## A REMEDY FOR FEVER

A Denver Physician Said to Have Discovered It.

CURES BY REMOVING THE CAUSE

Animals Are Immersed in a Solution Which Causes Ticks to Leave Their Bodies.

DENVER, Sept. 17.—After many months of effort and repeated experiments, a cure for cattle fever has been found. Dr. V. A. Norgaard, of this city, is the discoverer. Solution after solution was tried by him in the effort to find one that would be effectual and cheap, as well as immediate in its results.

The plan is to exterminate the insect known as the tick, which abounds on fever-stricken cattle, and through the means of which the disease is communicated. To do this the cattle are forced to swim through a solution in a vat. What the solution is, is not known at present, but crude petroleum is used.

When the successful experiment was tried 27 head of very "ticky" cattle were forced to swim through the solution, and it was noticed that while standing on the dry boards there was almost a perfect rain of ticks falling off the cattle. They were put into a special pen, and the next day, just 17 hours after the experiment, a rigid examination was made and the examiners failed to find a single tick in the whole herd. There was no damage done to the eyes of the cattle dipped, and not a single bad effect resulted.

If the remedy proves to be all that it claimed it can do, the cattle market will experience somewhat of a revolution, and about 500,000 head of cattle will be shipped north each year during the now prohibited season, which extends from February 15 to November 15. The "fever line," from beyond the limits of which no cattle can be shipped to the North during the prohibited period, as it now stands, stretches from ocean to ocean and Arizona, New Mexico, Texas, Arkansas, Mississippi, Alabama, Virginia, part of West Virginia and Louisiana from the district affected.

State Veterinarian Goswell is much pleased with the results of Dr. Norgaard's experiments, and says without doubt the long-sought remedy has been found.

A convention of men from all states and territories that handle cattle has been called to meet at Fort Worth, September 27, and at this meeting it is expected the new scheme of dipping cattle will be shown, and should it prove a success, many of the states will be ready to so modify their laws that the cattle of the South can enter Northern Markets.

### MAY BE A BRUISER'S HAVEN.

Police Disposed to Countenance "Friendly Contests."

ST. LOUIS, Sept. 17.—While the benefit given last night at Armory hall to Dan Creedon, the pugilist, who returned recently from Europe, was not a success financially, the friends of pugilism in this city were much pleased with the result, for the police made no interference, as had formerly been the case. The programme consisted of boxing and wrestling bouts, feats of heavy lifting, etc. In a boxing bout between Fitzsimmons and Connors, both of Springfield, Ill., the latter had his right wrist broken. Three rounds were boxed by Creedon and Joe Choyinski.

Heretofore the police have interfered with all boxing matches held in St. Louis, and the local sporting fraternity

## Salt Rheum

Two applications of Garland's Happy Thought Salve daily cures Salt Rheum. First wash with warm water and pure Castile soap. Rub well with the Salve, and cover with rubber gauge to keep the moisture in.

"Garland's Happy Thought Salve cured me in sixty days of Salt Rheum that I had for ten years. It's worth \$10 a jar to a man who has suffered as I have."  
E. E. VAN OLINDA,  
Vashon Island, Wash.

## ROYAL BAKING POWDER Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.  
ROYAL BAKING POWDER CO. NEW YORK.

were afraid that they might do so last night. That the police did not have given them much encouragement, and will make an opening for more such events in the future.

### A FLOOD OF CRITICISMS.

London Newspapers Incensed at the Bank of England.

LONDON, Sept. 17.—The Westminster Gazette this afternoon referring to the letter of Governor Hugh C. Smith, of the Bank of England, to Sir Michael Hicks-Beach on the subject of the bank's reserve, says:

"Although the governor's statement is perhaps meaningless so far as practice is concerned, it is to be deeply deplored that the bank has budged from its principles. It is not dignified for the 'old lady of Threadneedle street' to flirt with the bimetallic faddists.

"We want gold against notes and there is no reason why the old statute, when silver bore an entirely different character, should be refurbished at the bidding of those who want to dispose of silver. The bank's reserve is not so large that it can be tinkered with. Moreover, by yielding in these matters of principle we open the way to the thin edge of the wedge. If the threat is carried out, what would happen is exemplified by the statement of the trustee who declares he would feel compelled to sell his bank stock and close a risk."

St. James' Gazette says on the same subject:

"The scheme seems to be knocked in the head for the present, but the reception of even the feeble announcement in the city will have the effect, if anything, of being favorable to the bimetalists. The United States has done nothing to make such risky politeness to the silver men on our part popular in this country."

The Globe says:

"The whole scheme is innovating and mischievous. It seems to us wholly undesirable and even perilous to subject our monetary system to foreign influence through the government."

### BAD COLLISION IN WISCONSIN.

Two Trains Came Together Near Chippewa Falls.

MILWAUKEE, Sept. 17.—A special to the Journal from Chippewa Falls, Wis., says:

A disastrous wreck occurred on the Wisconsin Central railroad six miles west of this city this morning, resulting in the death of five people and the serious injury of four others.

Two free trains, through a mistake in orders, while going forty miles an hour, met on a curve and came together with terrific force.

The dead are: Engineer Warren, Engineer Smith, Fireman Smiley, Brakeman Miller, and an unknown man riding between the cars. It is thought others are buried in the wreck.

The two brakemen were taken from the wreck about 7 a. m. and are seriously injured. Two passengers in the caboose are slightly injured. Engineer Warren and Smith and Fireman Smiley and Brakeman Miller, all killed, were residents of this city. Their bodies were terribly mangled.

It is not known where the blame lies, but it is rumored both trains were given the right of way.

### DAMAGE NOT GREAT.

Reports as to Condition of Eastern Washington Wheat.

SPOKANE, Wash., Sept. 16.—The reports that from one-third to one-half of the wheat crops has been ruined by

rain north of the Snake river are incorrect. A Tacoma grain buyer, who has just returned from a tour of the Palouse towns and country, from Riparia, on the south, to Spokane on the north, states, that if the damage by rains exceeds 5 per cent he is no judge of grain. Where the rainfall was greatest, the grain is bleached, but has thoroughly dried and is being threshed and will grade high.

The only important damage reported is to 80 tons of wheat in sacks stacked on the Snake river awaiting transportation. Much of it was ruined.

The Potlatch country reports that not 5 per cent damage has been done.

About Moscow, Idaho, and on the Nez Percés reservation 3 per cent will fully cover all losses.

In the Big Bend country, the great wheat belt of Central Washington, the prospects are glowing. Not 2 per cent of the crop, which is the largest ever raised, is damaged, or will be lost.

C. P. Chamberlin, general manager of the Central Washington railroad, which handles nearly all the Big Bend wheat says absolutely no loss will occur to standing or stacked grain from rain.

### IMPROVEMENT IN FERRIES.

Inspectors Edwards and McDermott on the Columbia River.

PORTLAND, Or., Sept. 17.—Inspectors Edwards and McDermott left for up the Columbia last evening to inspect, under the new law, the ferries fitted with gasoline engines now plying on the river. They will look after the naphtha launch Rufus, ferrying from the town of Rufus; the gasoline barge Yukon, crossing from Arlington, and the newly built ferry steamer Cuban Queen, at Columbus, Wash.

The ferries of the Columbia river have been greatly improved during the last year, increased business, due to better times, having encouraged the owners to put on new and modern boats.

### The Luetgert Trial.

CHICAGO, Sept. 17.—The Luetgert trial opened this morning with the cross-examination of Professor Dorsey. The questions of the attorney referred entirely to the various kinds of bones of animals and human beings. The answers of witness were technical, but of a character supporting his original identification, and the testimony with reference to the bones in evidence.

Don't think because you are sick and nothing seems to give you relief that you can't be cured.

There must be a cure for you somewhere.

If your doctor can't cure you, perhaps he has mistaken the cause. Anybody is liable to make a mistake sometimes. One in three of us suffer from indigestion, and one out of three dyspeptics doesn't know it. That is, he may know he is sick, but he blames it to something else.

Indigestion is the cause of half of our dangerous diseases.

Shaker Digestive Cordial, made from tonic medicinal roots and herbs, is the most natural cure for indigestion. It relieves the symptoms and cures the disease gently, naturally, efficiently, giving strength and health to sick dyspeptics.

At druggists. A trial bottle for ten cents.

### Lord Sholto and Wife En Route East.

SEATTLE, Sept. 16.—Lord Sholto Douglas, second son of the Marquis of Queensberry, whose sensational marriage to an actress in San Francisco not long since was the talk of two continents, is in the city, accompanied by his wife. They are on their way to New York and were registered at the Northern hotel this morning as "S. Douglas and wife."

### Buckien's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Blakeley and Houghton, druggists.

### ATTENTION, SHEEPMEN!

Do you want the earliest and best range in Washington, with 640 acres of deeded land, and a chance to raise unlimited quantities of alfalfa? If you do, call on or address

J. H. CRADLEBAUGH,
