AFFAIRS IN THE NORTH

Goldseekers at St. Michaels Not Discouraged.

MINERS RETURNING FROM ALASKA

Sailor Gossip Says They Have "All Kinds of Gold"—Another Yukon Railway Scheme.

PORT TOWNSEND, Sept. 30.—Captain Clinger, of the tug Holyoke, which left St. Michaels September 11th, says: "I judge there were from 350 to 400 men at St. Michaels while we were there. All were cheerful. There were none I ran across who asked for passage with me. I did not see any miners from Klondike at St. Michaels, and do not believe there were any there, for no steamer had come down lately, though one was expected any day. It was cold and hailing while we were there, and snow fell the day after we left."

The Alaska Commercial Company's steamer Bertha brought to Unalaska news from St. Michaels up to the 13th inst. There were over 100 men on the Upper Yukon waiting to come down on the Portland, and according to sailor gossip, they had "all kinds of gold." But the officers of the Grant say that according to their best information no vast amount of treasure will be brought down.

A Canadian Railway Scheme.

NEW YORK, Sept. 30.—A dispatch from Montreal says:

Application will be made to the dominion parliament next session for a bill to incorporate a company for the purpose of constructing an operating a railway from a point near the head of Chilkoot inlet, on the Lynn canal, to the rapids on the Yukon river, following as closely as practicable Dalton's trail, with power to construct and operate branch lines, bridges, wharves, telegraph and telephone lines, steamboats and other craft on the lakes and tributaries of the Yukon river. The promoters are a syndicate of wealthy men.

Latest reports received at Ottawa of the progress of the Crow's Nest pass railway construction are to the effect that work on the first 100 miles is very far advanced, and that there is no question but the company will be able to realize its purpose of completing this section before the close of the present season.

New Hotel for Dawson.

CRIPPLE CREEK, Colo., Sept. 30.—Joe Wolfe has had donated to him by Joseph Ladue, the bonanza king of the Klondike, a half block of ground in Dawson, upon which he intends to erect a mammoth hotel. His partners in this enterprise are fifteen Chicago business men. Mr. Wolfe has made arrangements with P. D. Armour for everything needed in the provision line.

Mr. Wolfe will be remembered as the only person who ever succeeded in pulling off a genuine Mexican bullfight in the United States. He succeeded in doing this in the summer of 1895.

McLean Not in the Race.

COLEMBUS, O., Sept. 30.—John E. McLean, his nearest friends declare, is not a candidate for the United States senate. Mr. McLean has held a conference with the state committee, and his friends say he spoke as follows:

"I am not a candidate for the United States senate. I am merely a good Democrat, and wish to see the Democratic state and legislative ticket successful. In the event that the legislature is Democratic, I hope to see some good

Cured by "Happy Thought" Salve.

"I was troubled with an Eczema or eruption on the hands for two years. I spent quite a sum of money without getting a cure. Then I commenced using Garland's Happy Thought Salve. I have used six or eight jars, and am cured. It is a great medicine, and I can fully recommend it to anyone troubled with skin disease." J. M. E. ATKINSON, City Treasurer, Seattle, Wn.

Democrat elected to represent the state in the United States senate. I believe General Warner is a good man for the place. For that matter there are half a dozen men in the state who are as well known and as able as General Warner. I would be glad to see any of them elected."

STRIKERS WERE THE AGGRESSORS.

A Conflict at the Mines Near Edwardsville, Illinois.

ST. LOUIS, Mo., Sept. 30.—Early today the miners in the employ of the Madison Coal Company at Edwardsville, Ill., while going to work were attacked by strikers, including thirty or more women sympathizers. The strikers threw stones and red pepper and beat their opponents with clubs. "Scotty McAllison had his skull crushed, and numerous others were cut and bruised. The miners fought as best they could with their tin dinner pails, and were finally allowed to go to work. After the attack the strikers and women formed in line and marched through the streets of Edwardsville shouting and singing. No arrests were made.

The strikers, more than 300, with the women, far outnumbered the workers, who were guarded by a force of deputy sheriffs on the way to the mine. T. W. McCune, a deputy sheriff, in the escorting posse, was disarmed and dragged to one side, where a crowd of irate strikers beat him until he was almost unconscious. Though heavily armed the sheriff's officers took their drubbing without making any attempt to use their arms. They were outnumbered ten to one, but they fought with their fists.

Had a shot been fired the consequences would have been fearful, as the strikers were frenzied.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CONCESSION MAY CAUSE TROUBLE.

Franchise Said to Have Been Granted By Nicaragua.

WASHINGTON, Sept. 30.—The report that a bill has been passed by the congress of Nicaragua granting a thirty-year franchise to the Atlas Steamship Company, of London, for the exclusive steam navigation of the Rio San Juan del Norte with authority to deepen the channel at various points and also to construct a railroad from Lake Silica to the river, cannot be officially confirmed here.

If the Nicaragua congress has granted a concession to the Atlas Company, that action may arouse quite a diplomatic discussion between representatives of the Greater Republic of Costa Rica and the United States.

The solution of the complications into which the three governments are drifting may be a treaty between the United States and the Greater Republic for the completion of the Nicaragua canal by this government.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. Floods in Salton Basin.

PHOENIX, Ariz., Sept. 30.—A dispatch from Tucson says passengers who came in on the belated California trains, state the cause of the delay as being floods in the Salton basin. The rumored belief is that the waters of the Gulf of California had broken over the sandbar which separates the gulf from the basin. If this should prove to be true, Southern California will have the largest inland sea on the continent, in some places more than 300 feet deep, and Arizona would come up through the gulf to a point opposite Yuma.

In the meantime many miles of the Southern Pacific would be submerged.

Bear to Convey the Portland.

PORT TOWNSEND, Sept. 30.—According to Captain Munger, of the cutter Grant, it is the Bear and not the Corwin that will guard from desperate persons the nuggets that the steamer Portland is to bring from St. Michaels. Orders from Captain Tuttle to act as a policeman of the seas were taken to him by the Corwin, which left Unalaska the same day the Grant started for this port, September 19th.
