THE DALLES, OREGON, WEDNESDAY, NOVEMBER 17, 1897

NO 267

## AT WORK ON BIG GUNS

New Armaments Wanted in a Hurry.

RUSH ORDERS HAVE BEEN ISSUED

Two Factories in Pennsylvania are Being Operated Night and Day in Consequence.

PHILADELPHIA, Nov. 16.—For more than two months people living in Tioja and Nicetown have commented on the fact that the Midvale steel works had not shut down even for Sunday, and the jarring noise of the big machinery has penetrated at midnight or the early hours of the morning the same as during the day. Sickness has been the only plea that would permit any of the employees to enjoy a days rest, and three relays of men have been alternately kept at a high tension.

All this excitement, it leaked out today, is due to a hurried order from the government for an increase of armament. The order placed with the Midvale steel works is for 50 10-inch disappearing guns and 10 12-inch mortars.

The government inspection is in the hands of Captain T. A. Lisle of the army. He is out of the city, and the manager of the Midvale company declined to talk regarding the big contract made with the government.

An open gate of the main building in the Midvale discloses to view three unfinished castings of the 10-inch pattern. To one side of the furnaces upon temporary wooden mountings were two weapons apparently ready for being transported.

There is enough work on the unfinished contracts to keep the entire force at both places busy for several months yet.

## THE DAUNTLESS AGAIN BOARDED

The Irrepressible Filibuster Bobs Up at Key West.

NEW YORK, Nov. 16.—A Special to the Tribune from Washington says:

The filibustering steamer Dauntless is again causing serious concern to naval authorities. A telegram to the navy department from Key West, where the cruiser Montgomery and the gunboat Anapolis are supposed to be on the watch, announces the sudden arrival of the Dauntless at that point, although on Saturday the commanding officers of the Vesuvius, who was watching her at Jacksonville, reported her in dock there, being repainted and generally placed in condition for another expedition.

He thought she would be ready in another week, and wondered what steps he would take to prevent her departure if she had men and arms on board, and the department had scarcely informed him he must follow her to sea and make every effort to prevent her reaching Cuba, when the word came that she had slipped into Key West, violating the quarantine regulations by leaving Jacksonville without notice, and completely disconcerting the naval officers who are afraid she will get away from her present berth as readily as from her last without anyone being the wiser.

If she has men and ammunition, the Dauntless is in a fine way to reach Cuba.

We have used your Happy Thought Salve with excellent results. Our little girl, 4 yrs. old, had sore ears for nearly a year from the effects of a severe case of chicken pox. After using the salve for a short time, her ears were completely healed. We find it works wonders.

M. A. COVINGTON, B. B.,

Pastor Madison St. M. E. Church, Seattle, Wash.

50 cents a jar at Donnell's Drugstore.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

for all the navy can do to prevent it, since her speed makes it difficult for any of our smaller warships to catch her in the daytime, and she can easily elude them at night. The only sure method to prevent her reaching Cuba, in the opinion of the naval officers here, is to destroy her.

## WHY THE SILVER ENVOYS FAILED

England Alone Blasted the Hopes of Welcott & Co.

WASHINGTON, Nov. 16.—The official reports of the correspondence in regard to the bimetallic proposals of the United States monetary commission to the government of Great Britain has reached this country. It fully confirms the report cabled to the American Press October 21st and 22d. The negotiations fell through, notwithstanding the expressed willingness of the French government to open their mints, owing to the rejection by the British government of the proposition to again open the Indian mints to the free coinage of silver.

None of the other propositions were replied to, because one of the most important concessions requested of Great Britain could not be conceded.

Great Britain, in making answer, referred to the wishes of the government of India, to which the proposal was referred, and the reply of the latter government therefore is the most important communication in the correspondence.

The most potent reasons urged against the proposition is that the burden of failure, if failure should come from the experiment for re-establishment of bimetalism by France and the United States, must inevitably fall on India. Both the United States and France, the reply argues, with their gold, could to a greater or less extent protect themselves if the experiment did not prove to be a success.

The document contains a reservation which would seem to indicate that if the scope of the proposed experiment was sufficiently broadened India might be willing at least to reconsider the proposition.

## Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

## A Blizzard in Nebraska.

OMAHA, Nov. 16.—Heavy snow has been falling all over the north-western part of the state for 24 hours, and the storm has assumed the proportions of a blizzard. Some snow has fallen in the eastern part of the state and at Omaha. The storm attained its greatest violence in the north-western part of Nebraska, extending into Wyoming and Montana. The mercury is hovering around zero all over Nebraska.

## NOTICE.

I have a stray horse, a roan, 9 years old, branded with a figure 2 on the right hip, at my place on three mile. The owner can have the same by paying the cost of this advertisement and proving property.

SETH MORGAN, The Dalles.

## HITCH IN THE NEGOTIATIONS.

Canadians Will Not Discuss the Sealing Matter Alone.

WASHINGTON, Nov. 16.—The Canadians have determined today to meet the propositions for the immediate suspension of pelagic sealing with a counter proposition for the establishment of a committee to arrange a general settlement not only of the sealing question, but the reciprocity, border immigration, North Atlantic fisheries, and all pending questions between the United States and Canada. It was stated that the proposition would be submitted when diplomatic phases of the subject were taken up today.

The contention of the American representatives is that the Behring Sea matter is the first question to be disposed of. The Canadians are equally insistent that they will not surrender on the sealing question without at the same time securing action on all the other subjects which are to them of quite as much importance as the sealing question. Their suggestion of a commission, therefore, will contemplate the assembling of duly organized commissioners, to be appointed by the president and Canada to consider all pending questions, and if possible, negotiate a treaty covering the settlement of all of them. The plan necessarily implies a suspension of the action on the Behring sea question for the present.

The Behring sea meeting began at 11 o'clock today under the usual circumstances of secrecy.

The commercial organizations of the country are becoming interested in the question of reciprocity, as it is evidenced by the communications received from Boston merchants, who make a strong plea for Canadian reciprocity.

At the morning session the experts concluded their work on the technical features of the seal question, reaching an agreement on all points of difference. The signing of their report was deferred until 2:30 this afternoon.

It was agreed that the nature of the report should not be made public until it had been submitted to their respective governments.

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is sure that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place, and they handle a great many patent medicines for throat and lung diseases. He had all these to select from, and skilled physicians to answer to his call, but selected this remedy for use in his own home at a time when his boy's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of the croup. Mr. Johnson says this is the best selling cough medicine they handle, and that gives splendid satisfaction in all cases. Sold by Blakeley & Houghton.

## Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1

## Cash in Your Checks.

All county warrants registered prior to July 7, 1893, will be paid at my office. Interest ceases after Oct. 27th, 1897.

## SUMMONS.

IN THE CIRCUIT COURT of the State of Oregon for Wasco County: The Oregon Railroad & Navigation Company, a corporation organized under the laws of the State of Oregon, Plaintiff,

Thomas J. Bulger and — Bulger, his wife, whose given name is unknown to plaintiff; D. L. Caine, George Gardiner and Fannie E. Gardiner, Defendants.

To Thomas J. Bulger, — Bulger, whose given name is unknown to plaintiff; D. L. Caine, George Gardiner and Fannie E. Gardiner, Defendants.

IN THE NAME OF THE STATE OF OREGON you and each of you are hereby required to appear and answer the complaint filed against you in the above entitled action on or before the first day of the term of the above entitled court following the expiration of the time prescribed in the order for the publication of this summons, to wit: on or before the 8th day of November, 1897, that being the first day of the next regular term of said court, and if you fail to so appear and answer the complaint of the plaintiff, for want thereof the plaintiff will apply to the court for the judgment prayed for in said complaint, to-wit: For the condemnation and appropriation for a right-of-way for a railroad of land one hundred feet wide over and across the following described lands: Commencing at a point 1100 feet north from the southeast corner of the southwest quarter of section six, township two north, range eight east, in Wasco county, Oregon, thence north 70 feet to a point; thence north 86 degrees 34 minutes east, 280 feet to a point in the north boundary of the right-of-way of the Oregon Railway and Navigation Company, now Oregon Railroad and Navigation Company's right-of-way; thence southwesterly along said north boundary of said right-of-way to the place of beginning, containing 22-100 acres. Also another tract of land situated in said section six, described as follows, to-wit: Commencing at a point in the south boundary of the right-of-way of the said Oregon Railroad and Navigation Company, which point is 1173 feet north and 290 feet east of the southeast corner of the southwest quarter of section six, township two north, range eight east; thence north 86 degrees and 34 minutes east, 815 feet to a point on the south boundary of the said right-of-way; thence on a curve to the left with and along the said boundary of said right-of-way in a westerly course to the place of beginning, containing 47-100 acres; said land to be used for the re-location of the railway of said plaintiff across said premises as provided by section 3241, Hill's Annotated Laws of the State of Oregon. And plaintiff will also take judgment for its costs and disbursements in this action.

This summons is served upon the defendants above named by publication thereof in The Dalles Chronicle by order of Hon. W. L. Bredshaw, Judge of the Seventh Judicial District of the State of Oregon, made at chambers in Dalles City, Oregon, this 25th day of September, 1897.

W. W. CUTTON, J. M. LONG and W. H. WILSON, Attorneys for Plaintiff.
