## HAVANA IS MENACED

Insurgents Again Nearing the Stronghold.

RESULT LIKELY TO BE DECISIVE

Cuban Soldiers are Well Armed and Equipped—Heavy Spanish Loss at Pinar del Rio.

New York, Dec. 10.—A Havana dispatch to the World says:

An important battle is expected hourly. The insurgents have planned the most formidable demonstration against Havana of the year. General Parros has started from this city with a strong column of troops to meet the insurgente. Senor Canalejas, the confidential agent of the Spanish government, went with him to ascertain the real condition in Havana province.

General Rodriguez with the combined Cuban forces under Juan Delgado Ladares and Rafael Zeckardinas, is encamped twenty miles south of here. He has fully 1000 men, who are well armed, and is said to have a Hotchkiss quick-fire rifle.

Emilio Consalo has hanged Antonio Rivera and a negro named Osman. They went into Consalo from Blanco with money and a proposition to lay down his arms and accept autonomy. A note was pinned on the breast of the hanged men announcing that anyone coming on a similar mission would meet a like fate.

EXPLOSIVE BULLETS WERE USED.

Heavy Spanish Loss at the Recent Battle at Pinar del Rio.

HAVANA, Dec. 10.—Latest reports of the late fight in Pinar del rio province show the Spanish loss was more than claimed. The dead or wounded include one colonel, one major, seven captains, eleven subordinate officers and seventy-four privates. Most of the wounded will die. The loss on the insurgent side was fourteen. Explosive bullets were used by them.

LUTGERT'S WIFE ALIVE.

She Was Seen in Boston During the Month of July.

BOSTON, Dec. 10.—The Globe, of this city, says:

"Mrs. Luetgert, the supposed victim of the sausage-maker murderer, so-called, in Chicago, is alive and well. Mrs. Luetgert was seen in this city during the month of July, acknowledged her identity, besides giving more or less explanation relative to the reason which caused her to leave her husband, who is again on trial for his life."

Such was the startling declaration made by John Schofield, of St. Louis, to a Globe man. Schofield supplemented this statement further with the positive assertion that Mrs. Luetgert was at the house, No. 7 Bullfinch place, for a period of three or four days during the middle of the month of July last. He said he had gained assurance of the fact that Mrs. Luetgert while in Boston had acknowledged her identity, with the as-

I was troubled for a long time with a sore wrist; something the doctors termed an open vein. It would break and the blood would flow in a stream from it, and I could find nothing that would heal it until I tried your Happy Thought Salve. A small quantity healed it up nicely. In fact it has been well and showed no signs of breaking for over three months, so I feel it has done perfect work.

assurance that she left her husband on account of his actions with other women, as well as for reasons which she thought would help in his financial embarrassment in business. He further stated that he believed Mrs. Luetgert was still in Boston, and that she will yet be found.

The Globe has interviewed Mrs. Moss, of No. 7 Bullfinch place, who says that the woman supposed to be Mrs. Luetgert went by the name of Millie Barker. One day the woman seemed distressed after reading an account of Luetgert's trial, and when questioned by Mrs. Moss, said:

"You would be surprised if I told you who I am."

ROASTED IN A SMOKESTACK.

A Boiler-maker the Victim of Criminal Carelessness.

SAN FRANCISCO, Dec. 10.—Michael Purcell, a boiler-maker, was making some repairs inside the smokestack of the steamer Wilmington, at the Folsom-street wharf, when six fires were carelessly started below him. He was strapped in a chair suspended from the top of the stack forty feet from the dampers below. It was impossible to go up, and to go down without assistance meant being roasted alive.

Dense volumes of hot smoke began sailing up the stack, while Purcell shouted loudly for help. The heat increased every moment until the boiler-makers clothes caught on fire. He beat on the pipe with all his might, and shouted for full ten minutes before his helper on the outside, Martin Pilpot, realized his plight and rescued him, just as the rope supporting him began to catch on fire. Purcell lies at home in a critical condition.

DE LOME HAS ENEMIES.

Efforts at New York to Have the Spanish Minister Recalled.

New York, Dec. 10.—The Spanish colony in this city has been divided by a petition sent to Madrid at the time of the assassination of Premier Canovas, asking for the appointment of a strong successor to Senor de Lome. According to the World the petition was made so

as to attack de Lome without mentioning his name, and among the forty prominent Spaniards who signed it were several friends of the minister who did not see any attack in the apparently harmless recommendation. The result is a bitterness among the factions almost as strong as their hatred of the Cubans. The petition says:

"For Spain to succeed in her relations with the United States she must have in Washington a representative of ability and firmness, whose heart will beat with the pulsation of our mother country, and with a head balanced to base all his diplomatic relations on an indisputable right, and not allow the right to be curtailed in the least by unfounded demands or unjust pretensions from the opposing party."

The enemies of de Lome are said to be Senor Canelejas and A. Taltavilla. They charge the minister with lack of foresight and weakness, with permitting Americans to have a voice in Spanish affairs and with bowing to the senate. These opponents are led by Zeraus, formerly vice-president of the Spanish exchange.

How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction—Olajah, Ind. Ter. Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have not yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

The End Near at Hand.

CANTON, Dec. 10.—Dr. Phillips said this morning that Mrs. McKinley is much weaker. He thinks there is no possibility of her living another night. She remains in a palsied sleep. At 10:45 she was still living, but growing weaker.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price 75c. per bottle. Sold by Druggists.

Another Gale in England.
