## A VERY BAD BLUNDER

Republicans will Win the Congressional Election.

LONG'S VIEWS OF THE MATTER

Action of the Democrats on the Teller Resolution Liable to Cost Them Extremely Dear.

New York, Feb. 2.—A Washington special says:

The satisfaction of the president and his advisers over the action of congress on the Teller resolution is unmistakably reflected in the reply of Secretary Long to the correspondent of the Tribune, who asked whether it was not probable that the resolution would materially affect the congressional election next fall.

"It seems," said Secretary Long, "as though their own folly has delivered the Democrats into our hands. Had they kept still, the usual reaction which takes place after a presidential election and the certainty that the new tariff had not put a gold spoon in every month, might have given them the next house of representatives. But they have introduced and passed by their majority in the senate a resolution practically favoring a depreciated currency and the free coinage of silver. This resolution was carried in the senate by a Democratic vote. It was carried there by the vote of those states which went for Bryan in the last presidential election. In the house, in which there is a Republican majority of fifty, it was overwhelmed by practically a solid Republican vote. The result is that we shall go to the country next fall in the congressional election upon a square issue between a sound currency and a depreciated one.

"The signs all are that under the new tariff the revenues are increasing so that they will exceed the expenditures; that our industries are reviving; and that everyone of them which has been protected by the new tariff is enlarging its output and paving the way to an increase of wages, the only exception being the cotton industry, in nearly all of the schedules relating to which no change has been made.

"Yet even at this prospect as to our increased revenues and improving industries, the chances of Republican success has been tremendously enhanced by this new phase of the currency issue."

### FIVE BELOW ZERO.

The Thermometer at New York Had Reached this Mark Yesterday.

New York, Feb. 2.—This is the coldest day of the season. At 8 o'clock this morning the thermometer registered five degrees below zero. East and North rivers are full of ice and navigation is much impeded. Surface and elevated railroads run behind time and local traffic is considerably congested. The Third-avenue cable broke down.

Telegraphic communication is to be had as far as Newton, eight miles from Boston, and it is expected the wires will be working into Boston this afternoon. Providence is still unconnected by wire with the outside world.

At the hospitals in this city there are many cases of frozen feet, fingers and limbs, and surgeons are kept busy fixing bones broken by falling on slippery streets. The weather forecaster predicts for tomorrow warmer weather, with snow.

caused by the great storm which swept a great part of New England Monday night and yesterday will amount to more than was first thought. In this city alone it is estimated that the loss will amount to over \$1,000,000. The Boston Elevated Railroad Company lost about \$225,000 by the storm. Today the company has nearly 7500 men at work clearing the tracks.

Reports of stranded vessels along the coast continue to come in, and it is thought at least fifteen lives were lost by wrecks at various points. The loss to the smaller fishing craft of Gloucester and vicinity is particularly heavy.

The feature of the storm was the large number of fires in the city and surrounding towns while it was at its height. The weather is fine today, and by tonight it is expected most of the transportation lines will be in regular operation.

The Shakers of Mount Lebanon, a community of simple, honest, God-fearing men and women, have prepared the Shaker Digestive Cordial for many years, and it is always the same, simple, honest, curative medicine that has helped to make the Shakers the healthy, long-lived people that they are. The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.

### The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians of Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Blakeley & Houghton's drug store.

### The Day in the Senate.

WASHINGTON, Feb. 2.—In the senate today Hawley secured the adoption of a resolution instructing the secretary of the interior to furnish the senate with information relative to the cost and influence of the education of Indian children at the Indian schools.

At 12:25 the vice-president laid before the senate Pettigrew's resolution declaring it to be opposed to the policy of the United States to acquire territory, to defend which a navy would be required. Hale moved that the senate discuss the subject in executive session. The Hale motion prevailed.

### The House.

WASHINGTON, Feb. 2.—At the opening of the house today Crow of Pennsylvania, Republican, asked unanimous consent for consideration of the resolution directing the secretary of war to issue medals to 530 Pennsylvania soldiers who belonged to the command which passed through the mob at Baltimore, April 13, 1861, and who received the thanks of congress July 22, 1861. Hull, chairman of the committee on foreign affairs, objected. Several other requests for unanimous consent met with a similar fate.

The army appropriation was sent to conference, Hull of Iowa, Republican, Marsh of Illinois, Republican, and Cox of Tennessee, Democrat, being appointed conferees. The house then went into committee of the whole and resumed consideration of the District of Columbia appropriation bill.
