AS A CUBAN SEES IT.

A Cuban who puts his opinions calmly and clearly prints in an Eastern paper a view of the situation as it appears to an educated native of the island. He gives the reasons why nothing short of independence will satisfy those who have risen in repeated revolts against the oppression of Spain.

In the first place, as a Cuban, he has never discovered any material distinction between the Spanish Liberal and the Conservative parties. As far as the colonies are concerned, a change in cabinets is merely a change of names. The Liberals have neither the will nor the power to grant to Cuba autonomy in the Anglo Saxon sense. It matters not who is premier, whether Canovas, Sagasta, Azcarraga or Silvela, their feelings and actions are substantially the same in relation to matters outside of the boundaries of Spain itself. With the death of Canovas his party has apparently gone into the background, though they hold a legislative majority. They are willing to grant a certain leadership to a man of opposite politics, and this can only mean an assurance that he will not give up more than the Conservatives are willing to grant.

The fact is referred to by this Cuban writer that when, years ago, the leaders of the Cuban Autonomist party presented to Senor Sagasta their plan of limited self-government for Cuba, he replied to their request for support: "Gentlemen, the Spanish statesman who would make such a change is not yet born, nor is his mother born." When the subject was submitted to Canovas, his answer was: "Impossible. Nothing can prevail against the national reality." That meant that the absolute monopoly of the Cuban markets was necessary to Spain. To disturb this would be to shake the Spanish fabric, and no party had ever genuinely consented to it. The offer of reforms heretofore was but deceptive. Cuba has been governed from Madrid in the same manner by all parties. Real concessions would have raised a storm.

Only a few days ago the cable brought the announcement that Sagasta is disposed to allow the Cubans autonomy "in so far as it shall not be incompatible with the inflexible defense of the sovereignty of Spain in the West Indies." Another phrase used in the dispatch is "administrative autonomy." The Cuban who remembers what Spanish parties are, what deceit has lurked in Spanish terms, and what treachery has followed past promises of reforms is skeptical now about propositions to be submitted by Sagasta. Spain intends to be supreme in its colony, and to give it no real permission to govern itself under a mild and chiefly nominal ownership.

Therefore, this Cuban says, his countrymen will fight on until they achieve independence. They dare not stop short of that. The war of extermination may go on, but it costs more than an equal number of Spanish lives. Of late the insurgents have taken the offensive, and captured at least one stronghold. Spain is losing ground in Cuba. Campos has failed as a soldier, and Weyler has failed as a monster. Blanco faces a more difficult situation than they did. The purpose of the Cubans is to fight it out.

Spain will have a difficult task if she tries to convince Europe that the United States has been lax in the performance of its duties as a neutral government in the Cuban con-

flict. The great number of projected expeditions which have been headed off by our authorities shows that ceaseless vigilance has been exercised on the mainland as well as on the ocean. For over two years and a half the United States has been doing police duty for Spain which Spain would have been unable to do for herself. The task has been very unpleasant to all concerned in it on our side, but it has been performed with vigor and intelligence nevertheless.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked, who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain fibre, courage, endurance, energy; increase your power to throw off disease and keep you healthy and happy.

Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.

Sold by druggists. Trial bottle 10cts.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

Electric Bitters.

Electric Bitters is a medicine suited for every season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.
