## REFORMS IN NAME

### Cuba Not Benefited by the Change of Policy.

### BLANCO MAY POSSIBLY RESIGN

### Spain's Failure to Redeem Pledges the Cause—Autonomists Rapidly Losing Hope.

New York, Nov. 18.—A dispatch to the Herald from Havana says:

There are no signs of the appearances of the full text of the proposed reforms and consequently the hopes of the most optimistic autonomists are dwindling. The fault lies not with General Blanco. There is every reason to believe that his promises on arrival were made in good faith. He is evidently deeply incensed at the false position in which he is placed. He cabled a day or two ago to Madrid, saying General Weyler had deceived him as to the condition of the army and the government, and misled him regarding its sincerity in promising autonomy, and broadly intimated that he felt inclined to ask to be relieved.

In addition to Spain's delay, Spanish officers here have thrown obstacles in the way of autonomy by procrastination in carrying out instructions to adopt less harsh methods of warfare and endeavor to destroy the suspicion of the rebels.

The Herald correspondent has just returned from a two day's trip through Havana to Artemisa. Every military commander of a town who was met said he had not yet received any orders regarding the extension of the zones of cultivation.

The condition of the reconcentrados is unaltered. Their sufferings are appalling. To put any one sugar estate into a condition to grind would cost a considerable sum, which neither the planters nor the Spanish government can at present afford. These delays, it is believed, have killed the chances of autonomy.

The Herald's correspondent with the Cuban army writes:

"Unless General Blanco speedily makes more headway than he has done yet, autonomy will be a dead letter in the Cuban issue."

General Pedro Betancourt, chief of the insurgent army in Matanzas province and an intimate friend of General Gomez, writes from the field under date of November 11:

"Notwithstanding this, you may rest assured that all patriotic men in Cuba are determined and in a condition never to surrender to the Spanish flag. Such is the resolution of the liberating army, known already to all the nations throughout the world, and you may therefore give to this expression the utmost publicity."

Tale is Not Credited.

New York, Nov. 18.—A dispatch to the World from Paris says:

Paris is in a condition of high excitement over the Dreyfus mystery, and even if the authorities had any notion of smothering the scandal, it would now be impossible. Public opinion demands instant action of some kind, and it is expected that the ministry will be compelled to bow to its impatience.

Major Esterhazy's story of how he received an intimation that a plot was

We have used your Happy Thought Salve with excellent results. Our little girl, 4 yrs. old, had sore ears for nearly a year from the effects of a severe case of chicken pox. After using the salve for a short time, her ears were completely healed. We find it works wonders.

apopt to implicate him has excited suspicion against him instead of allaying it. His statement that he can give no clew whatever to the identity of the veiled lady who volunteered an assignation with him and handed him a letter incriminating the Dreyfus' guilt is regarded as very dubious. Why this alleged lady should interest herself in his behalf, and why he, knowing the supreme importance of ascertaining her identity, should have failed to make any effort to ascertain it, are questions that are being asked with many skeptical headshakes. Esterhazy's tale may be true, but if so, it is one of the cases in which truth is stranger than fiction.

Dissatisfaction is beginning to be expressed also with General Billot's statement.

Many Boomers Enlisted.

WICHITA, Kas., Nov. 18.—Captain Howe, said to be one of the twenty men who are raising a colony of boomers to take the Wichita mountain country by storm, announces that he has already enlisted nearly one hundred men in Wichita and surrounding towns. He is a forceful talker and carries samples of the Wichita mountain mineral with him to reinforce his arguments. He claims to have at his command now in Oklahoma and Southwest Kansas 5,000 men who will move upon the reservation at a word.

The Wichita mountains lie in the Kiowa and Comanche Indian country, and in Green county, Oklahoma. Along in the '60s these Indians were given this land to hold until October, 1897. When the country is really opened there will be inaugurated a period of excitement unprecedented in the Southwest. The mineral is there, and there will be a rush. The Rock Island already has a survey running through the mountains and the Choctaw road could easily divert a branch into the heart of these hills.

The Santa Fe Hold Up.

SANTA FE, N. M., Nov. 18.—A merchant from Grant, N. M., where the recent robbery of the Santa Fe passenger train occurred, states that fully \$150,000 if not more, was secured by the robbers. About 100 pounds of gold coin was taken according to the statement of Freeman Abel, given the merchant half an hour after the robbery, and "then they piled into their sacks bundle after bundle of paper currency," added the merchant. United States Marshal Forker admits that at least \$35,000 in gold was secured by the robbers, and an unknown amount of greenbacks. The marshal has gone south to meet Arizona officials. It is believed that the hiding place of the robbers has been located.

Chinese Rebellion.

VICTORIA, Nov. 18.—The Express of China brings these oriental advices:

The rebellion in northern China is spreading and fears are expressed that the insurgents will advance on Tien-Tsin.

The imperial troops have been defeated in several engagements and the number of insurgents is increasing. The insurgents also expect to be joined by members of secret societies who revolted unsuccessfully just before the war with Japan. They are well supplied with arms and ammunition abandoned by Chinese "braves" in the recent war.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. Chinese Actors Banned Out.

NEW YORK, Nov. 18.—The Chinamen who were sent to England to appear in the reproduction of the play, "The First Born," are in a peck of trouble. They returned on the Kaiser Wilhelm der Grosse, and they were not allowed to land because of the Chinese exclusion law. The Chinamen are now being fed at the expense of the German Steamship Company, and divide their time between feasting and praying to a Chinese god that they may be permitted to land.

Did You Ever Think.

That a kind word put out at interest brings back an enormous percentage of love and appreciation?

That though a loving thought may not seem to be appreciated, it has yet made you better and braver because of it?

That the little acts of kindness and thoughtfulness day by day are really greater than one immense act of goodness once a year?

That to be always polite to the people at home is not only more ladylike, but more refined than having "company manners"?

That to judge anybody by his personal appearance stamps you as not only ignorant but ill-bred?

That to talk and talk and talk about yourself and your belongings is very tiresome for the people who listen?—Detroit Free Press.

Rice Meringue Pudding.

Four tablespoonfuls rice, wash, add one quart of milk; let it stand to soak half an hour, then put on to boil. When it begins to boil, set back on the range and simmer two hours or until well cooked. Then drop in one at a time and stir well the yolks of four eggs, the grated rind and half the juice of one lemon, piece of butter about the size of a walnut, a little nutmeg or any preferred spice; sweeten to taste and add a pinch of salt. Put in the pudding dish, beat the whites of the eggs to a stiff froth, add two teaspoonfuls of powdered sugar, spread over the pudding and brown. Serve either cold or hot.—Ladies' World.

Brothers in Adversity.

"I discovered a gold mine," said the forty-niner.

"I invented a torpedo boat," replied the genius.

Then they shook hands like brothers and pooled their capital to buy a cheap dinner.—Detroit Free Press.

## "I Saw You Sliding Down a Cellar Door,"

Said a fond mother reprovingly to her young hopeful the other day. "Didn't you know that clothes cost money?" "They don't cost as much as they used to," said Eli, Jr.; "Cause up to Williams' they are selling Boys' Suits for \$2.50, and the feller said they was all wool, and he looked honest, too." That's so; the Suits are all wool, and they are honest, too.

### BOYS' SCHOOL SUITS.

(Ages 3 to 14 years.)

Besides the big line of \$2.50 Suits, we are showing dozens of others—equally as good values—at 50c, \$1.00, \$1.25, \$1.50, \$1.75, \$2.25, \$2.75, \$3.00, \$3.50, \$4.00, \$4.50 and \$5.00.

We undoubtedly have the Suit you are looking for. Will describe a few of the styles.

#### THE \$1.25 LINE

are well made of a dark brown mixed Union Cassimere. All Suits under 9 years are made with large Reefer Collar and are nicely braided.

#### THE \$2.50 LINE

are all wool, of a stylish homespun Cheviot, colors green or brown with faint irregular plaids. Black Hercules Braid at collar and cuffs of smaller sizes. Very dressy and an excellent wearer. Can also be had (same material) in three-piece Suits, 12 to 19 years, at \$4.50.

#### One of Our \$3.00 Lines

is an all-wool, soft finish Cheviot, brown with invisible red plaid, brown Hercules Braid trimming on collar and cuffs. The latest stylish cut; very nobby and can be handed down to the second son when the present boy outgrows them. The pants to our two-piece Suits from 9 years up are made double knees and seat.

### YOUNG MEN'S SUITS.

(Ages 14 to 18 years.)

Once in a while we say that our Young Men's Suits (30 to 35 chest measure) cost less than large sizes. In comes a lot of "small men" and get fitted from \$2 to \$5 less than they've been in the habit of paying.

#### THAT \$6.00 LINE

of young men's Suits of selected Cassimere—the best measures up to 35 inches—are what you should buy for knock-about wear; stylish too. We've never shown their equal before.

### MEN'S CLOTHING.

Weigh this statement carefully.

Men's Clay Worsted sack suits, (black) either round or square cut at \$9.00; latest frock, all wool, full weight goods for \$10.00.

Clay Worsted Suits, worth fully 25 per cent more than we ask for them.

COME  
and see all these plums.
