WAYSIDE GLEANINGS.

Elks benefit tonight.
McEwen tonight at the Vogt.
Cream of maize and minute tapioca at Maier & Benton's.
Weather: Tonight and Tuesday, rain and warmer, with Chinook wind.
The great McEwen will be at his best tonight. None should miss seeing him.
Silver and gold articles sold by T. A. Van Norden will be engraved free of charge.

Walter Norman is ready to serve fresh oysters in every style at the Columbia Candy Factory.

To rent—Four or six unfurnished rooms, centrally located. Apply to Mrs. M. Brittain, Second street, near Union.

Just received our second shipment of Garland stoves for this fall. They are beauties. Call and see them before buying elsewhere. Maier & Benton.

Born, in Portland, Saturday, Nov. 11th, to Mr. and Mrs. Herman Heppner, a daughter. The happy father was a former Dalles boy, and his friends here extend their congratulations to "Hep."

The Columbia Candy Factory has secured the services of an expert candy-maker from Portland, and will be prepared to offer its patrons superior candies of all kinds at the lowest possible rates.

The boom in the cattle business appears to be running away with itself. Stockmen are paying from \$10 to \$12.50 for calves, and one wonders where they will get off at when they come to market such blooded stock as 3-year-olds.—Union Scout.

Following are the highest daily scores at the Club bowling alleys last week: Monday, Tolmie 57; Tuesday, Marden 50; Wednesday, Bradshaw 53; Thursday, Mrs. B. S. Huntington 42; Friday, Bradshaw 60; Saturday, Bradshaw 57; Sunday, Porter 54.

The highest daily bowling scores last week at the Umatilla alleys were: Monday, C. Frank 66; Tuesday, C. Frank 61; Wednesday, A. B. Estebennet 70; Thursday, J. Benton 57; Friday, A. B. Estebennet 59; Saturday, H. Maetz 64; Sunday, C. Frank 58.

In spite of the bad condition of the roads and the inclemency of the weather, several loads of grain were brought in today. This is a poor indication that the farmers are desirous to hold their grain over until spring for higher prices, otherwise they would not haul it over the roads in their present condition.

A report comes from Hong Kong that William Dunbar, who was implicated in the notorious Nat Blum opium-smuggling cases, and who about three years ago surreptitiously left here for China to evade the penalty attached to his offense, is coining money in the Orient

in legitimate commerce. This, however, is no great surprise to those well acquainted with Dunbar, for he always was regarded as one of the best business men in Portland, and had he not permitted himself to be misguided into the gigantic opium-smuggling scheme which wrecked his legitimate business, he would have successfully thrived here.—Oregonian.

Saturday a man named Carlyle was arrested by Constable Hill on a complaint made by Dick Brookhouse charging Carlyle with the larceny of a dog, valued at \$10. He is having his hearing today in Justice Filloon's court, Fred W. Wilson appearing for the defense, while A. A. Jayne is the attorney for the prosecution.

Eight members of Dr. Grants' company arrived from Goldendale today, after a hard trip, with one upset, in which they were all treated to a genuine roll in the mud. They say that considering the size of the town they did a very good business every night they played there. From here they go to Heppner by way of Wasco.

The trial in the circuit court in Dallas Tuesday over the ownership of a hog between neighbors was quite an attraction—thirty witnesses were examined and it is said the expenses will reach into the hundreds. The only way for the winner of the hog to get even, will be to take it to Klondike, where pork commands a high price.

Yesterday while the blasting was going on in the cut across Mill creek, Mr. Healy, who was coming down Fourth street, across from M. Z. Donnell's residence, heard a whizzing sound in the air and instinctively ducked his head. As he did so a rock weighing three pounds passed not over six inches above him and imbedded itself in the bank near by. From the place the rock struck to where the blast was set off was fully a quarter of a mile, and this proves the danger of passing in that vicinity when the blasting is going on. There is no doubt that had the rock struck Mr. Healy he would not have lived to tell the story, since it was going with the force of a cannon ball.

Prof. McEwen had a splendid class of over a dozen subjects Saturday night, and the largest audience of the week. Nearly all his specialties were new and as amusing as they usually are. He made his subjects believe they were in India taking in the sights and viewing the doings of a Hindoo fakir. He then transported them across from this country to London in a balloon, and terminated their ride by allowing them to fall into the Thames, where they were swimming for their lives when woke up. He also made them engage in a baseball game, which was highly amusing. Tonight he will introduce more new specialties. The entertainment will be for the benefit of the Elks' lodge, and will certainly be largely attended.

After meals you should have simply a feeling of comfort and satisfaction. You should not feel any special indications that digestion is going on. If you do,

you have indigestion, which means not-digestion. This may be the beginning of so many dangerous diseases, that it is best to take it in hand at once and treat it with Shaker Digestive Cordial. For you know that indigestion makes poison, which causes pain and sickness. And that Shaker Digestive Cordial helps digestion and cures indigestion. Shaker Digestive Cordial does this by providing the digestive materials in which the sick stomach is wanting. It also tones up and strengthens the digestive organs and makes them perfectly healthy. This is the rationale of its method of cure, as the doctors would say. Sold by druggists, price 10 cents to \$1.00 per bottle.

THE NEW LIGHTSHIP LAUNCHED.

No. 70 Makes Her First Dip From Wolf & Zwickard's Yard.

Lightship No. 70 was successfully launched from the ways at Wolf & Zwickard's yard, at 11:30 yesterday morning, and is now moored at the contractor's wharf to receive her boiler, masts and spars. Three thousand people, standing on the East Water-street elevated roadway, the roofs of surrounding buildings and the Madison and Morrison street bridges, saw her enter the water. Not an accident nor a hitch marred the event.

An hour before the time set for the launching the drenching rain which had been pouring all the morning ceased, as if for the occasion, and the sun came forth and shown warmly down till noon. This started crowds of people across the bridges, and soon every available space on the platform about the ship was taken, and the spectators overflowed on the river banks and into the torpedo-boat sheds, every crossbeam of which on the side toward the ship was swarmed with men and boys.

Shortly after 11 o'clock, Miss Dorcas Merrell, who had been requested by the contractors to christen the vessel, mounted the platform at the bow, accompanied by her mother and father, Commander John P. Merrell, inspector of the 13th lighthouse district. F. Wolff, president of the Wolf & Zwickard iron works, and a number of invited guests were also on the platform. Taking the champagne bottle, which was suspended by a red, white and blue cord from the starboard bow, in her hand, she made ready for the moment when the ship should start.

"Meanwhile, both ax and lever had manfully been piled," and in a few moments those on board felt the vessel shiver a little and then by watching stationary objects, saw that she had started. When she was a yard out of port on her first voyage, Miss Merrell held it high above her head and cast it energetically at the retreating ship. It was shattered into a thousand pieces and the lightship was "numbered."

A brief summary of her dimensions and equipment follows:

Length over all 125 feet; beam 28 feet 6 inches; depth, 13 feet 6 inches; displacement, 589 tons. The vessel will be provided with a single condensing en-

The Original Cole's Air Tight Heaters.

Our Stove is made in three different grades—the Dome top line, the Cast top line and the Sheet top line. Each of these styles have special features, which will enable us to meet all the requirements of the trade. All are fitted with double seamed sheet metal base, which makes the Stove absolutely Air Tight. You will make no mistake in buying the original Cole's Air Tight Heater.
