Blanco Extends a Full Pardon to all Rebels.

OTHER SPANIARDS WANT WAR

Prospects for a Hot Time in Old Madrid When Weyler Comes Marching Home.

HAVANA, Nov. 8.—Marshal Blanco has issued the following edict, officially described as "expressing the magnanimous sentiments of the queen regent and the first determination of the national government."

"I pardon in full all those who have been prosecuted for the crime of rebellion. Rebels prosecuted for common crimes, independent of rebellion, such as spoliation, immorality and the like, will be pardoned as rebels, but judged for other offences committed by them."

"Those suffering sentences prior to the date of this edict will have their sentences commuted to a certain extent, and perhaps in some cases in full. Persons pardoned should appear before the civil and military authorities at their respective places of residence, which they will designate and which will be communicated to me. Should they designate places of residence outside the principal towns they will be advised of the necessity of residing within the military zone of cultivation. The military authorities will be careful not to invade the jurisdiction of the civil authorities. Therefore, those pardoned cannot change their residence without obtaining the permission of both civil and military authorities."

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

After Hanna's Scalp.

COLUMBUS, O., Nov. 8.—A local democratic newspaper printed an interview with C. V. Harris, secretary of the democratic central committee, in which he is credited with saying that at a conference of democratic leaders of the state it was decided to pledge the votes of as many democratic members of the democratic assembly as could be controlled, to Governor Bushnell for senator, on condition that the governor could command enough republican votes to make his election possible. Mr. Harris is editor of the Athens Journal. He is quoted as saying:

"We have decided to throw the dem-

Insurgents and British Mix.

SIMLA, LOV. 8.—The foraging expedition from the camp of General Sir William Lockhardt, in the Maidan valley, had captured some large supplies of provisions without opposition until they were retiring, when the insurgents adopted their usual gorilla tactics, with the result that the British lost three men killed and seventeen wounded. The loss of the enemy was heavy.

St. PETERSBURG, Nov. 8.—A terrible famine is raging in the province of Archangel. Many have already died of starvation. The people wander about reduced almost to skeletons, the heads swollen to the size of baskets. The only means of subsistence is tea.

RELIEF FOR WHALERS.

The Revenue Cutter Bear Will be Dispatched to San Francisco.

WASHINGTON, Nov. 8.—There was a conference at the White House today attended by the Secretaries Gage, Long and Alger, Commodore Melville and Commander Dickens, of the navy, and Captain Showalter, commander of the revenue service, to consider means for relief of the American whaling fleet said to be icebound in Behring sea. It was decided to send the revenue cutter Bear to the relief of the whalers.

Orders have been issued to put the Bear in commission for the voyage, and Captain Showalter says she will be ready to sail as soon as she can be provisioned which will take but a short time.

Commodore Melville, who has had great experience in the Arctic, gave the conference the benefit of his experience and knowledge, but it appears there is yet a great lack of information as to the location of the whalers, also as to whether or not they are in destitute circumstances. Secretary Long has issued orders to ascertain most definitely, if possible the existing conditions. It is probable that the Bear will stop at some points on the Alaskan coast, and take aboard a supply of reindeer and dogs to be used in crossing the ice floes when the vessel can no longer be navigated.

To Receive Weyler.

MADRID, Nov. 8.—Lieutenant-General Weyler's political backers, supported by his influential followers in the army, are fermenting an agitation in his behalf in the government policy, and are preparing to give him a reception on his arrival, which will, if they can bring it about, neutralize the critical attitude of the Sagasta Cabinet. Senor Romero Robledo, who is leading the agitation, addressed a large meeting of conservatives today, at which several senators and deputies were present, and made a violent attack upon the governing committee of the conservative party, whom he charged with being responsible for the dissolution of the party. He eulogized Weyler as a commander, and his civil administration, and urged that "war is the only true policy in Cuba"

Robledo will meet Weyler on his arrival on the Montserrat. Meanwhile he is organizing a series of public meetings to protest against the recall of Weyler, the first of which will be held tomorrow, and he promises a reorganization of the conservative policy on the basis of the program of the late Senor Conovas del Castillo as to Cuba and the Philippine islands.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1

Gold Standard in Favor.

LONDON, Nov. 8.—According to a dispatch from Shanghai, the emperor of China and the board of revenue have approved a memorial in favor of establishing a gold standard and prohibiting the export of gold. It is doubtful, however, if this will have any practical result.

The French in Danger.

LONDON, Nov. 8.—A dispatch from Paris says alarming information from the island of Madagascar has reached the French colonial office. Large bands of well-armed and disciplined rebels are scouring Madagascar and cutting off the isolated French detachments.

Vesuvius in Eruption Again.

NAPLES, Nov. 8.—Mount Vesuvius is in great activity. A mass of lava is pouring out from the Arto del Cavello crater, which opened in 1895. Two wide streams are running down in the direction of Vitrova and Hiane del Inestro.

Tribesmen Still Killing.

LIMLA, Nov. 8.—A rumor has reached here that a native officer and 35 Sikhs belong to the Kujram column have been intercepted by the tribesmen in a ravine and slaughtered.
