RESOLUTION OPPOSED

House Committee Against Teller's Resolution.

DINGLEY OPENED THE DEBATE

Vote in Committee to Report Adversely Was Eleven to Five on Strict Party Lines.

WASHINGTON, Jan. 31.—The ways and means committee decided this morning, by a vote of eleven to five, on party lines, to report the Teller resolution for payment of bonds in silver with the recommendation that it be not passed.

The committee met on special call at 10:30 this morning, there being a full attendance, with the exception of McMillin, Democrat, of Tennessee. Chairman Dingley at once brought forward the resolution, and, without discussion, Payne of New York moved that it be reported to the house with the recommendation that it be not passed. Bailey of Texas, in behalf of the Democrats, moved to amend that it be reported with the recommendation that it be passed.

A vote on the Bailey amendment was first taken, resulting in its defeat, by a vote of five to eleven, as follows: Yeas—Bailey, Wheeler, Roberts, McMillin, Swanson, all Democrats; noes—Dingley, Dulzell, Hopkins, Grosvenor, Russell, Dulliver, Steele, Johnson, Payne, Evans and Tawney, all Republicans.

On the Payne motion the previous vote was reversed, all the Republicans voting in the affirmative, and the Democrats in the negative. No amendments were proposed, and no discussion was indulged in as to the program, as Dingley stated that it would depend on the action of the rules committee.

Following the session of the ways and means committee, Speaker Read and his associates on the committee on rules assembled to determine on a course of action. The committee on rules decided to take a final vote on the Teller resolution at 5 o'clock this afternoon. Bailey objected to this but was overruled.

French Sympathy for Cuba.

NEW YORK, Jan. 31.—Dr. Sanchez Agramonte, a general in the Cuban insurgent army, has just arrived from Europe, bringing \$40,000 raised in Paris for the Cuban cause. Dr. Agramonte says that popular sentiment in France is strongly in favor of the success of the Cubans.

"Among the people of all classes," he said, "there is a desire that Cuba be free. The French government is restrained from taking any action in favor of Cuba by the French interest in Spanish bonds."

"A part of my mission abroad was to place before the Red Cross society of the different nations the manner in which our sick and wounded have been treated in Cuba. I sent a manifesto to the Red Cross congress in Vienna and talked with prominent physicians and officials with a view to inducing France and other nations to bring a pressure to bear upon Spain to recognize our Red Cross society in Cuba. All that we want is to have our wounded treated the same as those of other nations."

Dr. Agramonte said that he had been promised the aid of persons of influence, but he did not know whether Spain would grant their requests or not.

Under a Burning Sun.
VANCOUVER, Jan. 31.—The steamer Warimoo, just arrived from Australia,

Royal makes the food pure, wholesome and delicious.

brings news of the most appalling climatic conditions prevailing in many sections of Australia. Prostrations from the heat are so numerous that the condition of affairs in large cities are alarming. In many instances work is out of the question and sleep is impossible. Telegrams show the same conditions prevail all over the colony. The thermometer during the day averages about 124 in the shade. In the sun it is 160.

News comes from all parts of Australia of destruction by flames. It would appear from the press reports that the total damage will amount to £1,000,000. In Victoria colony 100,000 acres have been swept clean and enormous crops have been destroyed. In other colonies houses and barns have been destroyed.

The Senate.

WASHINGTON, Jan. 31.—John McLaurin was sworn in as senator from South Carolina to fill the unexpired term of the late Senator Earle, ending in 1903. Gallinger reported adversely the bill reported by Allen, regarding pensioners.

The senate passed the army appropriation bill and then took up the legislative, executive and judicial appropriation bills.

The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians of Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery

for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Blakeley & Houghton's drug store.

Will Resist the Order.

SAN FRANCISCO, Jan. 31.—The order of Insurance Commissioner Clunie, declaring invalid the bonds of the foreign insurance companies, includes every fire insurance company doing business in the state not incorporated under the laws of California. It leaves the great volume in the hands of two local companies.

The insurance men were all under the impression that their bonds were sufficient and that that the bonds of all insurance men doing business in the state were perfectly good, and will make a hard fight.

Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies and, like the writer, be benefited.—From the Glenville W. Va., Pathfinder. For sale by Blakeley & Houghton.

Fell Dead While Bowling.

BAKER CITY, Jan. 31.—John Mathisen, aged about 40, fell dead while bowling a game of cocked hat. He came from Portland, where his family resides, some months since, and took a contract for the construction of a two story brick building, which he completed on last Saturday.

THE DEATHWATCH.

The Mysterious Sound That Is the Bugbear of Childhood.

In 1863 I had two chums of the name of Seth and Cicero Dodge, who lived down in the forks of Coon, about four miles below us, says a letter in Forest and Stream. The boys were hauling wood to town, and they told me that the woods down in the forks were alive with squirrels, and that if I would go back with them that evening they would get their father to let them have the next day off, and we would have lots of fun. I went home and got my No. 14 muzzle loader, plenty of ammunition and my dog, and went home with them. Father Dodge had built a new frame house, but it was not large enough to accommodate the family and any strangers, so Cicero and I slept out in the old log house. I shall never forget the scare we got that night. As boys will, we lay there a long time discussing the various propositions that suggest themselves to two boy chums who haven't seen each other for some time. Along toward midnight we thought we discovered the presence of somebody under our bed. To make it more certain, we distinctly heard the ticking of his watch. We became uneasy, for the ticking of that watch was regular and incessant. At last Cicero quietly slipped out of bed, went over to the new house and called his father, who came and investigated. Much to our chagrin the old gentleman soon discovered that the cause of our dread and forebodings was only a deathwatch at work in an old log by the side of the bed.

OLDEST RACE NAME.

Distinction Belongs to the Chinese, or Mongolians.

The population of the globe may be said to be primarily divided into three races; the yellow man, the white man and the black man. Any other race, compared with these, is unimportant, and may be considered a modification of one or more of them. Anderson says that "the yellow men have immemorially occupied the great central and north-eastern plains of Eurasia, and are therefore called Mongols or Turan-Chinese. For countless centuries they far outnumbered all the rest of the world, and even now the white men in Asia form only a tenth of the population. From their number, position and other considerations, they appear to have first existed; the other two races being derived from them by emigration, change of climate and mode of living."
