#### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

Lutheran bazaar tonight at the Vogt. J. B. Rand, of Hood River, was in the city last night.

Doug Langille was up from Hood River last night. The big rooster is again in place on the Catholic church.

Mrs. J. Campbell of Spokane is spending a few days with her sister, Miss M. Bottorff.

Don't forget that the time card of the O. R. & N. has changed, for if you do you will "get left."

One solitary d. d. was before the city recorder today, but was returned to jail to sober up previous to trial.

The O. R. & N. will not put boats on the Dalles and Portland run before spring and probably not then.

The regular meeting of the Rathbone Sisters will be held this evening. All members are requested to be present.

WANTED—An experienced cook and housekeeper. Middle-aged lady preferred. Call at 232, Third St. 2-4t

There is every indication of a genuine storm, but whether it is to be rain or snow the goose-bone prophet sayeth not.

Anyone wishing to dispose of a good blooded pup, communicate with H. E. Ramsaur, Warm Springs Agency, giving description and price. 2-2t

A letter received from Rev. J. DeForest informs his parishioners that he expects to return some time this week, and hold the usual services next Sunday in the Episcopal church.

Judge Bennett returned from Salem last night, he having gone there to argue a motion to dismiss the appeal in the case of Burnes and Levi Jones against the Oregon Lumber Co.

It is said that Lane county will have the greatest acreage of fall grain this year ever known. The ground is in excellent condition, and the weather could not be better. The early-sown grain is looking first class.

Mrs. S. P. M. Briggs left this morning for the home of her parents in Chehalis, taking with her little Neddie, who has been suffering for some weeks with inflammatory rheumatism, and whom she hopes will be benefited by the change.

Dr. Hollister went to Grants last night to repair the damages suffered by Ernest Draws in wrestling with a telephone pole. The pole fell with him, but Ernest came out on top, the only damage done being a severe bruise he received from the cross-beam striking him.

The price of wheat in The Dalles is about the same as the price in Portland,

and is considerably higher than at any other point. This is due largely to the river competition, which compels the hauling of wheat at the very lowest rates. The old stand-by, the D. P. & A. N. Co., has brought about this condition of affairs, and the producers of the Inland Empire should not forget it.

Dr. W. Reilly, assistant health commissioner of Chicago, has written to Dr. Hirschfelder of San Francisco for full information regarding the oxytuberculin cure for consumption discovered by that physician. A number of physicians who are interested in Dr. Hirschfelder's cure are agitating the question of founding a free laboratory and dispensary in Chicago, where poor people afflicted with consumption may go for treatment.

The splendid family tourist sleepers of the Great Northern are now running daily between Portland and Spokane, on the Spokane flyer via O. R. & N. These cars differ from the ordinary tourist sleepers, being built on the same plan as regular sleepers but upholstered in leather instead of plush. This new line of cars connects at Spokane with similar cars running to and from St. Paul without change.

Joseph McCoy was hurt yesterday near Dufur while coupling his trail wagon to the front one. The clevis on the tongue of the trail missed the shank on which it rests, and as a result Mr. McCoy was caught between the two wagons. His collarbone was broken, and as this was all the damage he received, he may congratulate himself on a narrow escape. We started to couple a wagon that way down in White Pine in '89. The swamper who did the coupling lived long enough to tell us that the end of the back-action tongue missed the hind-axle of the front wagon, but we knew that anyway from the results.

#### Mothers' Meeting.

"Did you hear what Whimperton's little boy said when they showed him the twins?"  
"No; what was it?"  
"He said: 'There! Mamma's been gettin' bargains again.'" — Collier's Weekly.

#### COUNCIL MEETING.

What the City Fathers Did at Last Night's Meeting.

The city council met last night. Present, Mayor Nolan, Councilmen Thompson, Wood, Saltmarshe, Kuek, Stephens, Johnson, Champlin, Clough.

Minutes of meetings of October read and approved. Petition of committee of fire delegates asking for the purchase of more hose, referred to committee on fire and water, with power to act.

The case of J. C. Baldwin vs. Dalles City et al., was referred to judiciary committee, with power to act.

Mr. Clough, of the water committee, made verbal report concerning water plugs, recommending the payment of bills for the same when the plugs were tested.

Reports of officers for month of October were read and on motion received, and the amounts reported by the marshal and the officers' salaries were ordered paid.

The special committee on streets and lights made a verbal report recommending the use of the Parrott lights. The substance of the contract is that fifty lights are to be furnished for \$1,000 a year, and for franchise they agree to furnish twelve office lights for ninety-nine years free. It was moved and carried that the committee acting heretofore be instructed to have ordinance prepared in accordance with above ideas, and to report Friday night.

It was moved and carried that the ordinance concerning bicycles and velocipedes be placed on final passage. Ayes: Thompson, Wood, Saltmarshe, Stephens, Johnson, Champlin, Clough, Johns. Noes: Kueh. And so the ordinance passed.

Bill of A. J. Long for fire plugs be paid when missing parts arrived.

The bill of Millard's hospital dues was ordered paid.

Bill of D. S. Dufur for insurance referred to finance committee.

The matter of sidewalks was referred to judiciary committee and council adjourned.

### Cole's Air Tight and Hot Blast

## HEATERS

ARE THE BEST

**B** They heat a room in five minutes.  
**E** They save enough fuel the first year to pay for the stove.  
**C** 4 cents a day is the average cost of heating a large room with our stoves.  
**A** They burn anything and everything combustible.  
**U** A cord of wood equals a ton of hard coal in any of our wood heaters.  
**S** It is only necessary to remove ashes once in six weeks from our wood stoves.  
**E** They are safe and have a catch to hold the cover while putting in fuel.  
You have a fire every morning.  
Our hot blast draft furnishes a hot air feed, not cold air, and saves fuel.  
They are easily moved and set up.  
Our wood stoves are made with either sheet iron or cast iron tops in all sizes, for all purposes.  
They are jointless the connections being so made that the greater expansion of the lining don't affect the body.  
There are no bolts exposed to the fire to burn off or draw or open up a joint.  
Our coal stove will burn slack and makes a ton of soft coal equal to a ton of hard coal.

BEWARE of infringers and inferior imitations, they never equal the original and cost as much.
