## AUSTRIA IN EARNEST

She Will Enforce Her Demands on Turkey.

MERSINA WILL BE BOMBARDED

Austrian Embassadors Ready to Quit Constantinople—Porte Shows no Signs of Weakening

VIENNA, Nov. 17.—The Turkish government not having yielded to the demands of the government of Austria for redress on account of the indignities offered to Austrian merchants of Mersina, Herr Brazzafelli, the Austrian ambassador, Baron de Cecele, will leave Constantinople, and an Austrian warship will bombard the port of Mersina, Asia Minor, if the demands of Austria are not complied with by noon Thursday.

Austria demands of the Turkish government an order for a salute of the Austrian flag, that the wali of Adena be dismissed from his position, and that the lieutenant governor be removed. The sultan, buoyed up by an easy victory over Greece during the late war, will not, it is believed, yield until the last moment.

Austria, in addition to the demands mentioned, will insist upon the porte furnishing her with definite assurance respecting other matters, notably the complaints made by officials of the Austrian company operating Oriental railroads, which have frequently been brought to the attention of the Turkish government. In this connection it is announced that in addition to the despatching of warships to Mersina, with instructions to obtain satisfaction for the conduct complained of, the ship will at noon tomorrow unless the porte has granted the demands of Austria by that time, stop all traffic on Oriental railroads.

### Will Stave off Action.

NEW YORK, Nov. 17.—A special to the Herald from Washington says:

It is said to be the present intention of President McKinley to incorporate in his annual message to congress. He does not deem it compatible with the public service to publish the full text of the notes, pending further correspondence and the carrying out of the promises made by the Spanish government. The papers will be accessible to the members of the committee on foreign affairs for their guidance in dealing with various resolutions which will come before them.

It is reported that Spain asked to have the correspondence withheld for the present for political reasons. The new ministry fears that the conciliatory attitude toward the United States, as shown by the notes, may cause embarrassment at home, and thereby make it impossible to carry out the proposed reforms. On the other hand there is the fear that jingo members of congress who have been expecting so much at the hands of Mr. McKinley may not be satisfied with all that Spain has promised and that another outbreak in congress will tend to aggravate the situation in Spain.

The president's chief desire now is to

stave off action of any kind by congress until it can be definitely known whether Spain's new plan is to succeed or fail.

### Rounding up Boomers.

WICHITA, Kas., Nov. 17.—George M. Hughes, of Anadarko, I. T., has arrived in Wichita on a trip to secure 20,000 colonists for the Wichita country, who are to settle in and about the Wichita mountains before the first of January, and by sheer persistency and force of numbers compel congress to open the country to settlement.

Hughes is one of twenty men who are now making a systematic canvass of Oklahoma, Kansas and Arkansas for boomers to settle in the new country. The plan is to inaugurate a promiscuous immigration into the Indian country at once and begin to hunt for gold, demanding of congress, at the same time, the opening of the Wichita country.

The movement promises to surpass the famous colony expedition in Oklahoma by Captain Payne.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

### Sagasta is Cautious.

NEW YORK, Nov. 17.—A dispatch to the World from Madrid says:

The government will not dissolve parliament, nor fix a date for the election and the meeting of the new cortes until Premier Sagasta can definitely form an opinion as to the attitude of the American congress toward Spain, and until President McKinley's message and the contemplated note on the question of filibustering expeditions enable him to see the drift of McKinley's policy. The government and leaders of the opposition deem it to be unadvisable to risk being without a parliament in case complications should arise in its relations with the United States. Should the attitude of the American congress and president be reassuring, Premier Sagasta will dissolve the cortes in December, and appoint the elections for February, thus bringing the next meeting of the cortes early in March.

With a view to getting support easier from the house in which, like all past Spanish governments, he is likely to get double majorities, he is anxious to have the election take place at the same time in Spain and the West Indies, even if the state of Cuba in February obliges him to adopt exceptional measures to carry out at the polls the policy that General Blanco and Senor Morrel are already concerting.

It is said that the Spanish government will provide the state department at Washington with the text of the colonial reforms and full details of their working with all that is required to give President McKinley an insight into that new policy before drafting his message.

The Spanish ministers and Minister Woodford seem to get on very well together.

### Stands at the Head.

Ang. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1
