IN CHILKOOT PASS

One Thousand Men Caught Out in It September 1.

A LETTER FROM CRATER LAKE

Dyea Trail Likely to Be Completely Blocked With Snow by September 25.

SAN FRANCISCO, Sept. 21.—A letter from Crater lake, Alaska, dated September 2, says:

A thousand men toiled all of yesterday in a blinding storm of snow and sleet on the summit of Chilcoot pass. The blizzard lasted from daylight till dark.

T. C. Willard, of Butte, Mont., fell from the rocks at a point half way between the summit and Crater lake, and fractured a bone in his left forearm. A physician set the limb and Willard pluckily continued across toward Lake Lindemann.

An Indian at Dyea said a few days ago that Chilcoot pass would probably be blocked by snow about the 25th. He said that miners fortunate enough to have their supplies across the summit before that time can reach Dawson. The rivers he claims will keep open until late in November, although the lakes will probably be frozen in six weeks.

Ten days ago the Indians charged 32 cents a pound for packing from Dyea to Lindemann, the rate is now 40 cents. When the next steamer arrives it will probably jump to 50 or 60 cents.

COLLEGE-BRED GOLDSEEKERS.

Several of Them Arrive at St. Michaels En Route to Klondike.

HANOVER, N. H., Sept. 21.—F. C. Staley, of Chicago, a member of the class of '98, Dartmouth college, has arrived at St. Michaels on his way to the Klondike. In a letter received from him he states that in the party are a number of college men, two from Yale, two from Harvard, several from Berkeley college of California, three from Stanford university, two from Kenyon, one each from the university of Michigan, Columbia, Iowa and Cornell. In addition he confirms the report of a scarcity of food in the gold region, as told by those returning down the Yukon river.

OF COURSE ITS FROM ANDREE.

The Daily Pigeon Message Landed in Ohio This Time.

CINCINNATI, Sept. 21.—The Enquirer's special from Xenia says:

A carrier pigeon has been found by B. Sconwell in his barnyard near here. The bird is in an exhausted condition, and gave evidence of a long flight. A silver band was fastened around the bird's leg on which was engraved some words and letters which were so worn and rusted as to be almost entirely undistinguishable. But few of the letters could be made out. Many people here are of the opinion that it is an Andree pigeon. As yet the message has not been deciphered.

MRS. STILLS WAS TIRED OF ANDY.

Her Alleged Abduction Really An Elopement.

WARRENSBURG, Mo., Sept. 21.—The latest developments of the Stills abduction case are exceedingly sensational. Relatives of the accused parties persuaded Prosecuting Attorney Bradley to go to Jefferson township and investigate. He was taken into the woods 10 miles from the scene of the alleged crime and shown a woman in company with a gang of young men, who claimed to be the missing Mrs. Stills. When questioned, she admitted that she was the wife of Andy Stills, but said she had left him willingly, to go will Hull, McKeen

and Jackson, and did not want to return to him.

Mr. Bradley says he satisfied himself the stories of abduction and outrage of the wife as told by Stills is untrue, but many persons here are not satisfied with the revelations made by friends of the accused.

Constable Hudson says he found that Mrs. Stills was with her mother at White Sulphur Springs up to 11 o'clock Saturday morning.

A liveryman at Leeton says positively that he took Mrs. Stills to the home of her mother, and was paid by a relative of the three accused men for doing so.

PREACHERS ARE INDIGNANT.

Sunday Work in the Chicago Federal Building Displeases Them.

CHICAGO, Sept. 21.—Presbyterian ministers of Chicago are indignant over the fact that the work of excavating for the foundation of the new federal building at Clark and Jackson streets is being prosecuted on Sunday. At the weekly meeting of the Presbyterian Ministers' Association resolutions were passed and copies forwarded to President McKinley and Secretary Gage, expressing regret that the Christian Sabbath is being violated by the building of the new postoffice and custom-house, and requesting that officers having the building in charge order that the law of God be obeyed and all labor on or connected with the construction of said postoffice be suspended on the Christian Sabbath.

The ministers are confident that the federal authorities will act favorably on the matter.

Better cut these rules out.

MINERS' STRIKE ENDED.

Work Being Gradually Resumed at Many Points.

WASHINGTON, Sept. 21.—M. D. Ratchford, president of the United Mine Workers of America, who is here to attend a special meeting of the officers of the Federation of Labor, gives the following statement to the Associated Press today:

"Today will see about 75,000 miners resume work in the bituminous coal fields of the Central states. The strike generally ends today. The mining situation is not likely to become disturbed again until the beginning of next year, at which time we hope to be able to settle the wage differences amicably and without the necessity of striking.

"Of course the victory is not altogether one of the miners. While they have done the striking, the trades unions and organized bodies have supplied the necessities, without which the miners could not have possibly succeeded. It is a victory for organized labor and not for any particular trade, and we want our friends who have helped us to feel that it's their victory as well as ours."

MURDER IS THE CHARGE.

Sheriff Martin and Forty Deputies Held for Trial.

WILKESBARRE, Pa., Sept. 21.—Sheriff Martin and about 40 of his deputies were arraigned in court this morning, charged with the murder of 24 striking miners at Lattimer. Several witnesses testified. The judge held the sheriff and deputies in \$4000 bail, each for trial. Bail was furnished and they returned to Hazleton.

FREIGHT SUBJECT TO DELAY.

Effect of Fever Quarantine on the Railway Business.

KANSAS CITY, Sept. 21.—Kansas City railroads having outlets at Gulf ports are notifying shippers that freight for Gulf points will be accepted subject to delay only. This is due to yellow fever quarantine which is now being rigidly enforced, freight as well as passenger trains being subject to the rule.

There is every indication that the big grain crop of the Southwest, which has begun to move in great quantities to the Gulf ports, will be driven back to the Atlantic ports, from which it has been largely diverted, owing to the activity of the Gulf railroads.

No Alarm at Chicago.

CHICAGO, Sept. 21.—The report that two cases of yellow fever have been discovered at Cairo, Ill., has not alarmed Chicago health officials. Health Commissioner Reynolds doubts if the cases at Cairo are yellow fever, and believes they are either malaria or "breakbone" fever. He has no intention of rescinding his proclamation, welcoming Southern refugees to Chicago.
