### GROSS EXAGGERATION.

Last year Col. Pat Donan was ripping Republicanism up the back and howling calamity for political purposes. Now he is employed by the O. R. & N. to boom Oregon, and he sings like the cylinder of a threshing machine. The trouble is, was, and always will be with Donan's work, that it is so grossly exaggerated that it loses all its power for good and becomes a positive evil. The Col. should put the air brakes on his imagination. This is what he says of Oregon:

"From the northern line of California and Nevada to the remotest limits of Alaska and the Northwest territory, the whole Pacific slope is booming—booming beyond all precedent. I am one of those who devoutly believed that McKinley, as the advance agent of prosperity, was traveling a long way ahead of his show; but the caravan has caught up with the foremost buglar and bill poster, so far as the Pacific Northwest is concerned. The stars in their courses have fought for protection, Billy and the grand old party. Prosperity has swept like a golden cyclone over Oregon, Washington, Idaho, Alaska and British Columbia. Great as the Yukon gold booms, and infinitely greater as it is to be, it is, as yet, but a trifle compared with other booms that are pushing the Pacific coast forward. Take Oregon, for instance. With an area of 96,000 square miles and but about 400,000 population, it has this year produced 40,000,000 bushels of wheat, worth \$30,000,000. In addition, Oregon has this year turned out 600,000,000 feet of lumber, worth \$12,000,000; about 50,000,000 lbs. of fruit, worth about \$5,000,000; something like 15,000,000 pounds of wool, worth \$2,000,000; fish, amounting to \$3,000,000; gold, silver, copper, lead and coal, aggregating \$10,000,000—a grand total of \$70,000,000, or about \$175 for every man, woman and child within her borders for one year's yield."

The report that comes from England as to thread and twine manufacture will interest persons in Oregon who have been paying attention to growth of fibers. A movement is on foot to start opposition on a great scale to the Coates company. So

many applications for stock have been received that it has been decided to increase the capital from \$5,000,000 to \$15,000,000. The Coates company is capitalized at \$37,500,000. Fourteen leading firms of threadmakers in cotton, silk and linen, have been absorbed by the new anti-monopoly, and a war in the trade is looked for. The Coates people, however, are taking things comfortably, and they say that there is room for both in the field.

The report that there will be a two-thirds majority in the senate for the ratification of the Hawaiian treaty is probably correct. The annexation project gains friends as time passes, says the Oregonian. All the objections, which can be urged against annexation have been heard, and they are not formidable. The president will, in his message, recommend early action, and nearly all the Republicans and a majority of the Democrats are likely to stand with him on this question. Nobody need be surprised if annexation comes before the end of January.

The wealth of Wasco county in money, as shown by the assessment rolls for 1897, is but \$4,987, and yet thousands of dollars worth of business is being transacted throughout the county every day. Either money is not absolutely necessary for the transaction of business or else somebody has lied to the assessor.—Glacier.

The three-year-old boy of J. A. Johnson, of Lyon Center, Ill., is subject to attacks of croup. Mr. Johnson says he is sure that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place, and they handle a great many patent medicines for throat and lung disease. He had all these to select from, and skilled physicians to answer to his call, but selected this remedy for use in his own home at a time when his boy's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of the croup. Mr. Johnson says this is the best selling cough medicine they handle, and that gives splendid satisfaction in all cases. Sold by Blakeley & Houghton.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

Thousands are Trying It.

In order to prove the great merit of Ely's Cream Balm, the most effective cure for Catarrh and Cold in Head, we have prepared a generous trial size for 10 cents. Get it of your druggist or send 10 cents to

ELY BROS., 56 Warren St., N. Y. City.

I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrom, 45 Warren Ave., Chicago, Ill.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no cocaine, mercury nor any injurious drug. Price, 50 cents. At druggists or by mail.
