## ABOLISHMENT OF TRIBAL COURTS

Enforcement of Uncle Sam's Order to be Resisted--Plot to Destroy Federal Buildings.

CHICAGO, Dec. 21.—A Washington special to the Times-Herald says: Trouble in the Indian Territory is expected by the commissioner of Indian affairs, and by others who are familiar with the present condition of things in that country. On January 1st, the tribal courts will be abolished by an act passed at the last session of congress, and the United States court given full jurisdiction over the territory. In many quarters the officers of the Indian courts have declared that they will forcibly resist all efforts to prevent them from doing business. The United States marshals have given notice that any tribal court attempting to sit, and those assuming to conduct them will be arrested. A delegation of eight Cherokees, seven of them full-bloods, is now in the city. A few days ago they presented a memorial to congress asking that the law be rescinded, but congress has now adjourned without action, and when it again convenes the Indian courts will be out of existence. Meanwhile the subcommittee of the senate committee on Indian affairs, appointed to consider the problems presented in the territory, practically decided to recommend an amendment to the law applying to the apportionment of all lands held by the five civilized tribes among the members of these tribes, and also an amendment providing that all valid leases shall be recognized by the government of the United States and the money paid on account of them covered into the treasury of the United States for the benefit of the various tribes. The Dawes commission has reported its failure to come to any conclusion with the Indians. Such agreements as have been concluded vary so in their provisions, that, in view of the fact that eventually a uniform system of government must be provided for Indian territory, it is questionable whether any of the agreements should be ratified by congress until the desired and necessary uniformity can be reached. Secretary Bliss thinks no government will be satisfactory until congress shall provide for a single uniform system of laws for the Indian Territory that shall place all its inhabitants in possession of the rights of American citizenship.

Fire Destroys Kansas City Auditorium and Hotel.

KANSAS CITY, Dec. 21.—The Auditorium, the largest and finest playhouse west of Chicago, and the Auditorium hotel, one of the most fashionable hostleries in the city, situated at Holmes and Ninth streets, were gutted by fire this morning. The 185 hotel guests escaped in safety, although many of them were compelled to leave the building in their nightclothes. The loss on the entire property, which is owned by Alexander Frazer, a local business man, will aggregate \$450,000; aggregate insurance, \$85,000. Owing to high insurance rate a great deal of insurance had been allowed to lapse. The fire originated in an unoccupied

Malting Company Organized with Sanger at its Head.

MILWAUKEE, Dec. 21.—A project is on foot to organize another malting company in this city which will not be affiliated with the national combine, and which will have a capital of \$125,000. Cornelius Sanger is the promoter of the company, and he said the concern had been practically organized and was now looking about for a site to a large malting-house to be erected. The new company will not be connected with the new trust, but will conduct business independently. Mr. Sanger would not give the names of the other parties who are interested in the project.

### MERCHANTS WATCH THE ORIENT

Crisis There Likely to Stimulate Business Here.

SAN FRANCISCO, Dec. 21.—In mercantile circles much attention is paid to news from the Orient. The intelligence that a Russian fleet occupied Port Arthur, following so closely on the news that Russia had obtained a firm grip on Cere, leads to the belief that active hostilities between the mikado and the czar cannot long be deferred. It is regarded as significant that agents of the Russian empire have recently made extensive purchases of army supplies in the United States for the garrison of Vladivostok. Several days ago a cablegram from Vladivostok was received in this city inviting a number of firms to bid on an immense quantity of provisions. The merchants here anticipate a great demand for provisions to maintain the fleets and armies now assembling in the Orient.

### How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Olagah, Ind. Ter. Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have not yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by Blakeley & Houghton.
