BIG DEAL IN WHEAT

Interest in the Coming Event Increasing.

MILLIONS BEHIND YOUNG LEITER

Leiter, Sr., on the Scene—December Market Strong, Despite More Heavy Receipts.

CHICAGO, Dec. 20.—Interest in the big December wheat deal was greatly increased today by the arrival from Washington of Levi Z. Leiter, the millionaire merchant of Chicago, and the substantial admission by him that his millions were at his son's command in his struggles with the other interests.

"My son has plenty of money to pay for what he has purchased," said Leiter sr. "About his wheat operations he has informed me fully. I have been a merchant the greater part of my life, and am much pleased that my son has broadened out into a first-class merchant. Wheat is a first-class commodity of universal use. The quality of the wheat which he has purchased is of the highest, and I am sure will be in demand at a higher price than he paid for it. I am well pleased with the situation."

There was another big increase in the amount of contract wheat in store here today, over half a million barrels being added to the stock. Friday and Saturday nearly 2,500,000 bushels were delivered here, all of which was taken by the Leiter people. At least 3,000,000 bushels more are expected to arrive, and in liquidation of this is expected to come the test of the strength of young Leiter.

The 500,000 bushels delivered today had not the slightest weakening effect on December wheat. On the contrary it sold as high as \$1.02 shortly after the opening.

TO BE RESURRECTED.

Government Will Send the McArthur North.

OAKLAND, Cal., Dec. 20.—The United States geodetic survey ship McArthur has been ordered to Alaska, and with the opening of the spring will head for the Yukon, there to remain until a series of important surveys have been accomplished and a thorough study of the country made. The McArthur lies on the ways at the Hay & Wright shipyards, awaiting repairs, but will soon be ready for active service.

Captain I. W. Helms, in charge of the ship, upon instructions from the navy yard has received bids for towing a small stern-wheel steamer to the mouth of the Yukon, to aid in the surveying work and serve for the navigation of rivers too shallow for the McArthur.

The McArthur will work up the Alaskan coast, taking observations, until the mouth of the Yukon is reached. Then the stern-wheeler will be brought into use, and the crew and officers will go up the Yukon as far as possible, carefully surveying the country and making charts for the new government map of the district.

How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction—Olga, Ind. Ter. Chief.

to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have not yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

ROBBERY ON BOARD A LINER.

Strong Room of the City of Washington Burglarized.

NEW YORK, Dec. 20.—The World says:

The Ward liner City of Washington, that sailed from Vera Cruz December 1st, has arrived in this port, carrying in her strong room \$600,000 in Mexican coin. This was not an unusual large shipment of treasure for the Ward line to handle, and no one in authority dreamed of danger.

Nevertheless, during the voyage, the strong room, built to stand the attacks of almost anything but dynamite, and located so as to be under constant observation, was broken into. Only \$3000 was taken by the robbers, but the general impression is that the scheme of the thieves was to seize the entire treasure.

Every effort has been made to keep the matter quiet so that the strong force of detectives put upon the case by the company might work to the best advantage.

A. G. Smith, the company's secretary, admitted that the robbery had been attempted.

The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians of Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Blakeley & Houghton's drug store.

POLITICS SADLY MIXED.

All Attempts to Form a New Cabinet Have Failed.

VALPARAISO, Dec. 20.—Politics in Chile are sadly mixed. Since the resignation of the cabinet which was due to the coalition of the government liberals, the conservatives and the Balmacedists, there have been several attempts to form a new one, but every effort in this direction has gone for naught.

The coalition of the three parties was based on an agreement to give to each party two members of the cabinet. Senator Ismael Tocornal undertook to form a new ministry but failed, because of the failure of the government liberals

to abide by the agreement, they being willing to give only one member of the cabinet each to the Balmacedists and conservatives.

Then Senator Pedro Montt undertook to form a ministry, but was persona non grata to certain political leaders; therefore he failed. Senator Montt was bitterly attacked by the press, and President Errazuriz was criticised harshly by ever his own organizations, for choosing him. Scheming against the interests of the country was charged, and the president was accused of betraying his party.

The president has had several conferences with the leaders of the three parties, but so far as can be learned, he has arrived at no conclusion as to whom he will select to form his ministry.

A mass meeting of workmen was held here to protest against the president's policy of refusing all offers to build more railway cars and locomotives at home. The speakers demanded that such work be done in order to give employment to those who need it to support themselves and families. A resolution embodying the sense of the meeting was forwarded to the government in Santiago.

After meals you should have simply a feeling of comfort and satisfaction. You should not feel any special indications that digestion is going on. If you do, you have indigestion, which means not-digestion. This may be the beginning of so many dangerous diseases, that it is best to take it in hand at once and treat it with Shaker Digestive Cordial. For you know that indigestion makes poison, which causes pain and sickness. And that Shaker Digestive Cordial helps digestion and cures indigestion. Shaker Digestive Cordial does this by providing the digestive materials in which the sick stomach is wanting. It also tones up and strengthens the digestive organs and makes them perfectly healthy. This is the rationale of its method of cure, as the doctors would say. Sold by druggists, price 10 cents to \$1.00 per bottle.
