NO 266

ANNEXATION HER HOPE

Hawaii Anxious to Have the Treaty Signed.

THE OPINIONS OF DOLE AND JUDD

Stability of the Republic Menaced by a Rapidly Increasing Foreign Population.

NEW YORK, Nov. 15.—A dispatch to the World from Honolulu, dated Oct. 28, says:

Sanford B. Dole, president of the provisional republic of Hawaii, and Chief Justice Judd are anxious to have the Hawaiian annexation treaty adopted as soon as possible. Said President Dole to the World correspondent:

"The people will never again submit to a monarchy. In fact, there is no one sufficiently enjoying the confidence of the people of the island to conduct the affairs of state under a monarchy."

"Why do they not desire to continue as an independent republic?" he was asked.

"As the islands are so far away from other countries, and as the Asiatic population is fast increasing in numbers, it is a serious question if they are left alone whether the republic could survive with the willing consent of the foreigners. Besides, if the United States has constantly to protect the islands under the government at present, why should not the United States take them altogether?"

"This is a great country for commerce. It is the natural land for American ownership. To all intents and purposes, it is an American colony, anyway, so far as business capital and industry are concerned, and it should be a part of the body politic of the United States."

Chief Justice Judd said in an interview:

"During the reign of King Kalakaua there was two cabinets, so dissatisfied was the state of the kingdom. The only branch of the government that was not disturbed was the judiciary. The restoration of the monarchy is an impossibility. There is no material to make a monarch of."

"Nor can we hope to maintain a republic independently. We must look to the United States. We have come to the turning point, and we must either become Asiatic or Anglo-Saxon. Our commerce is with the United States; we are within the zone of American influence, and to assume responsibility for us they ought to have something to say about how our affairs are conducted."

The news that has reached here from San Francisco that Samuel Parker, a prominent native leader, and heretofore a strong royalist, has declared himself in favor of annexation, has created quite a sensation among the natives who are still opposed to annexation.

NATIVE SAVAGERY AVENGED.

German Warship Demolishes a New Guinea Village.

VICTORIA, Nov. 15.—The German warship Falk, which was dispatched from Australia on receipt of the news there of the murder of the trader, von Hagen, returned recently from German New Guinea, having grimly avenged the savagery of the natives.

The Falk steamed directly to the village in which the murderers of the late

acting governor were known to be secreted, and without a word of parley opened fire with artillery. This so terrified the natives that they at once carried into Stephanport, the German capital, the Solomon Island boys wanted for the murder, and who had broken from imprisonment, imposed for the killing, two years ago of the German explorer Ehlers and his party.

The Falk continued to shell the village despite this conciliatory measure and left no building standing.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. TO THE RELIEF OF THE WHALEKS

A Reindeer Train Will Go Overland to Point Barrow.

WASHINGTON, Nov. 15.—Secretary Alger has requested the secretary of the interior to instruct Alaskan officials to gather about 800 head of reindeer from the government herds for use of an expedition for the relief of the icebound whalers in the Arctic.

It is expected that the Bear, which is now in Seattle, will be ready to sail in about 10 days, and within 20 days thereafter will reach some point on the northern sound, where a large party will be engaged for the trip overland to Point Barrow.

The herd of reindeer which will be killed for food, if needed, will be driven overland, and it is confidently expected that the herd will reach Point Barrow and the imprisoned whalers before the middle of February.

The country through which the herd will be driven is said to abound with moss, upon which the herd will feed.

It is said the scheme for the relief of the whalers is perfectly feasible and will be attended with little danger. No apprehension is felt regarding the outcome of the enterprise.

A Steamer for Alaska.

TACOMA, Nov. 15.—The steamer City of Seattle delayed her departure for Alaska till this evening. A large quantity of material for the Chilkoot tramway is being put on board today. Nearly 100 cattle will be shipped at Port Townsend. The passenger list from this port will be light.

To Join Her Husband.

QUINCY, Ill., Nov. 15.—Mrs. Distin left here last night for Sitka, Alaska, where she will join her husband Colonel William M. Distin, surveyor-general of Alaska. She will be accompanied by her son Willis.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I

can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down; could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed strength. ANENT LAURIER'S VISIT.

London Globe Says Canada Need Ask No Favours of America.

LONDON, Nov. 15.—The afternoon papers devote editorial articles today to the visit of Sir Alfred Laurier, premier of Canada to Washington. The Globe declares:

"Statesmen at Washington have played their cards badly and they know it. Canada has learned the lesson of patriotic independence and self-reliance, and the magnificent discoveries of gold which promise her in the near future an enormous increase in population, have confirmed her in the just confidence that with the mother country at her back she needs no American assistance in carving out for herself an honest and prosperous career."

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. Nomedicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store. 1
