WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

A fine easel album will be raffled tomorrow night by Mrs. Chase at Blakeley & Houghton's.

Do not fail to attend the Epworth League entertainment at the Baldwin opera house tomorrow night.

Next Saturday evening another delightful dance will be given at the Baldwin. Admission for gentlemen 50 cents, ladies free.

The foundation for the new school building is being laid, and in a short time The Dalles will have another structure to be proud of.

Tickets for the lecture at the Congregational church Saturday night can be had at the different drugstores. Admission 25 cents; school children 10 cents.

Today 77½ cents is being paid for Klickitat bluestem wheat, while Oregon Club is bringing 76. The prices are gradually coming up, and it is hoped that soon it will reach the 80-cent limit.

Farmers from the country south of here say that the rain we had some time ago brought up the fall sowing, and the indications for a good crop of fall wheat was never better.

Today while blasting was going on across Mill creek a large stone struck one of the telegraph poles and broke it completely off, letting the wire down and severing connections with the outside world for a time.

Stock in the Pullman Palace Car Company fell five points or more on the death of the blunder of that great enterprise, but the property is generally deemed to be too well organized to suffer from want of his personal supervision.

Inactivity in the hop market continues at Salem. A few purchases are reported by buyers, at prices ranging from twelve to fourteen cents. The purchases that have been made, however, are few, and the quantities limited, and the market cannot be said to have opened.

Frank Hampton of the Hampton stock ranch at Camp Creek, Crook county, left Eugene a few days ago with 500 head of cattle, which he is driving to this side of the mountains. He is one of the men who recognize that in a short time cattle will be as good as gold.

Turner Oliver has gathered about 200 pounds of sugar beets grown in different parts of the Grand Ronde valley, to be forwarded to Corvallis for analysis. The object of the additional analysis is to ascertain the amount of sugar and percentage of purity in beets of later growth than those heretofore sent.

The schooner Novelty arrived at Aberdeen, Wash., Sunday from St. Michaels with twenty-three returning miners, nine of whom are old-timers on the Yu-

kon, most of them from Seattle. They all tell about the scarcity of provisions at Circle City and Dawson, and give that as their reason for leaving for the winter.

Jim Gray, of Wapinitia, while in this city yesterday was seized with severe pleurisy pains in the region of the stomach, and for a while it was thought that his malady would prove fatal. Dr. Hollister was called in several times during the afternoon and he succeeded in bringing the patient around so that he is able to be on the street today.

One of the greatest Klondike expeditions yet organized made a preliminary start from Yakima Monday, through the shipment of nineteen carloads of horses, numbering 245 head, and twenty-three men, headed by J. W. Cameron. They go to Seattle, and will sail from Victoria by the bark Colorado, which has been chartered and especially fitted for this purpose.

George Blakeley, W. H. Wilson and E. C. Pease returned last evening from Portland, where they have been getting furniture for the club rooms. A very fine lot of furniture has been purchased, but as the money on hand was somewhat limited, all that was desired could not be purchased. However, there is sufficient for all present uses, as the members will see when the rooms are reopened.

A bereaved husband in Montana has posted this notice on a pine tree: "My wife Sarah has left my ranche when I didn't do a thing for her and I want it distinctly understood that any man as takes her in an Keers fer her on mi account Will git himself pumped so full of Led that some tenderfoot will lokate him for a mineral Klame. A word ter the wise is enffishent, and orter work on fools. P. Smith."

The Pendleton Shoe Store Company filed articles of incorporation in the secretary of state's office Tuesday, with a capital of \$3,000, divided into shares of \$50 each. The principal office and place of business is to be at Salem, with the corporate power to do business at Pendleton. The objects are to manufacture and deal in boots, shoes and leather findings of every description. The incorporators are: O. E. Krause, J. R. Krause and J. W. Lewis.

The blizzard which commenced Monday night in Colorado lasted till yesterday morning. It not only caused discomfort, but also caused severe pecuniary loss. The streets in Denver were piled high with snow, broken telegraph poles hung in mid air or peered from snow drifts. Not less than 300 miles of line are down. The blizzard reached Kansas Tuesday night, and the roads in that state are blocked. Snow plows are vainly trying to clear the tracks.

A trip to California for twenty-five cents is not frequently offered to the people of The Dalles. On Saturday evening, October 30th, at the Congregational church, Miss Helen Kelleher will present the scenery and beauties of our sister state, and if any reliance can be placed upon the statements of those

who have heard her and seen her stereopticon illustrations, no one can afford to miss this lecture. The proceeds of the lecture go to the treasury of the church.

The public library opened last evening at Blakeley & Houghton's drugstore. Hereafter it will be open on Wednesday nights from 7 till 9 and on Saturday afternoon from 2 till 6, the only charges being 25 cents per month, which will be used for purchasing new books. This is a brilliant idea and should be supported by everyone who has any literary taste. Nothing is more necessary than a public library, and if we do not have one that will be second to none in the state, it will be our own fault.

Ezra B. Duncan finished delivering wheat in Pendleton last Saturday, and received coin of the realm in exchange for about 9,000 bushels of grain, which he raised on reservation land. Mr. Duncan has been an industrious farmer for a good many years, and deserves his share of the prosperity that the "sons of the soil" are now enjoying. He was settling up some old scores Saturday in Pendleton and seemed to like the process of throwing off the burden. Mr. Duncan received 70 cents per bushel for his wheat. It was contracted at 77½ cents, but the reduction was made on account of damage by rain.

Degree of Honor Entertainment.

The following program was rendered last night at the Degree of Honor entertainment, the occasion being the twentieth anniversary of the Workmen. The selections were mostly from Scott's "Lady of the Lake": "Hunter's Chorus" Mrs. Esheiman; "The Hunter"—Canto I Mrs. Esheiman; "The Lady of the Lake"—Canto I Mrs. Myers; Vocal Duet—"The Huntsman" Mrs. Aythe and Mrs. Varney; "The Rivals"—Canto II Mrs. Crandall; Vocal Solo—"A Warrior Bold" Dr. Lannenberg; "The Knights Return"—Canto IV Mrs. Blekeley; Vocal Duet—"Evening Song to the Virgin" Mrs. Stephens and Mrs. Young; "The Combat"—Canto V Walter Reavis; "Stirling Castle"—Canto VI Georgia Sampson; Glee—"Merrily, Merrily Goes the Bark" Anniversary Poem Mrs. Stephens. Great credit is due Mrs. C. J. Crandall for the able manner in which the program was carried out.

After coffee and cake were served and the inner man had been satisfied, dancing was indulged in until past the hour of midnight, when the merry party sought their respective homes.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1

Cole's Air Tight and Hot Blast

HEATERS

ARE THE BEST

- B** They heat a room in five minutes.
- E** They save enough fuel the first year to pay for the stove.
- C** 4 cents a day is the average cost of heating a large room with our stoves.
- A** They burn anything and everything combustible.
- U** A cord of wood equals a ton of hard coal in any of our wood heaters.
- S** It is only necessary to remove ashes once in six weeks from our wood stoves.
- E** They are safe and have a catch to hold the cover while putting in fuel.
- E** You have a fire every morning.
- E** Our hot blast draft furnishes a hot air feed, not cold air, and saves fuel.
- E** They are easily moved and set up.
- E** Our wood stoves are made with either sheet iron or cast iron tops in all sizes, for all purposes.
- E** They are jointless the connections being so made that the greater expansion of the lining don't affect the body.
- E** There are no bolts exposed to the fire to burn off or draw or open up a joint.
- E** Our coal stove will burn slack and makes a ton of soft coal equal to a ton of hard coal.

BEWARE of infringers and inferior imitations, they never equal the original and cost as much.

New Paper at Skaguay.

Skaguay has added a newspaper to its other attractions. It is called the Skagua News, four pages brim full of news, and the first number, issued on October 15, was accompanied by a supplement, to accommodate the press of matter on hand. The most important items furnished by the news are in relation to the tramway to be built over the Skaguay pass, which it says will be constructed at once.

The Shaguay & Lake Bennett Tramway Company has recently been formed, with three of our Skaguay residents as organizers. Harry E. Battin represents large moneyed interests in Portland, Or., and along our coast, while Henry C. Ash, of Philadelphia, is backed by capital from Eastern States. Eusley A. Webster, who is well known in railway circles as a practical engineer and builder, will have charge of the construction. Skaguay has been chosen as a terminus, because from this place, as the head of navigation, a through line to Lake Bennett can be built to carry freight and passengers from the tide water to the head waters of the Yukon without a single change, at the same time being the shortest route. This tramway will be finished to Summit lake by that time the sledding season commences, and it will be completed in the early spring, so that direct communication can be had as soon as the lakes are clear of ice. The altitude of the White pass is known to be lower than any other, and here the percentage of grade is very moderate by following the water-courses, rather than the precipitous horse trail.

Entertainment at the Baldwin.

The following program will be given at the Epworth League entertainment at the Baldwin tomorrow (Friday) evening. Great pains are being taken to make it a flattering success, and all who attend may be sure of spending a pleasant evening. An admission fee of 25 cents will be charged:
