"Peace With Wheat."

Here is a good "say" from one of our exchanges:

There is food for thought in the fact that the European countries that are longest on war stock are shortest on wheat stock. It is the peculiar happiness of the United States to have the smallest army and the largest wheat crop of all the "great powers."

Growing Children

One-third of all the children die before they are five years old. Most of them die of some wasting disease. They grow very slowly; keep thin in flesh; are fretful; food does not do them much good.

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites is just the remedy for growing children. It makes hard flesh; sound flesh; not soft, flabby fat. It makes strong bones, healthy nerves.

Book about it free for the asking. No substitute for Scott's Emulsion will do for the children what we know Scott's Emulsion will do. Get the genuine. For sale by all druggists at 50c. and \$1.00. SCOTT & BOWNE, New York.

INCIDENT OF TROLLEY TRAVEL.

Front Seat Passenger Sees the Conductor Operate a Safety Switch.

A man who was enjoying the air and the scenery from the front seat of a trolley car in the state of New Jersey, says the New York Sun, saw against one of the rails of the track ahead, when the car had come to a dead stop at a railroad crossing, a tongue that looked something like a switch point.

The conductor got down and went to the railroad track and looked the right and left to see that everything was clear and that it was safe to pass. The man sitting on the front seat of the trolley car expected the man would take this opportunity to get down and close that switch, or to bend over and close it with a car hook, or somehow from the car, but he didn't do anything of the kind; he just stood still.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood.
