INCREASED ITS BID

Railroad Committee Accedes to McKenna's Contention.

ARRANGEMENTS FOR THE SALE

Effect of the Deal on the Development of Portland and Oregon.

WASHINGTON, Oct. 2.—Ex-Governor Hoadley, counsel for the United States in the matter of the Union Pacific foreclosure sale, spent several hours today in conference with Attorney-General McKenna, arranging the details for the sale on November 1, and the subsequent transfer of the government's interest in the property to the highest bidder.

It is understood from trustworthy sources that the committee has acceded to the government's contention that its lien on the Union Pacific road includes the Omaha bridge, and that it has increased its cash bid so as to make the entire concession approximately \$50,000,000. This would make its guaranty offer for the property, including the sinking fund, now in the treasury, about \$50,000,000.

Treasury officials recognize the fact that the withdrawal from circulation of \$45,000,000 in cash at one time might have a very serious effect on the money market, and in consequence are devising a plan by which the force of the shock may be reduced to a minimum.

TO END CUBAN WAR.

Russia Suggests the Matter Be Arbitrated.

New York, Oct. 2.—A dispatch to the World from Madrid says the World correspondent is informed by a leading diplomat that Russia recently suggested to the other European powers, which have not shown much disposition to assent to the suggestion, that the differences between Spain and America be submitted to arbitration, when matters come to an acute stage.

Russia's plan was to select arbitrators from Sweden, France and Switzerland for Spain, to give Cuba a Canadian style of autonomy, and award to the United States commercial advantages and indemnities for losses caused by the war in Cuba.

Sagasta Takes Hold.

MADRID, Oct. 2.—Senor Sagasta, the liberal leader, has been entrusted by the queen regent with the task of forming a new cabinet.

Senor Sagasta, after leaving the queen regent, had a long conference with the Marquis Vega de Armigo, who accepts the presidency of the chamber. Admiral Bermejo becomes minister of marine in succession to Admiral Beranger. The financial question is demanding the greatest attention, and the liberals at the outset of the coming session of parliament will explain the position of the Spanish treasury.

The Recall of Weyler.

LONDON, Oct. 2.—A special dispatch from Madrid today says:

Captain-General Weyler has been recalled from Cuba, and will return to Madrid at once. The name of his successor has not yet been officially announced.

Marshal Blanco, it is stated, in all probability, will accept the post of captain-general of Cuba, in succession to Captain-General Weyler.

Weyler's Nest Feathered.

LONDON, Oct. 2.—Truth prints a statement said to emanate from a prominent

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

Spaniard, accounting for the Cuban situation. He is quoted as saying that in Spain there is no such thing as public opinion; that the government of that country is a mere struggle between a number of professional politicians, and that with very few exceptions these politicians endeavor to feather their own nests. Captain-General Weyler is credited with having amassed a fortune in the Philippine islands, and he is said by the Spaniard referred to have increased it in Cuba, although probably he has had to divide with a good many politicians at home. The Spanish army is pronounced to be as rotten as the Spanish civil service system, and still when a Spanish regiment is sent to attack a force of insurgents the Spanish commander sends an emissary with a purse, who makes arrangements which provide that while the Spanish march one way, the insurgents go away by another route.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents. No. 2-8.

Starbuck Defeated the Welshman.

PHILADELPHIA, Oct. 2.—Frank Starbuck, of Philadelphia, defeated Jimmy Michael, the Welshman, in a 25-mile paced race on the one-third mile board track at Willow Grove, by the narrow margin of six yards. It was one of the most exciting long-distance races seen here. Starbuck's time for the twenty-five miles was 47:02 1-5; Michael's, 47:02 2-5. Each was in the lead thrice during the race, but neither led by more than forty yards at any time, and the race was in doubt to the finish.

Shading Marble.
A newly discovered process for treating marble or other similar stones in order to give them any colored shade, veins or spots, consists in leaving these stones in one or more baths composed of a solution of alcohol and one or more colors of aniline or other coloring materials. The coloring materials are fixed by leaving the colored stones in a bath of oil or any other fat substance, or by applying upon the stones layers of the same stuff. The absorption of the organic coloring materials and of the fat substances by the stone may be accelerated by heating or boiling the bath which contains the stuff to be treated.

A Cold Stove.

A stove has been invented to cool rooms in summer. Salt, a quantity of ice and a patent chemical are used, and the stove becomes so cold that if a hand be placed upon it the skin will instantly blister. As salt is cheap, the chemical not dear, and as the stove can make its own ice in the oven, the device is one that will be likely to come into general use in warm climates.

The True Remedy.

W. M. Repine, editor Tiakilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at Blakeley & Houghton's Drug Store. (4)
