Revolution Element in Nicaragua Preparing.

ALL ACTION HAS BEEN SUSPENDED

Upon Its Attitude Probably Depends Fate of Several Chinese Ports.

New York, Feb. 7.—"The United States is more of a factor in the game of international politics which is now in progress over affairs in the east than is generally understood. All the great European powers are seeking to ascertain the attitude of this country in the great eastern problem, and until that is known there will be no move on the national chessboard. This country thus has a commanding position in the big fight that is going on, and by shrewd diplomacy ought to be able to obtain almost any concessions in the east that are desired."

These remarks were made to the Washington correspondent of the Herald last night by one of the oldest members of the diplomatic corps in Washington, a man whose country occupies a neutral position in regard to the eastern question, during the course of an interview on the general situation as he views it through unbiased spectacles.

"There can be no doubt," this diplomat continued, "that the great European powers are planning for further acquisitions of territory in the east. How much farther they will go depends in a large

measure upon the position of this country. It is a contest on one side between Russia, Germany and France to secure a distinct assurance that the United States will not concern itself about the opening up of any more new ports by foreign countries, and England and Japan on the other hand to protest against a policy which will give any nation or group of nations superior rights in any Chinese port.

"The head and center of the fight is just at present right here in Washington and it will become more exciting on the arrival of the new Russian ambassador. Until his arrival you need not look for any new move on the part of Russia in the east."

"The action of Russia in raising the legation in this city to an embassy and transferring to this post Count Casini direct from China, is, to my mind, very significant. He will come here prepared to explain in detail the exact state of affairs in China and with instructions to not only sound the United States on its position in the matter, but to make advances looking to an understanding which will give this country almost anything that may be desired in a commercial way in return for moral support in favor of the schemes of those countries which have arrayed themselves against England and Japan in the Orient."

The Shakers of Mount Lebanon, a community of simple, honest, God-fearing men and women, have prepared the Shaker Digestive Cordial for many years, and it is always the same, simple, honest, curative medicine that has helped to make the Shakers the healthy, long-

lived people that they are. The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Indigestion is caused by the stomach glands not supplying enough digestive juice. Shaker Digestive Cordial supplies what's wanting. Shaker Digestive Cordial invigorates the stomach and all its glands so that after awhile they don't need help. As evidence of the honesty of Shaker Digestive Cordial, the formula is printed on every bottle. Sold by druggists, price 10 cents to \$1.00 per bottle.

War is Imminent.

NEW YORK, Feb. 7.—A letter dated San Jose, Costa Rica, a week ago, states that there will soon be a revolution in Nicaragua, and asserting that Costa Rica is backing the movement, says the Panama correspondent of the Herald. The revolution in Nicaragua will be a great setback to the work of the United States canal commission. Nicaragua exiles in this city are jubilant at the outbreak, and predict that President Zelaya, although successful in crushing in his four years of office many revolutions, will have to fall.

This movement is a result of a fusion of the conservative party with the dissident conservative element. It is learned here that Dr. Adams Cardenas, who was president of Nicaragua from 1883 to 1887, is at the head of a band which invaded San Juan del Sur from the Costa Rica frontier. The junta refuses at present to disclose its plans, but says that the rebels are well supplied with arms and money. Members of the junta will probably leave here for Salvador on February 10th.

Even this country is favorable to the cause of the rebels. A large number of Nicaragua exiles in Salvador are ready to join the revolution. Honduras in

return for Nicaragua's aid in putting down the Puerto Cortez uprising, headed by Enrique Solo, recently, will support President Zelaya, but he is not expected to get any comfort from Salvador.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY, & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Cubans Wreck a Train.

HAVANA, Feb. 7.—The insurgents dynamited a train in the province of Santiago de Cuba, destroying a first-class passenger car and another car loaded with cattle. Five passengers were killed and thirty-seven wounded. The Spanish version of the affair adds that the insurgents afterward attacked the train, but were repulsed by the fire of an escort until the arrival of reinforcements.
