FINAL VOTE THURSDAY

Fate of Teller's Resolution to be Settled Then.

McKENNA'S NOMINATION CONFIRMED

The Day's Doings in Both Branches of the Government—Attack on Secretary Bliss.

WASHINGTON, Jan. 21.—The senate has agreed to vote on the Teller resolution next Thursday, before the adjournment.

WASHINGTON, Jan. 21.—McKenna's nomination has been confirmed.

WASHINGTON, Jan. 21.—The resolution of Allen, of Nebraska, asking the secretary of the interior concerning the dismissal from the pension office of Mrs. Roberts, was laid before the senate.

Gallinger moved to refer the resolution to the committee on civil service and retrenchment. Pending a vote Allen, said he desired to speak briefly on the matter. "I want to say," said Allen "that no self-respecting gentleman would treat a woman as this woman has been treated by the secretary and the commissioner of pensions. If this administration is willing to injure itself in this way, I am willing. If the commissioner desired to displace Mrs. Roberts for some hanger-on, why did he aim a poison dart at her? He must be a coward, indeed, who will make a covert charge against a woman and then refuse to justify it."

The matter was referred to the committee on civil service and retrenchment.

Lodge then moved that the senate go into executive session. Before the motion was put, Vest desired to make a brief statement:

"I gave notice yesterday," said he, that the Teller resolution would be further considered today. Several senators suggested that we let the matter run over till next Tuesday, and that a vote on any amendments be taken at 4 p. m., Wednesday. I wish to say this arrangement is agreeable to me, and, so far as I know, to my colleagues on this side of the chamber."

Turpie, of Indiana, proposed that a final vote be taken on Thursday and this proposition was agreed to.

Perkins, of California, announced that he would call up the pension appropriation bill Monday. Upon Lodge's motion the senate then went into executive session.

The senate devoted its principal attention in executive session today to the nomination of Attorney-General McKenna to be justice of the supreme court. Allen took the floor in continuance of his attack upon the attorney-general. He presented a large number of documents in support of his contention that McKenna was not competent to discharge the duties of the high office of justice of the supreme court of the United States.

WASHINGTON, Jan. 21.—The stormy scenes of the past few days in the house were followed by comparative quiet today. At the opening of the session today a bill was presented to grant the commissioner of Dale county, Ala., the right to construct two bridges across the Chattahoochee river. Under the rules this was private bill day, but Cannon, chairman of the committee on appropriations, antagonized the measure with a motion for consideration of the senate

amendments to the urgent deficiency appropriation. His motion was carried by a vote 125 to 31. The senate Nicaragua canal commission was not concurred in. The main fight came on the senate amendment striking out the provision in the bill requiring the depositors of bullion hereafter to pay the cost of transportation from the assay office to the mint.

The house finally voted to concur in the senate amendment to the urgent deficiency bill, striking out the provision compelling depositors of bullion to pay the cost of transportation from the assay office to the mint.

The house passed the Lacy bill to extend the public land laws to Alaska and grant a general right of way to railroads.

Luetgert on the Stand.

CHICAGO, Jan. 21.—Adolph L. Luetgert went on the witness stand today and told to the jury the story of his doings in his sausage factory on the night of May 1st, in an endeavor to explain the mystery surrounding the disappearance of his wife, for whose murder he is being tried. During the examination, when mention was made of his wife, Luetgert broke down and commenced crying like a child. His attorneys asked for a recess, but Judge Gary refused to allow it, and after a few moments Luetgert regained control of himself.

Household Gods.

The Ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of Throat, Chest and Lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free bottles at Blakeley & Houghton's drug store. 2

Situation Relieved.

SAN FRANCISCO, Jan. 21.—During the past 48 hours seventeen vessels, carrying in the aggregate more than 4,000,000 feet of lumber, have passed in through the Golden Gate. The arrival of so many lumber laden vessels is due wholly to the unprecedented demand for tonnage to engage in the Alaska trade.

The arrival of the fleet relieves to a great extent the situation in the lumber market created by the same demand that will cause the scarcity of lumber-carriers.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the

stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Blakeley & Houghton drug store. 2

WIDOW QUITE PHILOSOPHICAL.

Pastor's Condolences on Her Husband's Death Very Graciously Acknowledged.

A North side Lutheran pastor recently assigned to a fashionable congregation is wondering whether hereafter it will be policy for him to offer condolences when young matrons of his flock lose their husbands, or forever keep his peace. He is very much perturbed over an incident which occurred quite recently, says the Chicago Chronicle.

Some time last summer and before he had been assigned to this particular church the invalid husband of one of his prominent church members went to the far west in the hope that a change of climate might restore him to health. But the rarified atmosphere of the mountains instead of benefiting the invalid, who was a consumptive, rather hastened the progress of the disease and within a very few weeks he died. Last week the young widow returned. What more natural than that the parson should offer his sympathies to the bereaved one.

"You have my sincerest sympathy," he said to the young woman. "But, after all, you have this consolation that the dear one is now past all suffering and probably much happier."

"You are too kind, parson," answered the young widow. "Indeed, he lasted much longer than I thought he would. I expected he would go much sooner. It was a hopeless case."

Such a philosophical view of the case rather startled the good man. It came so unexpectedly that it left him nothing more to say and he beat a hasty retreat as he could.

EYELASHES MADE TO ORDER.

Singular Plan of Operations Adopted by a Chicago Hairdresser.

In a fashionable hairdressing parlor on one of the downtown streets one reads the sign: "Eyelashes made to order."

"I do not know that there is anything particularly novel about it," said the blond young woman who was asked for information. "We have done this sort of work for months."

"And have you many patrons in that line?"

"Not so many as we have in the other branch of our business, the removal of hair or wrinkles by means of electricity, but still we have some."

And then she explained the process of making artificial eyelashes. An exceedingly delicate little instrument is used. It consists of a needle operated through a spring by means of the finger. At one end of the needle a hair is inserted. When the operator is ready to work on the person she takes the eyelid between two fingers of the left hand. The needle is then thrust into the fleshy part of the eyelid as close to the eye as possible and the tiny hairs are actually sewed on.

Eyelashes thus manufactured are warranted to last two weeks without repairs. Of course the process hurts the patient, but what woman will not willingly submit to suffering to retain her beauty and her powers to charm?

Corisca.

According to a British consular report, invalids in search of a winter station might do worse than try the capital of the Island of Corsica. The average temperature is three to four degrees higher than that of the Riviera. Ajaccio, moreover, being thoroughly sheltered by the surrounding mountains and the aspect of the bay being due south, the dreaded "mistral" is unknown. It is admitted, however, that there are some drawbacks. Living in the island is dear, nearly all articles of consumption usually required by foreign residents having to be imported. Altogether, affairs in Corsica do not appear to be in a satisfactory state. The island and its population are described as "eminently poor," and were it not for the assistance bestowed by France the Corsicans would be forced either to starve or bestir themselves—the latter alternative appearing to be one from which they are decidedly averse.

Mourning Color in Brazil.

At the funeral of an unmarried woman in Brazil scarlet is the mourning hue. The coffin, the hearse, the trappings of the horses and the livery of the driver must be scarlet.

When you can not sleep for coughing take Chamberlain's Cough Remedy. It always gives prompt relief. It is most excellent for colds, too, as it aids expectoration, relieves the lungs and prevents any tendency toward pneumonia. For sale by Blakeley & Houghton.
