## The Dalles Daily Chronicle.

MONDAY FEBRUARY 7, 1898

### WAYSIDE GLEANINGS.

Weather—Tonight and Tuesday, rain and cooler.

The roadbed of the railway from Aberdeen to Hoquiam has been completed.

Try our one pound squares "Queen Brand" butter, at Dalles Commission & Grocery Co.

A new Populist paper, The Independent, made its first appearance at Montesano Wednesday.

Haystack valley, which seldom experiences snowfall, was visited with five inches a few days ago.

The Methodists at Ilwaco have lately been having a revival and 35 persons are said to have been converted.

Smoke the popular brands, Prize Medal, Rose Queen and Guarantee. For sale by all first-class dealers.

The total receipts at the Chehalis post-office last year amounted to \$3787, as compared with \$3628 in 1896.

When you see a good thing push it along. Therefore call for the Prize Medal and Rose Queen cigars.

Reports from the John Day valley state that all kinds of stock is going through the winter in fine shape.

The Spokane board of fire underwriters will present a well-signed petition to the city council, asking that the fire department be increased.

The cigars manufactured by S. F. Fouts are all high grade goods, and are placed before the smoking public entirely on their merits.

The Tacoma council has practically abolished the position of city electrician. An ordinance was passed Saturday night cutting off the salary.

The Seattle city council Thursday afternoon decided to postpone indefinitely the matter of exacting license from foreigners soliciting trade there.

The foghorn, boilers and engine at the Westport lighthouse, at the entrance to Gray's harbor, are in place, and nearly everything ready for the lighting.

A cannon weighing twelve tons passed through this city this morning. It is from Pennsylvania and is on its way to be mounted at Fort Stevens, near Astoria.

The checks for a dividend of twenty per cent for the Dalles National Bank, arrived today. This is the third dividend, amounting on the whole seventy per cent.

The Pacific sheet metal works, with headquarters at San Francisco, has ordered the necessary machinery for a branch factory, to be established at Whatcom.

A meeting of the executive committee of the Sheep Growers' Association will meet in the club rooms at 7:30 this evening. The chairman of the other

committees are also requested to be present as matters of importance will be considered.

Mr. Geo. W. Rowland, who has been ailing for some time, and recently suffered a stroke of apoplexy, we learn was much worse last night. However, his physician pronounced a slight improvement in his condition today, and his friends are more hopeful.

A splendid practice game was played by the Dalles football team yesterday at the fair grounds. The team is in fine shape, and will put up a strong game. Their signals are perfect, and they will undoubtedly make it lively for any team that condescends to meet them.

The official scores at the Umatilla House alleys for the week ending Feb. 7th, were as follows: Monday, C. Johnson 64; Tuesday, Maetz 64; Wednesday, L. Comini 55; Thursday, F. Pundt 56; Friday, C. Johnson 58; Saturday, C. Groehler 58; Sunday, C. Frank 63, and House 92.

The gang of Japs who were engaged in the construction work near this place, were sent to Cascade Locks yesterday to do some work repairing the track at that place. Their removal will knock the bottom out of the rumor that was afloat, that they were going to work sinking a shaft for the newly discovered coal mines.

In a short time men will be put to work tearing down the old bridge across Mill creek basin. Much of the lumber in this structure is almost as good as new and will be used for other purposes, most probably for the O. R. & N. incline to the new wharf, which that company propose building in a short time. As the pile driver crew have a considerable amount of work to do, they will not be back to begin this work before the first of March.

During the past week some remarkable scores were made at the club alleys. On Monday Mr. Blakeley, who has the reputation of being a good roller, held the board with the unprecedented score of 14. On Tuesday Judge Bradshaw, one of the best rollers in the club, scored 15, which was also placed on record. The high scores are: Wednesday, Mrs. Theo. Seufert 54; Thursday, Tolmie 52; Friday, Stephens 59; Saturday, P. DeHuff 62; Sunday, Tolmie 59.

An interesting Populist meeting was held in the court house Saturday evening. H. S. Turner, of Dufur, presided, and a number of speeches were made. After the Populists had finished the business of the evening the bi-metallic league met and transacted business. Mr. Turner remained in the chair for both meetings. At present it seems that the Silver Republicans, Populists and Democrats have virtually agreed to unite. This will be more fully determined at the regular convention.

Elmer Green who was arrested last Saturday by Sheriff Driver in Portland, had his preliminary hearing before Recorder Sinnott this afternoon. He is charged with burglary of tools from the cannery of Everding and Farrell, in this

city. A. A. Jayne appeared for the prosecution. Green waived examination and bound was over to appear before the grand jury under \$200 bonds. In default of the bonds he will probably have to spend the time in jail. He is the man who came here with Harry Hesse, the outlaw who was shot by the officers in this city, and is an unfortunate opium fiend.

A large audience attended the Congregational church last night to listen to a sermon by Rev. Curtis which had been delivered some Sundays since, and was repeated by request. The subject was "Deal Fairly With Thy Master," and the discourse was one which none who heard can well forget. He made a touching appeal to his listeners to deal fairly with their Master, and themselves as well. The rapt attention which the audience gave, and the silence which followed as Mrs. B. S. Huntington sang, in her sweet, expressive manner, the solo "What Wilt Thou Do?" was evidence of the deep feeling which pervaded the audience.

Another rich gold discovery has been made at the head of Spanish Gulch, in Grant county. In one week the lucky discoverer took out \$1800. All that can be said about the location of the claim, is it is near the head of Spanish Gulch, as its discoverer will not tell the location. It is now a settled fact that there are Klondikes right here in Oregon, and if the many who are going on wild goose chase to the land of snow and ice would remain here and prospect our own state this fact would demonstrate to a certainty. Should those mines prove as they are said to be, it will be a windfall to The Dalles, as it will be the great outfitting point for that section.

### Mr. Fritz' Funeral.

The funeral of the late Jacob Fritz took place from the Catholic church at 10 a. m. today, and the large number of friends present showed in what high esteem the aged townsman was held. The G. A. R., of which Mr. Fritz was a member, marched in a body from their hall to the church, and were present at the funeral services, which were conducted by Rev. F. Bronsgeest, who delivered an extended and very appropriate address. The services being over at the church, the funeral procession wound its way to the Catholic cemetery, where all that was mortal of Jacob Fritz was laid to rest with military honors.

The pall bearers were selected from among the old friends of the deceased and members of the G. A. R., and were Robert Mays, J. Doherty, E. P. Fitzgerald, C. C. Hobart, J. Marden and M. T. Nolan.

Had it not been that many were kept away by business, which could not be left, the church would have been filled to overflowing. As it was, the funeral was well attended, for Mr. Fritz' friends are legion, and all were anxious to show their esteem for so good a friend, so kind a neighbor, so brave a veteran, and so true a gentleman.

### G. A. R. ENCAMPMENT.

Committees for the Grand Army Encampment, April 19, 20 and 21.

In view of the fact that the state encampment of the Grand Army of the Republic will be held in The Dalles on April 19, 20, and 21st, the following committees have been appointed:

Executive—J W Lewis, C H Brown, T J Lynch, of the G A R. C W Dietzel, C F Stephens, R Mays, A S Mac Allister, of the D C & A Club. Mrs. Varney, Mrs Kelsay, Mrs C F Stephens, of W R C.

Ways and Means—W S Meyers, of the G A R. I J Norman, N Whealdon, J C Hostettler, of the D C & A C. Mrs Ulrich, Mrs Patterson, Mrs Nichols, of the W R C.

Decoration—F T Esping, C H Brown, R L Aiken, of the G A R. H W French, P W DeHuff, of the D C & A C. Mrs Stephens, Mrs Learned, Mrs Bunch, Mrs Joles, Mrs Dufur, of the W R C.

Reception—D J Cooper, T P Crum, J R Warner, J M Patterson, W A Madron, of the G A R. B S Huntington, E Jacobsen, A M Kelsay, C W Dietzel, F Menefee, H H Riddell, of the D C & A C. Mrs Varney, Mrs Learned, Mrs Briggs, Mrs Myers, Mrs Lewis, Mrs Patterson, Mrs Nichols, Mrs Parent, Mrs Dufur, of the W R C.

Entertainment, Music and Program—T J Lynch, J W Lewis, of the G A R. O D Doane, C J Crandall, R G Davenport, N J Sinnott, of the D C & A C. Mrs. Patterson, Mrs Varney, Mrs Barnett, Mrs Stephens, of the W R C.

Accommodator—Mrs Nichols, Mrs Ulrich, Mrs Kelsay, Mrs Grimes, W R C. The executive committee will be called together in a few days.

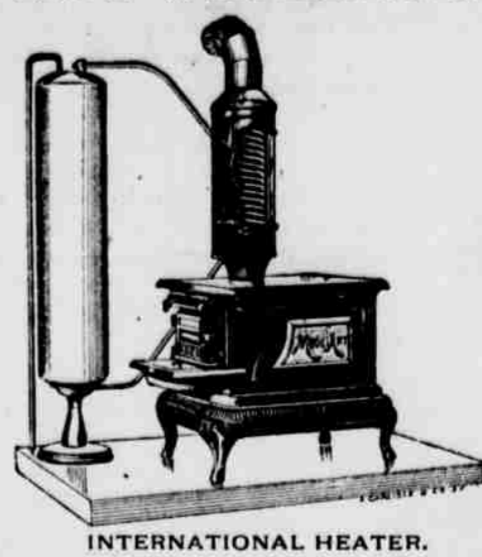

### ARE YOU TO LIVE IN ALASKA?

Some Requirements that will be Found Indispensable.

The universal article of diet in that country, depended upon and indispensable, is bread or biscuit. And to make the bread and biscuit, either in the camp or upon the trail, yeast cannot be used—it must be baking powder; and the powder manufactured by the processes of the Royal Baking Powder, miners and prospectors have learned, is the only one which will stand in that peculiar climate of cold and dampness and raise bread and biscuits satisfactorily.

These facts are very important for every one proposing to go to Alaska and the Yukon country to know, for should he be persuaded by some out-fitter to take one of the cheap brands of baking powder, it will cost just as much to transport it, and then when he opens it for use, after all his labor in packing it over the long and difficult route, he will find a solid caked mass or a lot of spoiled powder, with no strength and useless. Such a mistake might lead to the most serious results. Alaska is no place in which to experiment in food, or try to economize with your stomach. For use in such a climate, and under the trying and fatiguing conditions of life and labor in that country, everything must be the

best and most useful, and above all its imperative that all food supplies shall have perfect keeping qualities. It is absurd to convey over such difficult and expensive routes an article that will deteriorate in transit, or that will be found when required for use to have lost a great part of its value.

There is no better guide to follow in these matters than the advice of those who have gone through similar experience. Mr. McQuesten, who is called "the father of Alaska," after an experience of years upon the trail, in the camp, and in the use of every kind of supply, says: "We find in Alaska that the importance of a proper kind of baking powder cannot be overestimated. A miner with a can of bad baking powder is almost helpless in Alaska. We have tried all sorts, and have been obliged to settle down to use nothing but the Royal. It is stronger and carries further, but above all things, it is the only powder that will endure the severe climatic changes of the arctic region."

It is for the same reasons that the U. S. government in its relief expeditions, and Peary, the famous arctic traveler, have carried the Royal Baking Powder exclusively.

The Royal Baking Powder will not cake nor lose its strength either on board ship or in damp climates, and is the most highly concentrated and efficient of leavening agents. Hence it is indispensable to every Alaskan outfit. It can be had of any of the trading companies in Alaska, but should the miner procure his supplies before leaving, he should resist every attempt of the out-fitter to palm off upon him any of the other brands of baking powder, for they will spoil and prove the cause of great disappointment and trouble.
