from Mrs. Murphy, his landlady there, \$1400, taking her check in exchange for worthless drafts on the Bank of New South Wales. Her attorneys, Dunn & Byron, learning of this, warned her that Cooper was a swindler, they having had some experience with him. Instead of heeding their warning she turned their letters of warning over to Cooper.

It has been gossip of the European capitals for months that he was a devoted and ardent wooer of the Jersey Lily.
