LET THE TRUTH BE TOLD.

Under the above title Mr. Hugh Gourlay, editor of the Crook county Journal, expresses the sentiments published below. Mr. Gourlay, during the last campaign, was an ardent gold-standard man, and not a Mitchell follower.

"The Oregonian asserts that the 'faction represented by the Oregon delegation' and the 'Demo-silver-Populists' are now preparing for an alliance to carry the June election. This is a very serious charge, and one that ought not to be made unless it can be backed up with proofs strong as holy writ.

"Of course the Oregonian is striking at Mitchell over the delegation's heads, but how does the Oregonian expect any man to believe that there is an alliance between the Demo-silver-Populists and Mitchell Republicans, who knows that these same Demo-silver-Populists went clean back on Mitchell at Salem last January, because Mitchell stumped the state for McKinley and would not go over to Populism, and then formed an 'alliance' with the Scott-Simon-Corbett faction to hold up the legislature as the only possible way by which Mitchell could be defeated for United States senator?"

"The Oregonian is trying to deceive the people. The money question is not the issue in this factional controversy. While the writer refused last June to vote for one of the delegation because he would not declare for sound money—and would do so again under similar conditions—he is not capable of believing that a single man of them—Mitchell included—would ever give a vote for free silver as long as the national platform of the party remains what it is. While we always condemned the attitude of a majority of the delegation on the money question, we had the frankness to acknowledge that they were simply following the instruction of both the state and national platforms of their party. The Oregonian never had the frankness to make this acknowledgement because it is insanely mad against Mitchell for purely personal reasons, and would be equally mad were he a delegate from the city whose streets are paved with gold."

Sunday's Oregonian contains a dispatch from the paper's correspondent in Baker City stating that Congressman Ellis had told the correspondent that if an attempt should be made in congress to pass a bill for free coinage of silver by the United States alone, he would "most decidedly vote against it."

his indorsement of the St. Louis platform, the Oregonian was not satisfied, but insisted upon his making confession of faith in its columns. The big journal says there is no truth in vermin, and then disbelieves itself.

It is now settled that Ohio remains solid in the Republican ranks, in spite of one of the hardest fights the Democracy ever put up, and in spite of the further fact that Ohio nearly always goes Democratic in the off-year elections. Whatever consolation our Democratic brethren may draw from the results in New York will be needed to offset the certain and remarkable fact that Ohio has remained Republican in an off year.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.
