## THE BLAME ALL ON US

Substance of Spain's Reply to Woodford's Note.

THE TONE OF IT VERY ENERGETIC

Institution of Reforms and Suppression of Filibusters Relied Upon to End the War.

MADRID, Oct. 26.—Spain refuses to furnish for publication the text of her reply to the note of the United States presented by Minister Woodford last September on the subject of the Cuban insurrection. Woodford admits having received a reply, but declines to discuss the matter beyond saying that the reply will be transmitted to Washington. From other sources it was learned that officials of the United States legation are engaged today in translating Spain's answer, and it is reported the minister will cable to Washington today the full text.

Although Spain will not give out the text of her reply, it is officially announced the reply is on the following lines:

It expresses regret at the fact that the insurrection in Cuba, "receives support from frequent filibustering expeditions" and that otherwise the rebellion could not possibly exist. It hoped that by granting autonomy to Cuba and withdrawing American support that the insurrection would soon be ended. It is further officially announced that the Spanish note is marked throughout by an energetic tone.

It is not thought that the text of the answer will be published here before the senate has had an opportunity to deliberate upon it, therefore it is understood it may not be published in the United States until after the reassembling of congress, by which time Spain expects more favorable conditions in Cuba.

Finally, it is announced, in official circles, that Spain has determined to take more concerted military action against the Cuban insurrectionists.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

A Crisis Ahead in Nicaragua.

Leon, Nicaragua, Oct. 26.—Several hundred prominent citizens of the best classes are now in prison by order of President Zelaya or his officers. Each of the prisoners have been heavily fined, or a demand has been made upon him to pay a large loan to the government. More than ten of these citizens are now in the penitentiary. The charges against them are not being in sympathy with the Zelaya government, or having refused to pay or inability to pay the amount of loans demanded.

A large percentage of the principal stores in the country owned by the native Nicaraguans have been closed by President Zelaya's government under various pretexts, such as inability or re-

## Cuts

For Cuts, simply apply two or three times a day, using enough of the Salve to cover the wound well. No injury can come from the direct application of the Salve to the open wound, as there is not an ounce of poison in a thousand pounds of Garland's Happy Thought Salve.

"I cut my hand on a piece of tin. Garland's Happy Thought Salve cured it up in a short time. I think it is the best Salve I ever used." F. F. SIMPSON, Mt. Vernon, Wash.

## ROYAL BAKING POWDER Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO. NEW YORK.

Final on the part of the owners to pay their share of the large sum demanded. Foreign countries are effected by this arbitrary action on the part of the government, for very large portions of the merchandise was purchased in the United States or in Europe on credit, and is still unpaid for.

Foreigners in Nicaragua are speculating as to what has become of the enormous sums collected as enforced loans during the past three years, and they are also making inquiries as to what has become of the large sums collected by the monopolies of liquor and tobacco, and the more than double import duties.

Enemies of the government express the opinion that large sums of money have been sent to European banks in order that certain officials, when the upheaval occurs, may be able, if they escape from the country, to live in Europe in luxury.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

### Mexican-Strikers Resist Arrest.

YUMA, Ariz., Oct. 26.—A pitched battle at Mammoth tank, 45 miles west of Yuma, between Yuma county officers and 260 Mexican railroad laborers, resulted in the death of five to seven Mexicans, the wounding of several more, and the serious wounding of Deputy Sheriff Wilder, of Yuma.

Sheriff Greenleaf, of Yuma, was called upon to arrest the ringleaders of a gang of striking Mexican railroad laborers. With his deputies, George Wilmer and James Jones, he advanced on the strikers, when the latter attacked them with rocks and revolvers. With the first volley from the Mexican's revolvers Wilmer fell. Jones then ran for the section foreman who had accompanied the officers.

Jones in the meantime had secured a shotgun, which he discharged at the advancing strikers. Three men fell and were picked up by their comrades, who continued to advance. Another shot brought more to the ground and a stampede followed.

Sheriff Greenleaf, who had in the

meantime conveyed the deputy to a waiting train, called upon his men to board the train, which immediately pulled into Yuma. A posse of 25 men is being formed in Yuma and will soon leave for the scene of the trouble. More and sensational developments may be expected.

### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents. No. 2-S.

### Trouble Feared at Havana.

HAVANA, Oct. 26.—Considerable anxiety is expressed among American residents of this city as to the outcome of the demonstration which the volunteers are expected to make either Friday or Saturday next on the departure of General Weyler for Spain. In spite of orders from Spain and steps taken by Spanish officials there is still apparently a determination on the part of the volunteers, who in this matter seem unwilling to be controlled by their officers, to make the general's departure an occasion for anti-American demonstrations. Should this be the case, serious trouble is feared. Many Americans in the city have been heard to express more strongly the view that the United States warship should be present in the harbor to protect American life and property if necessary.

## Can't be done!

Try to make some baking powder yourself. Buy the cream of tartar and soda, mix them in the right proportions.

Then imagine that you are the manufacturer, and have to make a profit, and besides, sell it to the grocer at such a price that he can make a profit too.

Ask your grocer to sell you his best cream of tartar, see what it costs, and see if you can make pure good baking powder for 25 or 30 cents a pound.

It can't be done.

Schilling's Best—at your grocer's—is the best of the right-price baking powders.

## MY BOY

Is so hard on his clothes,

Said a mother of a rosy-cheeked, handsome little fellow, as he got down on his knees in search of a stray marble, while mamma bought one of our Two-Dollar-and-a-Half, All-Wool, Double Seat and Knee CHEVIOT SUITS.

Boys will be Boys,

and while romping and jumping don't improve their clothes, it's good for the boy. It builds him up physically; it develops his brain and makes a manly man of him; so let it go at that.
