

Xmas • Handkerchiefs.

Holiday Dreams Soon to be Fulfilled.

This store has proved its advantages as a shopping place for Holiday Gifts. What you find in the various departments here, too, is priced on the close margin plan.

Today we call your special attention to our display of Handkerchiefs, Fans, Tray Cloths, Scarfs, Cushions, Cushion Covers and Table Cloths. We will keep adding the good things that we have put away for the holiday trade until they are all displayed.

The Original

Cole's Air Tight Heaters.

Our Stove is made in three different grades—the Dome top line, the Cast top line and the Sheet top line. Each of these styles have special features, which will enable us to meet all the requirements of the trade. All are fitted with double seamed sheet metal base, which makes the Stove absolutely Air Tight. You will make no mistake in buying the original Cole's Air Tight Heater.

FRIDAY - DECEMBER 10, 1897

WAYSIDE GLEANINGS.

McEwen tonight at the Vogt.

The Eugene Register has been enlarged to a four-page seven-column folio.

Silver and gold articles sold by T. A. Van Norden will be engraved free of charge.

Walter Norman is ready to serve fresh oysters in every style at the Columbia Candy Factory.

Wanted—Someone, alien or native-born, to saw a cord and a half of wood. Apply at this office.

During the present month 1.26 inches of rain have fallen. The rainfall for November was 3.84 of an inch.

H. A. Faxon, Umatilla county's new sheriff, Monday reappointed all the deputies who served under Sheriff Houser.

Mr. L. W. Chittenden, who formerly held the position of postal clerk in this city for a long time, has entered the soldiers' home at Roseburg.

Mr. Arnold, agent for Prof. McEwen, left for Pendleton last night, which town will be the next place in which the professor will hold an engagement.

According to the latest reports, Mother McKinley was gradually growing weaker and is unconscious. The president is continually at her bedside.

The ladies who have charge of the practicing for the "Cradle Songs of the Nations" wish to see every child who is to take part at the opera house tomorrow morning at 9 o'clock.

The trials of Earl Wheeler and Fred Hall, the alleged cattle rustlers, with whom a sheriff's posse fought a pitched battle on the Lower Powder river last fall, was begun in Baker City Monday.

The Columbia Candy Factory has secured the services of an expert candy-maker from Portland, and will be prepared to offer its patrons superior candies of all kinds at the lowest possible rates.

In the report of the Sheridan city election it appeared that the peoples party ticket was elected. This was a mistake. It should have read the peoples ticket, which was made up from representatives of all parties.

Mr. Penle, a United States engineer, and Mr. Clarence Sewall are in the city today. We understand that they are here on business connected with the proposed boat railway scheme, but did not find out particulars.

Four panthers were killed near Marshfield last week. Lester Smith killed one measuring seven and one-half feet from tip to tip, on Daniels creek, and John Enegran three on Catching creek, the largest of which measured six feet.

In the senate yesterday McBride of Oregon presented and asked for immediate consideration of a resolution for relief of the American miners and other sufferers in the valley of the Yukon and

its tributaries. The resolution authorizes the secretary of war to transport supplies to the sufferers, and provides that no more than \$250,000 be applied to carry out the purpose of the resolution. It went over.

The stockyards were a scene of activity today, as Roe Grimes was loading 134 head of cattle for Troutdale. The cattle were purchased from I. Howard of Crook county, and considering the fact that they have been taken off the range they are in fine condition.

A 5-year-old son of Mr. and Mrs. Reposo, of Prosper, Coos county, was drowned last week, by falling into the river from a landing in front of the house. The child was missed and search was instituted, resulting in the finding of the body.

An offer has been made to Fish Commissioner McGuire by Thomas Brown and George Broughton of Oregon City to establish a hatchery for steelhead salmon on the Sandy river. The matter has been thoroughly discussed, and hopes are entertained that a successful plan is in view.

Considering that the holidays are close at hand business is rather lax. This can be attributed to the bad condition of the roads, and as the ground is very likely to freeze up before Christmas so that it will be easier for people to get in from the interior, there is little doubt that business will pick up in a moderate degree.

Mr. S. F. Fouts of Portland has opened a cigar factory on Second street, across from Prinz & Nitschke's furniture store, and is ready to offer the public five different brands of cigars, which are equal to any in the land. Mr. Fouts is an experienced cigar-maker, and anyone doubting the superior quality of his goods, has but to sample one of his cigars and they will desire none other.

The different business houses are preparing for the holidays by dressing their windows with appropriate goods, and many of them have beautiful displays. The windows of Pease & Mays are equal in beautiful, and as tastily arranged as any we have ever seen in the city. One contains a large white star, on which shoes are displayed. The fine line of handkerchiefs, ribbons, fans and gloves which the middle window contains is driving the young ladies wild, while the one dressed with tablecloths and napkins, being the corner window, catches the eye of every good housewife that strolls that way.

The city of Chehalis is at present on the verge of a water famine. The pipe line between the pumping station and the city gave way near the crossing of Dillonbaugh creek. At present the break is covered by eight feet of water from the Newaukum river, and cannot be reached to make repairs. It will probably be a week before the water goes down so the break can be permanently repaired, though the water company hopes it will fall within a day or two to make the building of a temporary line around the broken section possible.

There is water enough in the reservoir to last a short time, in case there are no fires, but no more water can be pumped in until the line is fixed.

The German bark Protrimpas, which went ashore on the breakers on North beach one year ago the 19th of this month, and which the Foard & Stokes Company of Astoria has been endeavoring to float, went on her beam ends Wednesday morning, and will, in all probability, prove a total loss. Her purchasers still have hopes of saving her, but at present, things seem to be very unfavorable for the carrying out of their plans.

Our football team has organized, and after a little practice will be ready to meet any team in the vicinity that cares to risk its reputation on the gridiron. The following are the players, as far as we could find out. However, some changes may yet be made, as some of the men who figure as members at present may drop out. Jim Fisher, c.; Carey Ballard, r. g.; Jim Elton, l. g.; Gus Bartell, l. t.; Fred Snipes, r. t.; R. B. Sinnott, l. e.; R. Fisher, r. e.; G. Bartell, q. b.; Willie Fields, f. f.; A. Clarke, r. h.; H. Kelly, l. h.

C. T. Brattan, who was a member of the U. S. grand jury on the second trial of the case of the United States vs. I. N. Taffe, to condemn right of way for the proposed boat railway past the dalles of the Columbia, and who charged J. W. Walker with having bribed him and E. Killfeather, another jurymen to secure a favorable verdict for Taffe, was arrested in San Francisco Monday on a bench warrant issued by Judge Bellinger at the request of U. S. Attorney Hall. It was feared that being so far away from home something might induce him to go further, since he is not a man to be trusted, so it was thought best to recall him.

AT THE VOGT LAST NIGHT.

Another Side-Splitting Entertainment Given by McEwen.

Prof. McEwen's entertainment last night was as laughable as usual and well attended. He had an excellent class and did good work. The most amusing thing of the evening was the milking scene, where every member of the class milked imaginary cows for dear life and sold the milk like professional vendors to the audience.

The class was then provided with fishing poles, and the way they pulled the speckled beauties from in front of the footlights was indeed amusing. Some of them fell into the supposed river while engaged in this diversion, and the way they struggled to keep from drowning would make a wooden Indian spit his sides. A number of other amusing and new features were introduced, but our space will not permit us to mention them all.

Outside of the developing of the class tonight, an entire change of program will be rendered, no doubt to a crowded house.
