

The Dalles Chronicle.

VOL. X

THE DALLES, OREGON, WEDNESDAY, SEPTEMBER 15, 1897

NO 213

GOLD FROM YUKON

Steamer Belle Homeward Bound With \$500,000.

THE STEAMER BRINGS NINETY MEN

Some Are Prospectors Fleeing Before the Shadow of Famine Lowering Over Dawson.

ANVIL, Alaska, Aug. 23, via Seattle, Sept. 14.—The steamer Bella, of the Alaska Commercial Company, passed the steamer Hamilton this afternoon. There are ninety passengers on the Bella, seventy miners returning with their stakes, said to aggregate \$500,000, and the remainder are prospectors fleeing from the shadow of famine to come.

Louis Sloss, jr., of the Alaska Commercial Company, who was on board, confirmed all the reports hitherto given of the shortage of food supplies.

"We have been compelled to adopt measures," said he, "to prevent single individuals from cornering the food supplies. For this reason we have limited the quantity of grub to be sold to each person. One sack of flour each week is all that any man is allowed to purchase. We closed our store for a time after the Bella arrived, declining to sell to anyone until we found out what we had in stock and how far it would go toward supplying the orders we had already. We will not sell supplies to either hotels or restaurants, and as far as possible to miners only."

Jack McQuesten, the Alaska Commercial Company's trader at Circle City, who was one of the number on board the Bella, says there is not enough provisions in the Yukon country now to supply the demand.

DENTISTRY AT DAWSON.
A Seattle Man Practices It and Is Making Money.

SEATTLE, Sept. 14.—Dr. M. M. Caldwell, a dentist, formerly of Seattle, now of Dawson City, writes his wife in this city under date of Dawson City, August 8, as follows:

"I have opened an office here and am doing well. The 13th of the month will be two months since I started in business. I have made \$1357.50 up to this date. That will be about \$700 per month.

"Moose meat and fish have been very plentiful here this last month. Fish at 25 cents per pound and moose at 50 cents. Most people like moose as well as beef. I don't go much on moose. I think that I got hold of an old tough bull. It took all day to cook it. The Alaskan Indians live on such things for months, and are fat and healthy. As long as moose and fish hold out, there need be no fear of anyone starving to death. I think that I will get quite a lot of crown work to do here. There is no one else here that can do it. I charge from \$35 to \$50 each.

"The days are beginning to get a little shorter now, as it gets dark between 11 o'clock and midnight. The last time that I saw any dark night was when we were camping on Lake Lebarge. That was June 1. Since that time the nights have been about as dark as a cloudy day. Cold weather will set in about September 15. I have just had dinner. The bill of fare was as follows:

"Soup, dried spuds, with beef grease and salt; potatoes, with peelings on, twenty cents per pound; bread, baker's, three loaves for \$1; butter, middling fair, seventy-five cents per pound; lemonade made from acid of milk; coffee that came from Seattle. Fresh potatoes cost \$20 per ton. "I think that I ate seven or eight for dinner today—potatoes, not tons."

Apoplexy the Cause.
OAKLAND, Cal., Sept. 14.—Details concerning the death of J. C. Boatman, as-

Salt Rheum

Two applications of Garland's Happy Thought Salve daily cures Salt Rheum. First wash with warm water and pure Castile soap. Rub well with the Salve, and cover with rubber gauge to keep the moisture in.

"Garland's Happy Thought Salve cured me in sixty days of Salt Rheum that I had for ten years. It's worth \$10 a jar to a man who has suffered as I have."
S. E. VAN OLINDA,
Yashon Island, Wasa.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.
ROYAL BAKING POWDER CO. NEW YORK.

Assistant United States director of fisheries at Juneau, on the 5th inst., have been received. H. M. Ketchin, agent of the treasury department, has arrived here and states that Boatman was taken ill and wandered to the beach, where he was found unconscious. He was removed to a hospital where he died. No signs of violence were found upon his person and an autopsy revealed that death was due to apoplexy.

TROLLEY CARS MET.
Serious Collision on a Chicago Suburban Line.

CHICAGO, Sept. 14.—Two electric cars on the Suburban electric railway collided while running at full speed along a stretch of single track on Harlem avenue south of Harrison street, in Lagrange, this morning.

The accident happened just before 7 o'clock, when the traffic was heavy and nearly all the passengers with which both cars were crowded were injured. Motormen J. Murphy and John Jamison will die.

On account of a heavy mist which hung over the tracks, the motorman of the south-bound car, which was to have passed the north-bound car where double track ends, failed to notice that he had left the double track. Before he could reverse and run back, the north-bound car came up and collided with terrific force.

"Don't think because you are sick and nothing seems to give you relief that you can't be cured.

There must be a cure for you somewhere.

If your doctor can't cure you, perhaps he has mistaken the cause. Anybody is liable to make a mistake sometimes. One in three of us suffer from indigestion, and one out of three dyspeptics doesn't know it. That is, he may know he is sick, but he blames it to something else.

Indigestion is the cause of half of our dangerous diseases.

Shaker Digestive Cordial, made from tonic medicinal roots and herbs, is the most natural cure for indigestion. It relieves the symptoms and cures the disease gently, naturally, efficiently, giving strength and health to sick dyspeptics.

At druggists. A trial bottle for ten cents.

A BULGE IN HER BOTTOM.

Battle-Ship Indiana Damaged in Docking at Halifax.

NEW YORK, Sept. 14.—A special to the Journal and Advertiser from Halifax says:

During the recent docking of the battle-ship Indiana her bottom bulged under the forward turret. The fault is attributed to Naval Constructor Bowles, of New York. He came here to see that the docking was properly done. The weight of the turret was so great that the bottom sank enough to seriously affect the turrets' supports.

The dock officials say they have docketed British naval vessels much heavier than the Indiana without trouble, and regret the accident to the Indiana, but critics in the United States will be disposed to throw the blame upon them and accuse them of purposely trying to cripple one of the best vessels in this navy.

Bread, cakes and everything of that kind, as well as confectionery, ice cream, etc., at the Elite, next door to Parkin's barber shop. 7-1

SPANISH SMACKS FIRED UPON.

An Exciting Incident Off the Florida Coast.

TAMPA, Fla., Sept. 14.—The Spanish consul here, Pedro Solis, is wrathful because the state patrol steamer Germ fired on several Spanish smacks. The Germ is a large trim launch belonging to the state health board, and is armed with small cannon. The Spanish smacks hover around the coast and sell Spanish liquors, etc., to the sponging and fishing vessels that come here, thus infringing on the quarantine laws. This practice is to be broken up, and the state health authorities have adopted stringent measures. Last week two were captured, and the American and Spanish vessels caught together were sent to quarantine.

While the Germ was on her last trip she sighted two Spanish smacks and they put to sea. Finding she could not overhaul them, the launch sent a solid shot after them. The second shot brought them to, and they were sent to quarantine.

The Spanish consul wired a complaint to Washington after the firing on the Spanish vessels, and the matter was brought to the attention of Dr. Porter, state health officer. Mr. Porter and Mr. Solis had a conference yesterday in which the health officer, who is a retired naval physician, plainly told the consul that the smacks would be fired on and hit, too, if they did not stop when signaled.

There was much feeling over the firing, as the Cubans have made much ado over the matter of an American vessel firing on the Spanish flag, and jeered the Spaniards here about it.

The Views of Sagasta.

MADRID, Sept. 14.—Senor Sagasta, liberal leader, in an interview on the subject of the Cuban insurrection, says the uprising instead of dying out is spreading considerably. In addition Senor Sagasta says the situation in the Philippine islands is serious. He also asserts the Carlist propaganda in Spain cannot be viewed with indifference, and expresses the belief that a reconciliation between the political parties in Spain is impossible as long as the conservatives are in power.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Blakeley & Houghton's Drug Store. (2)

Result of a Land Dispute.

TACOMA, Sept. 14.—Particulars have been received of the murder of Peter Counts, late in August, at his ranch on Similkameen river, Okanogan county. They show that his killing is the seventh in a series of murders resulting from land disputes and indirectly from delay in the approval by federal authorities of land surveys made six and seven years ago.

Coutts' homestead lies on the east bank of the river, three miles north of the Wyandotte mine, extending through bottom ground overgrown with brush. The forty acres in dispute is only a tract of marsh.

"My boy came home from school one day with his hand badly lacerated and bleeding, and suffering great pain," says Mr. E. J. Schall, with Meyer Bros. Drug Co., St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no other medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by Blakeley & Houghton.

ATTENTION, SHEEPMEN!

Do you want the earliest and best range in Washington, with 640 acres of deeded land, and a chance to raise unlimited quantities of alfalfa? If you do, call on or address
