## KAIULANI WILL RULE

What May be Expected if Annexation Fails.

## ENGLAND'S EYE ON THE ISLAND

If We Don't Take Them She Will Overturn the Republic and Set up a New Monarchy.

New York, Dec. 17.—The downfall of the Dole government and the restoration of the monarchy, with Kaiulani, niece of former Queen Liliuokalani, reigning under British domination, is the future predicted for Hawaii by the advocates of annexation, in the event of the rejection of the pending treaty by the senate, says the Washington correspondent of the Herald.

Leading members of the senate committee on foreign relations appear to be unanimous in the opinion that when the treaty is called up evidence will be furnished to prove that there is some secret work now going on in this direction. It is alleged that the Hawaiians now in this city to protest against the ratification of the treaty are here in the interest of Kaiulani, and that English influence is behind the movement.

Members of the committee declare there is strong evidence, more substantial than this, to prove that the failure of the United States to take Hawaii means European domination over the islands. Just what this information is, members of the committee decline to divulge, but the significant statement that when the facts were brought in in executive session of the senate it would bring to the support of the treaty several senators who are now on the other side.

It is on account of this secret information in possession of the committee that Senator Davis will oppose the discussion of the treaty in open session. He will insist upon its consideration behind closed doors, and he will be supported in this proposition by all members of the committee.

## Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price 75c. per bottle. Sold by Druggists.

Hawley, Carter and Cockrell as conferees. It then discussed at some length the government's revenue, the basis of the discussion being the report that the time was opportune to pass a bill freeing from taxation alcohol used in the arts. One hundred and thirty-eight private pension bills were passed.

WASHINGTON, Dec. 17.—The house today resumed consideration of the legislative appropriation bill. The Klondike relief bill was sent to conference and Cannon, Northway, and Sayers of Texas were named as conferees.

## MAY GO TO A \$1.50.

Agent French, of the Leiter Interests, so Predicts.

CHICAGO, Dec. 17.—George B. French, the recognized agent of the Leiter interest in wheat, has imparted a piece of information which wheat speculators for many months have been anxious to know. He also ventured a prediction on the future of May wheat.

"Our wheat costs us nearly 70 cts," said Mr. French, "and at that price we think we can afford to take it in, pay for it, and see what it looks like. Our position, as we have said right along, is simply that of merchandisers. As soon as the deficiency of the supply and the urgency of the demand become more apparent, I will not be a bit surprised to see May wheat at \$1.50."

While Mr. French would give no information as to the size of the line of wheat which he represents, he said:

"We expect that all the wheat we have bought will be delivered to us."

## THE ST. LOUIS CORNER.

Consolidated Elevator Co. Has Over 3,000,000 Bushels of Wheat.

St. Louis, Dec. 17.—J. D. Kehler has resigned from the presidency of the Consolidated Elevator Company, and Vice-President Henry S. Potter has been elected to succeed him. Several changes were also made in the board of directors. All the changes were made Wednesday, but were kept quiet until tonight. Mr. Kehler resigned on account of ill health.

The East St. Louis elevator is now filled, and grain has been pouring into St. Louis in such quantities since the corner began that one after another of the elevators have been opened until the company now has upward of 3,000,000 bushels of grain.

They brought news that 800 men have accepted the offer of the Alaska Commercial Company and the Canadian government to supply them with food free at Fort Yukon, and have gone for it. About thirty men were passed on the train coming out. All were short of provisions and suffering severely, as the cold was ranging from 50 to 70 degrees below zero.

William Terriss, the well-known actor, was assassinated at London last night, being stabbed with a knife as he was entering the stage door of the Adelphi theater. Terriss' assailant is supposed to be a former super. The murderer rushed at the actor as he was stepping across the pavement from his cab, and stabbed him just below the heart. As the actor fell, his murderer was seized by people who were outside the theater.

## A WARLIKE MISSIONARY.

He Didn't Believe in Cursing the Enemy. That the warrior spirit is not confined to soldiers is clearly shown by a story of a missionary chaplain in Natal, Rev. George Smith. Mr. Smith had been temporarily attached to the army for the period of the campaign, and during the whole of the long and fierce Zulu attack right gallantly he played his part in tending the sick, giving aid to the wounded and comforting the dying.

No one had a greater share of danger than he, and no one, says a writer in Blackwood's Magazine, showed a more soldierly example of treating that danger with calm indifference. Not only did he perform the duties of his office, but as every man who could handle a rifle was sorely needed to defend the parapet, Mr. Smith did essential service by going round the various posts and distributing reserve cartridges.

A good story went round the army in South Africa bearing on the spirit of his professional conduct on one occasion.

One of the men, in the heat and excitement of battle, was cursing his enemies and using most profane language. The chaplain, coming behind, heard his words, and said:

"You should not speak like that, my friend. Don't curse them!" Then, showing a packet of cartridges into his hand: "Shoot them! shoot them!"
