CLARK TO STEP DOWN

Winter Slated for the Union Pacific Presidency.

THE PATH UNDOUBTEDLY CLEAR

It is Declared at Omaha that Horace G. Burt, of That City Will Be Elected.

CHICAGO, Dec. 1.—This morning's Tribune says:

Well-defined rumors are in circulation here that Receiver Clark has positively declined to accept the presidency of the Union Pacific on account of ill health. It has been practically decided that E. W. Winter, late president of the Northern Pacific, will fill the place heretofore held by Clark.

The actual head of the corporation, it is said, will be Marvin Hughitt, president of the Chicago & Northwestern, who is to become chairman of the board of directors of the Union Pacific.

An Omaha Rumor.

OMAHA, Dec. 1.—There has been a great deal of talk about the probability of the election of Horace G. Burt, vice-president of the Northwestern, to the Union Pacific presidency. Those who predict Burt's election argue that President Hughitt, of the Northwestern, wants to take care of H. C. McCulloch, general traffic manager of the Northwestern, by making him third vice-president to succeed Burt.

Later—it has just developed that Horace Burt has opened an office here in the same building with the Elkhorn offices, but on the other floor, and is there ensconced with private secretary and clerks.

Confirmed by Clark.

St. Louis, Dec. 1.—S. H. H. Clark, one of the receivers of the Union Pacific, today announced that he had been offered the presidency of that company by the reorganization committee, but owing to ill health he had refused to accept the position.

In Behalf of Starving Cuba.

NEW YORK, Dec. 1.—President McKinley is considering the best method of placing before the charitable citizens of the United States an appeal for food to relieve destitution in Cuba.

According to the Washington correspondent of the World the Spanish minister has informally conveyed the information to this government that any contribution which will be made will be welcomed. In view of this it is expected that within a few days Consul-General Lee will be authorized to take charge of the supplies donated by the citizens of the United States.

The administration hopes a general relief movement will be started in this country. In such an event steps will be taken to have the supplies admitted without the payment of duty.

Liberals Again in Favor.

TORONTO, Dec. 1.—Toronto, which previous to the last general election, has been held by the conservatives, has elected George Bertram, a liberal, to represent Toronto in the house of commons. The election shows that the lib-

I was troubled for a long time with a sore wrist; something the doctors termed an open vein. It would break and the blood would flow in a stream from it, and I could find nothing that would heal it until I tried your Happy Thought Salve. A small quantity healed it up nicely. In fact it has been well and showed no signs of breaking for over three months, so I feel it has done perfect work.

erals are more firmly entrenched in public favor in Ontario than ever before. The vote was: Oliver Howland, conservative, 1,948; Bertram, liberal, 2,224.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price 75c. per bottle. Sold by Druggists.

NAVAL VESSELS WILL GO SOUTH

United States Flag to be Seen in West Indian Waters.

WASHINGTON, Dec. 1.—In the opinion of the administration the time is now ripe for a renewal of the practice of having the United States navy represented in the waters of the Gulf of Mexico and the Caribbean Sea. For several years past, save an occasional cruiser sent with all haste on her way to or from the South Atlantic stations, not a vessel of the navy has been beyond the waters of Florida, for the reason that the presence of the United States war vessels in the neighborhood of the Spanish Antilles might have served to create an erroneous impression as to the attitude of the United States toward the Cuban insurgents and tended to complicate matters between the United States and Spain at a time when it was desirable that no outside influences should be brought into play.

The Marblehead, now at Annapolis, will start southward as soon as she can complete her work in connection with the trial of torpedo-boat Winslow. She will go to Navassa to look after the condition of United States citizens working on that island.

Nothing has been heard from there for some time, and it is deemed proper to inquire into the allegations of ill treatment and abuses of the workmen there.

While engaged in this inspection the Marblehead will make head-quarters at Port au Prince, on the west coast of Hayti, and will be charged with the protection of American interests generally in that section of the West Indies.

The Wilmington is also to be sent southward, but she will first be docked and overhauled. After a stay in tropical waters she will continue on to the South Atlantic station.

The gunboat Annapolis, now transformed into a training ship, is slated for a trip into the Gulf during the winter with a number of naval apprentices on board.

LUETGERT'S SECOND TRIAL.

Slow Progress Made in the Work of Empanelling a Jury.

CHICAGO, Dec. 1.—The examination of talesmen in the Luetgert case today was marked by many conflicts between Assistant States Attorney McEwen and Attorney Harmon, for the defense. The judge was required to interfere frequently.

Four jurors were sworn in yesterday, and up to that time thirty-eight veniremen had been called into the jury-box and found disqualified to serve. One venireman, a fashion plate publisher, Joseph W. Phillips, proved satisfactory to the attorneys on both sides of the case, but Luetgert objected to him because he was for nine years chief clerk of police in Northumberland county, England.

The jurors chosen were George K. Berlin, a restaurant-keeper; Frank Hoffman, an electrical engineer; Thomas S. Gardner, a furniture dealer; Thomas H. Bachellor, an insurance solicitor.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Blakeley & Houghton drug store.

Happenings at Tacoma.

TACOMA, Dec. 1.—The prospective rush to Alaska is bringing many tough characters to this city, and crime is consequently increasing. Half a dozen stores were entered and robbed last night, three of which were groceries.

Of the vags in jail seven escaped last night by cutting through the floor.

November's exports were the largest of any month in the history of the port, reaching a million and a half in value. Over a million bushels of wheat were shipped in ten vessels. Four thousand bales of cotton alone were shipped to China. Other heavy exports were flour and lumber.

Household Gods.

The Ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of Throat, Chest and Lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free bottles at Blakeley & Houghton's drug store.

To Reduce the Whiskey Output.

LOUISVILLE, Dec. 1.—A meeting of the Kentucky Distillers Association, called to consider the question of restriction of production for a term of three years, a plan was mapped out to keep down the output to 15,000,000 to 20,000,000 gallons yearly. For some years the production has been over 40,000,000 gallons.
