## SEDITION IN THE AIR

Republics on the Eve of an Upheaval.

### SUCCESS OF REBELS INEVITABLE

Costa Rica and Nicaragua Menace Each Other—Revolt Imminent in Honduras.

NEW YORK, Sept. 27.—A Herald dispatch from Washington says:

The Central American republics, according to pan-American diplomats in Washington are undoubtedly on the eve of a general upheaval. The success of the revolutionists in Guatemala, attaining the downfall of Barrios and the elevation of Prosper Morales to the presidency, is believed to be inevitable, and is likely to, of itself, bring about a revolution in several of the republics.

The imprisonment of the Costa Rican consul-general, Don Eduardo Beech, by the Nicaraguan authorities is regarded as a serious breach of international courtesy that can hardly prevent a rupture.

The seeds of sedition are easily sown in Honduras, and the uneasiness in that country seems likely to develop into open revolt against President Bonilla, as an indirect result of the revolution in Guatemala. Salvador alone of the Spanish-American states at present appears quiet and likely to remain so.

A successful revolution in either of the republics comprising the greater republic of Central America would mean the dissolution of the feeble diplomatic bonds which now unite them, and from present conditions a coalition of this nature might be difficult to bring about.

A pan-American diplomat who is thoroughly familiar with the Central American situation, said:

"There seems every probability that the revolutionists in Guatemala will be masters of the government in a short time, and that Barrios will be forced to leave the country, if he is not assassinated. One of the strongest and most efficient supporters of the Guatemala revolution is General Domingo Vasquez, who is now in Chiguinula, where Barrios is. Vasquez about four years ago was president of Honduras, but was driven from that country. He would like to regain the presidency of Honduras, and should Morales be made president of Guatemala through his aid, plots will be formed for the downfall of President Bonilla.

"Vasquez as president of Honduras would be dangerous to peace of Nicaragua. His hatred of Zelaya would easily find a pretext for starting afresh the latter's opponents, who, with aid from Honduras and Guatemala, would probably be able to defeat Zelaya and elevate his rival, Alejandro Chamorro, to the presidency. These results, I believe, are almost sure to follow a revolutionary victory in Guatemala."

Dr. Horatio Guzman, formerly minister to the United States from Nicaragua, said:

"Under present conditions it is impossible to prevent recurring revolutions in Central America. I have long advocated the establishment of a protectorate of the United States over Nicaragua and the other states, if not actual annexation, and in this view I am supported by a majority of the educated and moneyed classes of the Central American states. I see no other means of insuring the benefits of a peaceful republican government to Spanish America."

## Cured by "Happy Thought" Salve.

"I was troubled with an Eczema or eruption on the hands for two years. I spent quite a sum of money without getting a cure. Then I commenced using Garland's Happy Thought Salve. I have used six or eight jars, and am cured. It is a great medicine, and I can fully recommend it to anyone troubled with skin disease." J. M. E. ATKINSON, City Treasurer, Seattle, Wn.

### BOTH FACTIONS CLAIM THE NAME.

Dispute Among Nebraska Gold and Silver Republicans.

LINCOLN, Neb., Sept. 27.—Some interesting litigation growing out of the peculiar state of politics in Nebraska has developed. The gold republicans have filed a protest with the secretary of state against the silver republicans being designated on the ticket under that name. They state as a reason that the new election law of the state prohibits any new party from taking the name or any part of a name of a political organization already in existence.

In reply tomorrow the silver republicans will begin by admitting the correctness of the gold republicans' interpretation of the law, but will maintain that the republicans are the usurpers and should be enjoined from using the title "republican party," and in support of their position they will quote from a number of state platforms in which a common use of gold and silver is declared to be the cardinal principle of the republican party, and in which free coinage is supported. In addition they will quote from speeches made in Nebraska by Senator Thurston, in which he declared his adhesion to free silver, and asserted that it was a part of the original policy of the republican party that the two metals should be the original money of the nation.

Whatever the decision of the secretary of state is, the case will be carried to the supreme court. It is thought that the matter will assume national proportions.

### THE SEALING CONFERENCE.

England Has Not Refused to Participate After All.

LONDON, Sept. 27.—An announcement was made this afternoon confirming the dispatches of the Associated Press of Saturday last. The Marquis of Salisbury has not withdrawn from the Behring sea conference, but was simply objected to the presence of Russia and Japan. Negotiations on the subject are proceeding. Great Britain is willing to take part in the conference, and is endeavoring to secure the acquiescence of Canada. The United States ambassador, Colonel John Hay, and the British ambassador to the United States, Sir Julian Pauncefote, visited the foreign office this afternoon.

The Japanese minister here said to a representative of the Associated Press today:

"While no formal communications have passed between Japan and England, I have discussed the arrangements for a conference with foreign office officials."

### THE GUATEMALAN REVOLT.

Government Forces Several Times Defeated Near Quezaltenango.

NEW YORK, Sept. 27.—A Herald dispatch from La Libertad, Salvador, says: The latest news received in this city from Guatemala is that several engagements have taken place between the governments and rebel forces near Quezaltenango, and that they have resulted in the defeat of the government troops. The fighting in each instance has been caused by the government's efforts to retake Quezaltenango.

The government has just sent 600 men by the steamship City of Guatemala to Champerico, which post is now in rebel hands.

The true story of the capture by the insurgents of the seaport of Ocas has just become known. It seems that when the rebels approached Ocas the government troops made no attempt at defense, but embarked on the steamer Barracouta and were brought to Salvador.

### A Price of Morales' Head.

SAN FRANCISCO, Sept. 27.—The latest news from Guatemala received here states that a price of \$100,000 has been placed on the heads of Prosper Morales and his aide, Manuel Fuentes. It is asserted that an order to this effect has been promulgated by President Barrios.

DENVER, Sept. 27.—Reports of the spread of yellow fever in the South and the large number of refugees said to be coming to the state from Southern ports have caused no apprehension among officers of the board of health. The disease has never been known to prevail at an altitude greater than 3000 feet and never has a case been reported in the state of Colorado.

"My boy came home from school one day with his hand badly lacerated and bleeding, and suffering great pain," says Mr. E. J. Schall, with Meyer Bros. Drug Co., St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no other medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by Blakeley & Houghton.
