KILLED AT HIS POST.

James Wells, A Seattle Policeman, Murdered While Discharging His Duty.

James Wells, a well-known Seattle policeman, while acting as city jailer Sunday night, was cowardly murdered by Charles Phillips, an ex-convict, who was recently released from jail at New Westminster, B. C.

Phillips had been arrested on suspicion of being implicated in a recent burglary, and had been taken to the city jail in a patrol wagon. When the wagon reached the jail Officer Wells met it and told Phillips to get down. Phillips responded by drawing a revolver and shooting Wells through the body. He then ran across the street. Wells, though mortally wounded, staggered to his feet and fired at Phillips, who returned the shot.

Wells then fell to the sidewalk, dead. Phillips broke and ran, with Officers Barber and Meredith in pursuit. Sheriff Moyer, who was passing on a street-car, hearing the firing and seeing the crowd, alighted and took a shot at the fleeing Phillips. Numerous shots were exchanged between the officers and Phillips, who finally took refuge under a brick building at Fourth and Main streets.

Chief of Police Reed ordered out the entire police department, and the house was surrounded. Officers Barber and Meredith, with a lantern, crawled in after Phillips, whom they saw sitting under the back end of the building, with his revolver in his hand. Meredith called to him to surrender. Phillips drew his revolver to fire, but Meredith and Barber were too quick for him. Their pistols rang out and Phillips fell wounded through the arm and leg. He then surrendered. When taken to the jail he said he did not intend to kill Wells, but only to injure him.

The strength which comes to us from eating nourishing food is better than stimulation, because it is *new strength*. The health which belongs to a strong body, well nourished by proper food (properly digested), is the only health that is lasting.

The difference between Shaker Digestive Cordial and other medicines is simply that it helps nature to make strength. It does not profess to cure sickness, except as that sickness is a result of weakness caused by food not properly digested.

Shaker Digestive Cordial will relieve the pains of indigestion, and make thin, sick, weak people as well as if their stomachs had never been out of order.

It is a gentle aid to the digestion of nature's strength-maker, food.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Cal. "This cold left me with a cough and I was expectorating all the time. The remedy cured me and I want all my friends when troubled with a cough or cold to use it, for it will do them good. Sold by Blakeley & Houghton."

No Worse Than Nice.

The attacks upon the morality of Monte Carlo are made by its rivals for popular favor, if we may believe Henry Labouchere. The English radical says: "Every year the number of visitors to Monte Carlo increases and every year more desperate efforts are made by its rivals along the Riviera to prejudice the place with the British public. That Monte Carlo is a paradise in a moral sense I am not going to suggest. Every man of the world knows that, like other places entirely devoted to luxury and pleasure, society there is not exactly an assembly of saints. But that Monte Carlo is any worse than other pleasure resorts of a similar character I emphatically deny. As to the results of the gambling everyone who has been behind the scenes knows that infinitely more mischief is done in the gambling halls of Nice every season than at the tables of Monte Carlo, and I doubt whether even Nice, which is in many respects a sink of iniquity, is any worse than Ostend has been during the last few seasons."

SCROFULA.

One of America's most famous physicians says: "Scrofula is external consumption." Scrofulous children are often beautiful children, but they lack nerve force, strong bones, stout muscles and power to resist disease. For delicate children there is no remedy equal to

of Cod-liver Oil with Hypophosphites of Lime and Soda. It fills out the skin by putting good flesh beneath it. It makes the cheeks red by making rich blood. It creates an appetite for food and gives the body power enough to digest it. Be sure you get SCOTT'S Emulsion.

Congressman's Wife's Scheme to Gain Popularity.

Great successes often depend upon small considerations, and the wife of a member of congress, a statesman to whom his constituents are wont to point as a man of the people whom flattery cannot divert from his old custom and associations, fully realizes this fact, says the Washington Star. A school friend who had not seen her since girlhood surprised and delighted her with a visit not long since.

"How industrious you are!" exclaimed the visitor.

"In what way?"

"I don't know. I suppose it is fancy work. I know that you used to have a great aversion to plain sewing. But you must be very diligent indeed to have your work basket in this room."

"Would you like to know what I am at work on?"

"Certainly."

"You shall see for yourself. Here it is." And she held up to view a half-knit sock of old-fashioned blue yarn.

"You—you don't mean to say that your husband wears things like that?"

"Oh, no. He wouldn't think of wearing them. I have a whole lot that I will give away to anybody who will use them."

"Do you do this for pleasure?"

"No. It isn't at all for pleasure. It's business, and I never occupy myself in that way except when it is absolutely necessary. But I always keep the work handy, and whenever one of the old-fashioned, rural voters of my husband's district comes to make him a call—and you have no idea how many honor us with that attention—I get it out and knit away for dear life. It is a good deal of bother, but it's worth it, for you really can't imagine how it pleases them!"

GETTING REVENGE.

A Little Girl's Resentment Toward an Aching Molar.

It is claimed that this story originated in Cleveland, a claim which may very well be true, because Cleveland—and especially the east end—has more precocious children to the acre than Boston could boast of in her palmiest days, says the Cleveland Plain Dealer. This particular precocious infant lives on a pretty cross street in that favored locality. Not long ago she was troubled with an annoying and persistent toothache. Finally her mamma took her to a dentist and the dentist interviewed the troublesome tooth. After examining it he told her that the best thing to do under the circumstances was to have the tooth extracted, as it contained a very large cavity and this was the seat of the trouble. Bracing herself firmly in the chair she bade him go ahead and remove the acher. After the operation was over she carefully wrapped the tooth in paper and declared she would take it home.

Next day her mamma noticed that she was an unusually good girl, and, upon looking around, located her in a window seat industriously poking sugar into the cavity of the extracted tooth. Her mother demanded the cause of this strange proceeding.

"Why," she said, "I'm pokin' sugar in the old thing just to aee it ache!"
