WILL MAINTAIN ORDER

Part of Alaska to be Placed Under Military Rule.

THE ADMINISTRATION SO ORDERS

St. Michaels Included in the Reservation Civil Authorities Unable to Enforce the Laws.

CHICAGO, Oct. 20.—A Special from Washington says:

President McKinley will issue an order placing a large district in Alaska, of which St. Michaels will be the center, under the control of the military arm of the government. By this action the authorities believe that the lawlessness feared as a result of the rush of gold-seekers to the great Northwest territory will be suppressed. The proposed military district will be about one hundred miles square.

The determination to issue the order was arrived at, it is said, at a cabinet meeting. While no official reports of anything but a peaceful condition have reached the cabinet, private communications from responsible parties have convinced the authorities that something more was necessary than civilian rule. The authorities say that offenses committed within the boundaries of the district to be described by the president in his order, will subject those responsible to the military, and prosecution by the civilian authorities before whom they will be brought.

The department is making an examination of the geographical condition of the country in the vicinity of the mouth of the Yukon, to obtain data that will enable it to prescribe exactly the boundaries of the proposed new reservation. It is also desirable to limit the reservation to the smallest dimensions that will take in St. Michaels for a center, and yet include the estuary of the Yukon, where the lawless element might gather if excluded from the town itself.

There will be little excuse for the commission of lawless acts based on starvation within the limits of the new reservation, for Secretary Alger has authorized the officer in command of the troops at St. Michaels not only to feed miners who may be in actual need, but to ship them out of the country if they are unable to pay their own way.

The war department also proposes to establish an army post on the Yukon river, but this will not be done before next spring.

Sentiments Voiced by Henry George.

NEW YORK, Oct. 20.—Whiting to a German-American political club, Henry George says:

"I do not believe in any excise in any form. The attempt to prevent people from drinking by taxes and excises on liquor increases costs, promotes adulteration and defeats, I think, the very end it has in view. All such taxes are promotive of monopoly and corporations. Besides what goes to the government from them, a much larger amount is taken by private parties, who find a profit in the maintenance of taxes. As was the case with our whiskey tax, it is also with all taxes of that nature. The difficulty is not to institute them, but to repeal them. Licenses have always instituted and must always institute an element of corruption which is made to furnish means by which political rings maintain themselves.

Cured by "Happy Thought" Salve.

"I was troubled with an Eczema or eruption on the hands for two years. I spent quite a sum of money without getting a cure. Then I commenced using Garland's Happy Thought Salve. I have used six or eight jars, and am cured. It is a great medicine, and I can fully recommend it to anyone troubled with skin disease." J. M. E. ALKINSON, City Treasurer, Seattle, Wn.

basis of equal rights. I think that the province of the government is to prevent one individual from interfering with the equal rights of another. As to the question of Sunday closing, I believe in individual freedom. Those persons who wish to go to church on Sunday should not be interfered with in any way by a person who wishes to sell or drink liquor on Sunday; the person who wishes to sell or drink liquor on Sunday should not be interfered with by the person who wishes to attend church.

"The Sabbath was made for man and not man for the Sabbath. The law should merely see to it that liquor-selling is conducted in decency and in order.

"A man's conduct should be governed solely by his own conscience, so long as he preserves the public peace."

Speaking at a mass meeting at Majestic hall, Henry George says:

"For the republic now I care nothing but it is to the republic that is coming that I bow down to worship. Not a republic of tramps and millionaires; not a republic where one man has the power of a czar; not a republic where women faint and children go hungry; not to this republic but to the one which is yet to come, a republic of God, a christian republic in the true sense of the word."

Italian Laborers Rejected.

DULUTH, Minn., Oct. 20.—The Canadian steamer Monarch has arrived, having on board thirty-four Italians from Canada, destined for Duluth. After examination, Deputy Collector Hudson refused to allow twenty-eight of them to land, on the ground that they came here in violation of the contract labor law. They admitted they were hired to come here and work. The other six were admitted because they had naturalization papers. The customs authorities have not learned who hired the men.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. The Order Will Issue Today.

WASHINGTON, Oct. 20.—The secretary of war will today issue an order creating a military reservation in that part of Alaska lying within a radius of fifty miles of St. Michaels. The purpose is to confer upon Lieutenant-Colonel Randall the legal authority to preserve order and protect property in this section of the country.

If a small bottle of Shaker Digestive Cordial does you good, don't buy a large one.

"Prove all things; hold fast that which is good." It's not good for everybody, only for the thin, pale, sick, weak and weary. For those who are starving for want of digested food. For those who cannot get fat or strong, because their stomachs do not work as they ought to.

These are the people, millions of them, whom Shakers Digestive Cordial will cure.

Food makes muscle, strength, brain, blood, energy—after it is digested. If not digested it will do you no good at all.

Shaker Digestive Cordial helps your stomach to digest your food and cures indigestion permanently. When you've tried a small bottle you can tell.

Sold by all druggists. Trial bottle 10 cents.

Death of a Bank-Wrecker.

SAN FRANCISCO, Oct. 20.—Frank V. McDonald is dead. He passed away at London on the 4th of the month, but although the fact was known, the nature of his illness has not yet been learned. At the time of his death the former cashier and director of the wrecked Pacific bank was a fugitive from justice, having been indicted for defrauding clients of the Pacific bank out of many thousands of dollars.
