

### When A Fellow's Well Dressed

Life goes with a swing. There's no greater luxury than good clothes and surely none more sensible and economical. There's a feeling of satisfaction in a perfect fitting suit nothing else can give. You'll find it in our celebrated H. S. & M. clothes. This is the label.

PEASE & MAYS.

**Cole's Air Tight and Hot Blast HEATERS ARE THE BEST**

They heat a room in five minutes. They save enough fuel the first year to pay for the stove. 4 cents a day is the average cost of heating a large room with our stoves. They burn anything and everything combustible. A cord of wood equals a ton of hard coal in any of our wood heaters. It is only necessary to remove ashes once in six weeks from our wood stoves. They are safe and have a catch to hold the cover while putting in fuel. You have a fire every morning. Our hot blast draft furnishes a hot air feed, not cold air, and saves fuel. They are easily moved and set up. Our wood stoves are made with either sheet iron or cast iron tops in all sizes, for all purposes. They are jointless the connections being so made that the greater expansion of the lining don't affect the body. There are no bolts exposed to the fire to burn off or draw or open up a joint. Our coal stove will burn slack and makes a ton of soft coal equal to a ton of hard coal.

#### WAYSIDE GLEANINGS.

Random Observations and Local Events of Lesser Magnitude.

Last night's train brought ten jury men from Hood River.

Circuit court met this morning. The docket is more than usually long, and court will probably last for several weeks.

The noble sturgeon is again in evidence, meaning that the fishermen are gathering in whole lots of money for the catching of him.

Have your eyes examined by Prof. P. G. Daut, the scientific optician, at Liebe's jewelry store, in the Vogt block. Examination free.

Vice Grand Chancellor W. M. Calk of the Knights of Pythias, will visit the local lodge here tonight, and all members are requested to be present.

Mrs. W. R. Bernard, the teacher of embroidery, will be at the home of Mrs. H. S. Wilson tomorrow afternoon, where the ladies who wished to meet her may call upon her.

A. Y. Marsh and Geo. Joles will have a turkey shoot on the beach on November 24th and 25th (Thanksgiving day). There will also be trap and pigeon shooting at the same time and place.

Rev. Iliff, who is in this city in the interest of the Portland hospital, occupied the pulpit of the Methodist church yesterday. This was a great treat to those who were fortunate enough to hear him, as Dr. Iliff is a very fine speaker.

The ladies of the Lutheran church desire to return their thanks to the good people of The Dalles who so liberally patronized their bazaar and assisted so materially in making it a grand success. The net receipts at the bazaar were \$425, for which each and every patron has 425 separate and distinct thanks.

Three little runaway boys from Merlin, aged 7, 9 and 11 years, were picked up by the marshal on the streets of Grant's Pass, in Josephine county, last week. Later the boys were turned loose, and were finally overruken by their father near Hayes. The youngsters were good walkers, as it is seventeen miles from Grant's Pass to Hayes.

The foot race between Cameron and Wheat, which is to come off Wednesday at Wasco, was reported to have been run Saturday. This we understand is a mistake, that the parties got together and tried to get the race pulled off, but after scoring several times, no arrangements could be made, and the parties put up \$150 more, each, on the race which will come off Wednesday, as advertised.

Tracklaying on the Goble road was completed Thursday to a point a quarter of a mile beyond Eldridge's, about nineteen miles from Astoria, and the force will now go back on the line, surfacing and ballasting, so the material

trains can be run over the track. In a week or ten days the force will go ahead tracklaying again. They expect to reach Clifton in about two weeks, says the Astorian.

Today Miss Grace Bruen of Grand Dalles was united in marriage to Mr. John McAllister. The ceremony was performed by W. C. Curtis, pastor of the Congregational church in this city, at the home of the bride's mother, Mrs. Chas. Bruen, of Grand Dalles. Miss Bruen is well and favorably known in this city, as well as in the vicinity of her home, while the groom is a prosperous young sheepman of Klickitat county.

The splendid family tourist sleepers of the Great Northern are now running daily between Portland and Spokane, on the Spokane flyer via O. R. & N. These cars differ from the ordinary tourists sleepers, being built on the same plan as regular sleepers but upholstered in leather instead of plush. This new line of cars connects at Spokane with similar cars running to and from St. Paul without change. nov3-6

Invitations are being issued for the grand re-opening of the Commercial club rooms Saturday evening. The rooms have been most beautifully and artistically re-furnished, and the occasion next Saturday is in the nature of house warming, a gathering of the old members of the club household in their newly-furnished home. It promises to be the swell event of the season, and those fortunate enough to receive an invitation can consider themselves fairly "in the swim." We understand coats with the swallow fork in the tail, and dresses of the low cut style are to be the things *au fait* on that occasion, and already the pretty girls and brave young fellows, who dare to deserve them, are preparing for the event. It is just our luck that instead of a swallow fork, our coat-tails have a crop and under-bit.
