

THE NOTE ANSWERED

Spain Says She Has Done All in Her Power.

SHE CITES THE SACRIFICES MADE

But Declares She Will Not Admit the Right of Any Foreign Power to Interfere.

MADRID, Oct. 23.—In the special note to Minister Woodford, the government declares that Spain has done all in her power to end the war in Cuba, and cites the many sacrifices which have been made by the nation, the number of troops sent to Cuba, and the reforms which are carried out on the island, which are fully described.

The note ends with the statement that "Spain will not admit the right of any foreign power to interfere in any of her affairs."

El Tempo publishes with reserve the announcement that the reply of the Spanish Government to the United States, presented to General Woodford, the American minister to Madrid, declares that if the United States does not stop the sailing of filibustering expeditions from American harbors, Spain will re-establish the right to search vessels anchoring in Cuban waters.

El Liberal thinks a rupture possible as the result of negotiations between Spain and the United States, and thinks Spain ought to avoid this rupture, so far as duty and honor permit, but that the government should act in a spirit of moderation, and that the nation will under no circumstances authorize a renunciation of Spain's rights.

If a small bottle of Shaker Digestive Cordial does you good, don't buy a large one.

"Prove all things: hold fast that which is good." It's not good for everybody, only for the thin, pale, sick, weak and weary, for those who are starving for want of digested food. For those who cannot get fat or strong, because their stomachs do not work as they ought to.

These are the people, millions of them, whom Shakers Digestive Cordial will cure.

Food makes muscle, strength, brain, blood, energy—after it is digested. If not digested it will do you no good at all.

Shaker Digestive Cordial helps your stomach to digest your food and cures indigestion permanently. When you've tried a small bottle you can tell.

SPAIN WOULD BE FRIENDLY.

The Only Way Out of Their Present Dilemma.

New York, Oct. 23.—A World special from Madrid says:

A high diplomatic personage who has special means of accurately judging of Spain's motives, claims that the queen regent and the Sagasta government are sincere, both in their wish to obtain the sympathy of the American government and to conciliate the majority of the Cubans, especially the whites, whom the new policy seems to detach from the insurrection.

"Many obstacles may retard the realization of the liberal program," the diplomat continues, "among which are:

"First—The condition of the island

Cured by

"Happy Thought" Salve.

"I was troubled with an Eczema or eruption on the hands for two years. I spent quite a sum of money without getting a cure. Then I commenced using Garland's Happy Thought Salve. I have used six or eight jars, and am cured. It is a great medicine, and I can fully recommend it to anyone troubled with skin disease." J. M. E. ATKINSON, City Treasurer, Seattle, Wn.

makes the execution of reforms and the holding of elections very difficult.

"Second—The division in the autonomist party makes its support unreliable just when the government wants it to be the corner-stone of the new regime.

"Third—The ambiguous attitude of the so-called Spanish party—the constitutional union—make mischief, as its proffered support is conditional on the government making no large extension of the electoral franchise, as that would deprive it of the control of the municipal and provincial councils and the consular assembly.

"Fourth—The creating of a local assembly with a responsible executive is exceedingly unpopular in Spain, and is combated even by influential liberals and newspapers like the Herald and Impartial.

"Fifth—Military men share the opinion of Generals Blanco and Parado that rigid military occupation of the four western provinces of Cuba and very rigid operations in the two eastern provinces are indispensable to complete pacification, and can produce results in a few months, if the United States stops entirely sending expeditions and all other assistance to the insurgents.

"Sixth—Prolongation of the struggle with its terrible drain on Spanish finances and embarrassments impending, to the tune of \$8,000,000 a month on top of the \$400,000,000 already spent will force Spain to pledge the resources of the peninsular revenue to raise money to go the pace in Cuba.

"Hence the anxiety of the court and the government to secure the good will of the United States, which is shown in the adoption of a new colonial policy, in making promises to settle the American claims after pacification, and holding out a prospect of advantages for American trade and American capital in the West Indies.

"Views on these delicate matters are being exchanged between the two governments with great reserve. Probably none of them will be placed officially on record. The prevailing opinion in court and official circles in Madrid is that the American government shows a temporizing and friendly disposition.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland.
