## NOT AN ANARCHIST

He Does Not Favor the Use of Dagger and Torch.

HIS FOLLOWERS SO INFORMED

Anarchists Notified That They Had Better Withdraw From the Social Democracy.

CHICAGO, Sept. 20.—E. V. Debs attended a meeting of branch No. 1, social democracy, at Journal hall last evening, and lectures its members soundly on account of the incendiary speeches of the preceding Sunday.

Mr. Debs told them in plain language that he did not favor the use of the dagger or the torch. He said he did not advocate arson and assassination. He repudiated the talk of revolution. He declared that violence and bloodshed had no part in the plans of social democracy. He said the hope of social democracy lay in peaceful methods, and he pointed to the ballot as the remedy for the evils complained of. He told the anarchistic element in plain terms that it had better withdraw from the organization.

The hall was crowded and Debs was frequently interrupted by questions. One questioner who asked if social democracy was not virtually anarchic, seemed to be hostile, but as a rule, the meeting seemed to be in sympathy with Mr. Debs, applauding his repudiation of violence and laughing scornfully at the hostile questioner. Several police officers were present in citizens' clothes, but there was no excuse for their interference.

John J. Cook caused a mild sensation by resigning his membership, and declaring that Debs had partially abandoned the colonization scheme and was seeking to make a political party.

Fitzgerald Murphy, chairman of the executive board of branch No. 1, frankly acknowledged that he had committed an error in making an inflammatory speech and he announced he would endeavor to carry out Mr. Debs' programme of peace.

Sylvester Kelliber, secretary of the national organization, explained that the national executive board had repudiated the resolutions passed by branch No. 2 on the preceding Sunday, and had suspended its charter.

Branch No. 2, of which T. Putnam Quinn is president, resolved last night to stand by the fiery resolutions adopted the previous Sunday, to resist any action looking to the suspension of the branch by the executive board of the social democracy, and to prefer charges of malfeasance against Debs and the four members of the executive board.

**NO TRACE OF THE VICTIM.**  
Little Doubt Remains That Andy Still's Wife Was Murdered.

WARRENSBURG, Sept. 20.—Six days have elapsed since the young wife of Andy Still was abducted by the three drunken farmer boys, Hull, McKeehan and Jackson, yet no trace of her can be found. Feeling is still running high in Jefferson township, where the outrage was committed, and the conviction has become settled that murder has been added to abduction and assault.

Advices says today that the missing woman has not returned to Warsaw, which disproves the story of young Hull that she was placed on the train at Leeton and sent to that place.

All concerned are now under arrest, but they deny any knowledge of the whereabouts of their victim.

The anger of the people of Jefferson township will explode if the woman is not soon found.

## SITUATION IN THE YUKON.

Actual Starvation Not Imminent, Says Bishop. Kowe.

SAN FRANCISCO, Sept. 20.—Right Rev. Peter Rowe, of the Episcopal church, after an absence of two years in Alaska and along the Yukon, has returned to civilization, and is staying for a few days in this city. He reached the Klondike about the time the mining excitement was at its height, and he is of the opinion that the stories told of the mineral resources of that region are not at all exaggerated. When asked as to his opinion relative to the outlook for those who have gone into that country this year, the bishop said:

"While there is sure to be some privation and want, still I do not believe there will be many cases of actual starvation."

While on the Yukon, the bishop paid considerable attention to the natural features of the country, and he expresses the belief that while the Yukon valley will never be an agricultural coun-

try, still there are many vegetables that will grow there.

## All Kite Records Again Broken.

BLUE HILL OBSERVATORY, Mass., Sept. 20.—All kite records were broken here yesterday, when the topmost kite of a string of seven, of the Hargrave type, with four miles of wire, attained an altitude of 10,016 feet above sea level, and 3560 feet above the summit of the hill. An aluminum box was sent up containing instruments for recording pressure, temperature and humidity, and was swung 350 feet below the topmost kite. At the highest point a temperature of 38 degrees was recorded, while it was 60 at the surface of the earth. At a height of 4000 feet the humidity rose rapidly, but sank again at a mile, where it was quite low. At 7000 feet it again rose, and soon reached a point where there was almost a complete saturation in the air. From there up the atmosphere became dry, until at the highest point there was scarcely any moisture recorded. At the ground the humidity all the afternoon was quite low.

## A Message from Andree.

COPENHAGEN, Sept. 20.—A dispatch from Hammerfest, the northernmost town of Europe, in Norway, says the whaling ship Paik has brought there the third pigeon dispatch from Prof. Andree, who left Tromsøe in a balloon July 11. The message reads: "July 13th, 12:30 p. m.—Latitude 82.2 north, longitude 12.5 east. Good voyage eastward. All well."

## Incendiarism Suspected.

PHILADELPHIA, Pa., Sept. 20.—The tile works of Mayer, Landis & Co. were destroyed by fire today. Loss, \$20,000. The building had scarcely been destroyed when Harry A. Landis, a member of the firm, was placed under arrest and held in \$1000 bail for a further hearing, being charged with setting the place on fire. There was \$10,000 insurance.

## A Daylight Holdup.

MINNEAPOLIS, Sept. 20.—Three tramps held up a Great Northern train at daylight this morning, near Smith Lake, Minn. They robbed several cattle-men. Two of the robbers succeeded in jumping from the train, while the third was cornered and arrested. He gave his name as Fisher.

## To Keep Out Anthrax.

WASHINGTON, Sept. 20.—Acting upon the request of the secretary of agriculture, the treasury department requested the secretary of state to instruct all the consular officers of the United States to refuse authentication of invoices of hides of meat cattle from districts in which anthrax exists.
